The Little Book of Big Lies

A Journey into Inner Fitness *HarperCollins*

An inspiring and illuminating guide to true self care, from the sage teacher and breakout star of the critically acclaimed drama, *Queen Sugar*, from Executive Producers Oprah Winfrey and Ava DuVernay for OWN. Featured on *Essence Magazine's* Culture List. In all your years of schooling, did you ever take a single class that explained how to navigate the hurt, drama, and fear that come with living? Tina Lifford sure didn't. She learned the hard way—through experience as both a Hollywood actress and as the founder of the personal development network The Inner Fitness Project. Now, she brings together her own hard-won insights as well as those of her clients in this helpful and transformative guide. A blend of personal anecdotes and meaningful, practical—and most important, actionable—advice, The Little Book of Big Lies is the life skills class you need to nurture the

inner you and move beyond the past. In fourteen raw, personal stories, Tina teaches you how to change your self-perception—to see yourself in the best possible light, to love and honor what you see, and to forge a new sense of what's possible in every aspect of your life. But make no mistake, The Little Book of Big Lies is not a “rah-rah” quick fix for fear and pain. Like physical fitness, building and maintaining emotional strength requires continued effort. This invaluable book is the foundation you need to start building inner health and well-being so you can thrive. Tina guides you on a journey of self-discovery that will help you turn shame into self-acceptance, self-rejection into self-love, blame into freedom, and old hurt into power. Wise and powerful, The Little Book of Big Lies will completely change how you think and live.

The Little Book of Big Change

The No-Willpower Approach to Breaking Any Habit *New Harbinger Publications*

Little changes can make a big, big difference! In The Little Book of Big Change, psychologist Amy Johnson shows you how to rewire your brain and overcome your bad habits—once and for all. No matter what your bad habit is, you have the power to change it. Drawing on a powerful combination of neuroscience and spirituality, this book will show you that you are not your habits. Rather, your habits and addictions are the result of simple brain wiring that is easily reversed. By learning to stop bad habits at the source, you will take charge of your habits and addictions for good. Anything done repeatedly has the potential to form neural circuitry in the brain. In this light, habits and addictions are impersonal brain wiring problems that result from taking your habitual thinking as truth, and acting on that thinking in the form of doing your habit—over and over. This book offers a number of small changes you can make in your everyday life that will help you stop your bad habit in its tracks. If you want to understand the science behind your habit, make the decision to end it, and commit to real, lasting change, this book will help you to finally take charge of your life—once and for all.

The Little Book of Big F*#k Ups

220 of History's Most-Regrettable Moments *Simon and Schuster*

From the Donner party to the sinking of the RMS "Titanic," this little book shows that some people's faux pas are worse--way, way worse--than others.

The Little Book of Big History

The Story of Life, the Universe and Everything *Michael O'Mara Books*

From the Big Bang to the future of our planet, The Little Book of Big History divides history into manageable but comprehensive time frames, encompassing the cosmos, the stars, life and everything in between. Big History is the attempt to understand and condense the entire story of the cosmos, from the Big Bang to the current day. Combining methods from history, astronomy, physics and biology to draw together the big story arcs of how the universe was created, why planets formed and how life developed, this creates a unique perspective from which to understand the place of mankind in the universe. Excited by the alternative 'framework for all knowledge' that is offered by this approach, Bill Gates is funding the Big History Project, which aims to bring the subject to a wider audience around the world. The Little Book of Big History breaks down the main themes of Big

History into highly informative and accessible parts for all readers to enjoy. By giving a truly complete timeline of world events, this book shines a whole different light on history as we learned it and makes us think of our history - and our future - in a very different way.

The Little Book of Big Feelings

An Illustrated Exploration of Life's Many Emotions *Adams Media*

From the author of the popular Introvert Doodles and Kind of Coping, Maureen "Marzi" Wilson is tackling all kinds of big feelings with over 175 relatable, supportive, and light-hearted comics in her signature style. We've been conditioned to think that the most acceptable response to "How are you?" is, "I'm fine." But our emotions are much more complicated than that! Sometimes we feel a little annoyed, or elated, or afraid. And you know, that's okay! In The Little Book of Big Feelings, Maureen "Marzi" Wilson takes us on a journey of self-acceptance and validation. After all, our emotions are only reactions to experiences that we can learn from; there's no such thing as a "bad" emotion. It's okay to be scared, it's alright to feel hopeful, and it's perfectly fine to feel both at the same time. There is a wide range of human emotions, and it's time we start embracing each one!

Because You Are Mine Part I

Because You Tempt Me *Penguin*

THE NEW YORK TIMES BESTSELLING PHENOMENON From Beth Kery, the national bestselling author of Explosive, comes a red-hot romance like no other—where the rules of attraction are broken with that first electrifying touch. Meet Francesca and Ian. The fantasies of what's to come begin... Because You Are Mine, Part I Because You Tempt Me It starts with that first look, when you know you have to have him... Francesca Arno has been commissioned to create a grand centerpiece painting for the lobby of Ian Noble's new skyscraper. It's at a cocktail party in her honor that she first meets him—and the attraction is immediate for Francesca. It's also bewildering. She's not used to such a

wholesale sexual response to a stranger. Enigmatic, darkly intense, with a commanding presence, Ian completely unnerves her. And she likes it. For Ian, she's the kind of woman he can't resist—one that comes all too rarely: a true innocent. But he can sense in her a desire to open up, to experiment, to give herself to the fantasies of a man in control. The first kiss, the first caress, the first challenge for a woman who craves what she's never had—a man who gets what he wants. More to come. Don't miss *Because You Are Mine, Part II*, available 8/7

