**The Heart Is a Lonely Hunter / Reflections in a Golden Eye / The Ballad of the Sad Café / The Member of the Wedding / Clock Without Hands** *Library of America*

When *The Heart Is a Lonely Hunter* was published in 1940, Carson McCullers was instantly recognized as one of the most promising writers of her generation. The novels that followed established her as a master of Southern Gothic. This Library of America volume collects McCullers's complete novels for the first time in a

single-volume edition that reveals the power and breadth of her haunting vision. "McCullers's gift," writes Joyce Carol Oates, "was to evoke, through an accumulation of images and musically repeated phrases, the singularity of experience, not to pass judgment on it." McCullers effortlessly conveyed the raw anguish of her characters and the weird beauty of their perceptions. Set in small Georgia towns that are at once precisely observed and mythically resonant, McCullers's novels explore the strange, sometimes grotesque inner lives of characters who are often marginal and misunderstood. Above all, McCullers possessed an unmatched ability to capture the bewilderment and fragile wonder of adolescence. In *The Heart Is a Lonely Hunter* (1940), one of the most

extraordinary debuts in modern American literature, an enigmatic deaf-mute draws out the haunted confessions of an itinerant worker, a young girl, a doctor, and a widowed owner of a small-town café. The disfiguring violence of desire is explored with shocking intensity in two shorter works, *Reflections in a Golden Eye* (1941) and *The Ballad of the Sad Café* (1943). *The Member of the Wedding* (1946), thought by many to be McCullers's masterpiece, hauntingly depicts a young girl's fascination with her brother's wedding. In 13-year-old Frankie Addams, confused, easily wounded, yet determined to survive, McCullers created her most indelible protagonist. *Clock Without Hands* (1960), her final novel, was completed against great odds in the midst of tremendous

physical suffering. Set against the background of court-ordered school integration, it contains some of McCullers's most forceful social criticism. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

### **Clock Without Hands**

### **A Novel** *HMH*

An “impeccable” novel about race relations and responsibility set in the civil-rights-era South, by the author of *The Heart Is a Lonely Hunter* (The Atlantic Monthly). In a small Georgia town, pharmacist J. S. Malone, diagnosed with leukemia, is given a mere year to live—and a lifetime’s worth of regret over years and opportunities wasted. Meanwhile, Judge Clane, still reeling from the suicide of his son, looks for meaning in the past and judgment in the present. Clane’s grandson, Jester, seeks identity in the wake of his father’s selfish act. And all three of them find their stories inexorably bound together as Sherman Pew, a young black man with blue eyes, looking to uncover the truth about his parentage, moves into a white

neighborhood, thus upsetting the fragile balance of the town. “One of the few first-rate novelists of our time,” Carson McCullers deftly weaves a story of life and death, love and hate, progress and stagnation, a brilliant examination of the universal human experiences that at once bind us together and tear us apart (Kirkus Reviews).

#### **The Lonely Heart of Maybelle Lane** *Yearling*

Maybelle Lane is looking for her father, but on the road to Nashville she finds so much more: courage, brains, heart--and true friends. Eleven-year-old Maybelle Lane collects sounds. She records the Louisiana crickets chirping, Momma strumming her guitar, their broken trailer door squeaking. But the crown jewel of her collection is a sound she didn't collect herself: an old recording of her daddy's warm-sunshine laugh, saved on an old phone's voicemail. It's the only thing she has of his, and the only thing she knows about him. Until the day she

hears that laugh--his laugh--pouring out of the car radio. Going against Momma's wishes, Maybelle starts listening to her radio DJ daddy's new show, drinking in every word like a plant leaning toward the sun. When he announces he'll be the judge of a singing contest in Nashville, she signs up. What better way to meet than to stand before him and sing with all her heart? But the road to Nashville is bumpy. Her starch-stiff neighbor Mrs. Boggs offers to drive her in her RV. And a bully of a boy from the trailer park hitches a ride, too. These are not the people May would have chosen to help her, but it turns out they're searching for things as well. And the journey will mold them into the best kind of family--the kind you choose for yourself.

### **The Mere Wife**

#### **A Novel *MCD***

New York Times bestselling author Maria Dahvana Headley presents a modern retelling of the literary classic *Beowulf*, set in American suburbia as two mothers—a housewife and a battle-hardened veteran—fight to protect those they love in *The Mere Wife*. From the perspective of those who live in Herot Hall, the suburb is a paradise. Picket fences divide buildings—high and gabled—and the community is entirely self-sustaining. Each house has its own fireplace, each fireplace is fitted with a

container of lighter fluid, and outside—in lawns and on playgrounds—wildflowers seed themselves in neat rows. But for those who live surreptitiously along Herot Hall's periphery, the subdivision is a fortress guarded by an intense network of gates, surveillance cameras, and motion-activated lights. For Willa, the wife of Roger Herot (heir of Herot Hall), life moves at a charmingly slow pace. She flits between mommy groups, playdates, cocktail hour, and dinner parties, always with her son, Dylan, in tow. Meanwhile, in a cave in the mountains just beyond the limits of Herot Hall lives Gren, short for Grendel, as well as his mother, Dana, a former soldier who gave birth as if by chance. Dana didn't want Gren, didn't plan Gren, and doesn't know how she got Gren, but

when she returned from war, there he was. When Gren, unaware of the borders erected to keep him at bay, ventures into Herot Hall and runs off with Dylan, Dana's and Willa's worlds collide.

### **The Heart is a Lonely Hunter**

When she was only twenty-three, Carson McCullers's first novel created a literary sensation. She was very special, one of America's superlative writers who conjures up a vision of existence as terrible as it is real, who takes us on shattering voyages into the depths of the spiritual isolation that underlies the human condition. This novel is the work of a supreme artist, Carson McCullers's enduring masterpiece. The heroine is the strange young girl, Mick Kelly. The setting is a small Southern town, the

cosmos universal and eternal. The characters are the damned, the voiceless, the rejected. Some fight their loneliness with violence and depravity, Some with sex or drink, and some -- like Mick -- with a quiet, intensely personal search for beauty. "From the Paperback edition."

## The Lonely Hunter

### How Our Search for Love Is Broken: A Memoir *Dial Press*

When can we say we'll be single forever—and that's okay? One woman questions our society's pathologizing of loneliness in this crackling, incisive blend of memoir and cultural reporting. "The Lonely Hunter challenged everything I assumed about the nature of loneliness and what it means to lead an authentic life."—Doree Shafrir, author of *Thanks for Waiting* and *Startup: A Novel* ONE OF THE MOST ANTICIPATED BOOKS OF 2022—*Cosmopolitan*, *She Reads One* evening, thirtysomething writer Aimée Lutkin found herself at a dinner party

surrounded by couples. When the conversation turned to her love life, Lutkin stated simply, “I don’t really know if I’m going to date anyone ever again. Some people are just alone forever.” Her friends rushed to assure her that love comes when you least expect it and to make recommendations for new dating apps. But Lutkin wondered, Why, when there are more unmarried adults than ever before, is there so much pressure to couple up? Why does everyone treat me as though my real life won’t start until I find a partner? Isn’t this my real life, the one I’m living right now? Is there something wrong with me, or is there something wrong with our culture? Over the course of the next year, Lutkin set out to answer these questions and to see if there really was some trick to escaping

loneliness. She went on hundreds of dates; read the sociologists, authors, and relationship experts exploring singlehood and loneliness; dove into the wellness industrial complex; tossed it all aside to binge-watch Netflix and eat nachos; and probed the capitalist structures that make alternative family arrangements nearly impossible. Chock-full of razor-sharp observations and poignant moments of vulnerability, *The Lonely Hunter* is a stirring account of one woman’s experience of being alone and a revealing exposé of our culture’s deep biases against the uncoupled. Blazingly smart, insightful, and full of heart, this is a book for anyone determined to make, follow, and break their own rules.

## America Calling

### **A Foreign Student in a Country of Possibility** *She Writes Press*

Growing up in middle-class India, Rajika Bhandari has seen generations of her family look westward, where an

American education means status and success. But she resists the lure of America because those who left never return—they all become flies trapped in honey in a land of opportunity. As a young woman, however, she finds herself heading to a US university to study, following her heart and a relationship. When that relationship ends and she fails in her attempt to move back to India as a foreign-educated woman, she returns to the US and finds herself in a job where the personal is political and professional: she is immersed in the lives of international students who come to America from over 200 countries, the universities that attract them, and the tangled web of immigration that a student must navigate. An unflinching and insightful

narrative that explores the global appeal of a Made in America education that is a bridge to America's successful past and to its future, *America Calling* is both a deeply personal story of Bhandari's search for her place and voice, and an incisive analysis of America's relationship with the rest of the world through the most powerful tool of diplomacy: education. At a time of growing nationalism, a turning inward, and fear of the "other," *America Calling* is ultimately a call to action to keep America's borders—and minds—open.