The Little Book of Big Weight Loss *Simon and Schuster*

Food Rules meets Skinny Bitch in this fun, accessible guide to radical and sustainable weight loss—based on a set of thirty-one food and lifestyle rules for everyone sick and tired of diet failure and confused by conflicting advice and complicated regimens. Successful hair and makeup artist Bernadette Fisers had struggled with her weight for years. She tried and failed many diets, but her life took a turn when she was forced to face a harsh reality: her weight crept up to 287 pounds and she had a BMI reading of forty-two. Pre-diabetic and diagnosed as morbidly obese with a fatty liver and high blood pressure, Bernadette decided that it was the time to ditch the fad diets and take matters into her own hands to turn her life around. She began asking those she knew well—the glamorous models she worked with—learning about their healthy eating habits and their tips on staying trim. She further researched medical reports and nutrition papers until finally—by trial, error, and a lot of experimentation—she created a healthy lifestyle plan that was quick to read, easy to understand, and, most importantly, worked long term. Following her new rules, Bernadette went on to lose more than sixty-six pounds in thirty weeks. *The Little Book of Big Weight Loss* is for anyone who has grown tired of all the confusing, conflicting advice and complicated diet plans. Inspiring and packed with invaluable tips and strategies, this guide provides a fresh, simple, can-do approach to dieting and can help you get on track to achieving your goals and losing weight long term.

The Little Book of Stock Market Profits

The Best Strategies of All Time Made Even Better *John Wiley & Sons*

A timely guide to making the best investment strategies even better. A wide variety of strategies have been identified over the years, which purportedly outperform the stock market. Some of these include buying undervalued stocks while others rely on technical analysis techniques. It's fair to say no one method is fool proof and most go through both up and down periods. The challenge for an investor is picking the right method at the right time. *The Little Book of Stock Market Profits* shows you how to achieve this elusive goal and make the most of your time in today's markets. Written by Mitch Zacks, Senior Portfolio Manager of Zacks Investment Management, this latest title in the *Little Book* series reveals stock market strategies that really work and then shows you how they can be made even better. It skillfully highlights earnings-based investing strategies, the

hallmark of the Zacks process, but it also identifies strategies based on valuations, seasonal patterns and price momentum. Specifically, the book: Identifies stock market investment strategies that work, those that don't, and what it takes for an individual investor to truly succeed in today's dynamic market. Discusses how the performance of each strategy examined can be improved by combining into them into a multifactor approach. Gives investors a clear path to integrating the best investment strategies of all time into their own personal portfolio. Investing can be difficult, but with the right strategies you can improve your overall performance. *The Little book of Stock Market Profits* will show you how.

The Little Book of Big Profits from Small Stocks + Website

Why You'll Never Buy a Stock Over \$10 Again *John Wiley & Sons*

The key to building wealth the low-priced stock way. Low-priced gems, or what author Hilary Kramer calls "breakout stocks" come in all kinds of shapes and sizes but they all have three things in common: (1) they are mostly under \$10; (2) they are undervalued; and (3) they have specific catalysts in the near future that put them on the threshold of breaking out to much higher prices. In *The Little Book of Big Profits from Small Stocks*, small stock expert Hilary Kramer looks for stocks with fifty to two hundred percent upside potential! From drug stocks that may have been punished because an FDA approval failed to materialize when Wall Street expected it to, to the overly zealous selling off of Ford, there are many great low-priced stock opportunities. In this *Little Book* you'll learn: How to identify the low cost stocks that have the potential to yield big profits. The most important secret to making money in stock investing. Plus, you'll gain instant access to a website with educational videos, interactive tools and stock recommendations. *The Little Book of Big Profits from Small Stocks* explains Kramer's methodology and gives you the ability to analyze the opportunities to pick your own winners.

The Little Book of Bigger Primes *Springer Science & Business Media*

A deep understanding of prime numbers is one of the great challenges in mathematics. In this new edition, fundamental theorems, challenging open problems, and the most recent computational records are presented in a language without secrets. The impressive wealth of material and references will make this book a favorite companion and a source of inspiration to all readers. Paulo Ribenboim is Professor Emeritus at Queen's University in Canada, Fellow of the Royal Society of Canada, and recipient of the George Pólya Award of the Mathematical Association of America. He is the author of 13 books and more than 150 research articles. From the reviews of the First Edition: Number Theory and mathematics as a whole will benefit from having such an accessible book exposing advanced material. There is no question that this book will succeed in exciting many new people to the beauty and fascination of prime numbers, and will probably bring more young people to research in these areas. The Little Book of Cosmology *Princeton University Press*

The cutting-edge science that is taking the measure of the universe The Little Book of Cosmology provides a breathtaking look at our universe on the grandest scales imaginable. Written by one of the world's leading experimental cosmologists, this short but deeply insightful book describes what scientists are revealing through precise measurements of the faint thermal

afterglow of the Big Bang—known as the cosmic microwave background, or CMB—and how their findings are transforming our view of the cosmos. Blending the latest findings in cosmology with essential concepts from physics, Lyman Page first helps readers to grasp the sheer enormity of the universe, explaining how to understand the history of its formation and evolution in space and time. Then he sheds light on how spatial variations in the CMB formed, how they reveal the age, size, and geometry of the universe, and how they offer a blueprint for the formation of cosmic structure. Not only does Page explain current observations and measurements, he describes how they can be woven together into a unified picture to form the Standard Model of Cosmology. Yet much remains unknown, and this incisive book also describes the search for ever deeper knowledge at the field's frontiers—from quests to understand the nature of neutrinos and dark energy to investigations into the physics of the very early universe.