**The Heart is a Lonely Hunter**

**An Introduction**

**Lonely in the Heart of the World** *Logosophia, LLC*

Fiction. It begins with the unseen princess—named Lonely by the wind—of a City whose people have forgotten their

bodies, hearts, and souls; as she escapes from her illusory tower to search for the mysterious prince who never showed up. Guided in her journey by wilderness outcasts, gods, and wise animals, she gradually becomes human; discovering her first desire with a tortured dragon god of the desert, and awakening to the cycles of earth and family on a humble mountain farm. At last she soars to spiritual heights with her ghost-prince above the clouds, only to lose him again, falling backward into the painful truth of her own past as the polluted river goddess carries her to the City at the Heart of the World. Long ago, Lonely's own father built the City on top of a mystical swamp, displacing her prince's people and forcing them to transform into shape-shifting dream

gods. Now her search for her beloved intertwines with that of the dragon god, a seductive huntress haunted by her past, an abused child who in her madness hides her soul in the form of a unicorn, and the witch who cursed Lonely but who paradoxically holds the key to her salvation. Battling the inner demons of rage and pain, all must find the courage to reclaim their own identities, wildness, and divinity in order to save the City and themselves from cataclysmic destruction. "LONELY IN THE HEART OF THE WORLD is an ancient mystery tour into our connected future. Mindi Meltz explores the deep nature of the City that is build upon the heart of the world. She decries the establishment of that City through resource extraction, alienation and brute force, but then

provides some keys to understanding the spirits and gods that animate the City, hints at what came before it, and strives to discover what lies beyond it. Lonely's quest is a poetic initiatory journey of a woman discovering the true world and her own place among the gods of our connected world. Lonely struggles with the dangers and consequences of abandoning the ancient rites and Mysteries. She finds her way to the power of love in an attempt to heal herself, and then her world. Lonely's journey is our collective story."—Donald P. Dulchinos

### **The Heart Is a Lonely Hunter**

When she was only twenty-three, Carson McCullers's first novel created a literary sensation. She was very special, one of

America's superlative writers who conjures up a vision of existence as terrible as it is real, who takes us on shattering voyages into the depths of the spiritual isolation that underlies the human condition. This novel is the work of a supreme artist, Carson McCullers's enduring masterpiece. The heroine is the strange young girl, Mick Kelly. The setting is a small Southern town, the cosmos universal and eternal. The characters are the damned, the voiceless, the rejected. Some fight their loneliness with violence and depravity, Some with sex or drink, and some -- like Mick -- with a quiet, intensely personal search for beauty. "From the Paperback edition."

### **The Unfinished Autobiography of Carson McCullers**

MORE THAN THIRTY YEARS AFTER IT WAS written, the autobiography of Carson McCullers, *Illumination and Night Glare*, will be published for the first time. McCullers -- one of the most gifted writers of her generation, author of *The Member of the Wedding*, *Reflections in a Golden Eye*, and "The Ballad of the Sad Cafe" -- died of a stroke at the age of fifty before finishing this, her last manuscript. Editor Carlos L. Dews has faithfully brought her story back to life,

complete with never-before-published letters between McCullers and her husband Reeves, and an outline of her most famous novel, *The Heart Is a Lonely Hunter*. Looking back over her life from a precocious childhood in Georgia to her painful decline after a series of crippling strokes, McCullers offers poignant and unabashed remembrances of her early writing success, her family attachments, a troubled marriage, friendships with literary and film luminaries (Gypsy Rose Lee, Richard Wright, Isak Dinesen, John Huston, Marilyn Monroe), and her intense relationships with the important women in her life. When she was interviewed by Rex Reed in the Plaza Hotel on her final birthday, McCullers revealed her reason for writing an autobiography: "I think it is

important for future generations of students to know why I did certain things, but it is also important for myself. I became an established literary figure overnight, and I was much too young to understand what happened to me or the responsibility it entailed. I was a bit of a holy terror. That, combined with all my illnesses, nearly destroyed me. Perhaps if I trace and preserve for other generations the effect this success had on me it will prepare future artists to accept it better".

woman's husband--Harold Radcliffe--of foul play. Amelie refuses to believe that Harold is capable of such violence but agrees to help, imagining it will be like one of her favorite mystery novels. Her social connections and clever observations prove an asset to the case, and Amelie is determined to prove Mr. Radcliffe's innocence.
