Everfair

A Novel *Macmillan*

Everfair is a wonderful Neo-Victorian alternate history novel that explores the question of what might have come of Belgium's disastrous colonization of the Congo if the native populations had learned about steam technology a bit earlier. Fabian Socialists from Great Britain join forces with African-American missionaries to purchase land from the Belgian Congo's "owner," King Leopold II. This land, named Everfair, is set aside as a safe haven, an imaginary Utopia for native populations of the Congo as well as escaped slaves returning from

America and other places where African natives were being mistreated. Nisi Shawl's speculative masterpiece manages to turn one of the worst human rights disasters on record into a marvelous and exciting exploration of the possibilities inherent in a turn of history. *Everfair* is told from a multiplicity of voices: Africans, Europeans, East Asians, and African Americans in complex relationships with one another, in a compelling range of voices that have historically been silenced. *Everfair* is not only a beautiful book but an educational and inspiring one that will give the reader new insight into an often ignored period of history.

Let Me Clear My Throat

Essays *Sarabande Books*

"A remarkably entertaining and thought-provoking look at the human voice and all of its myriad functions and sounds . . . Wonderful" (Library Journal, starred review). From Farinelli, the eighteenth-century castrato who brought down opera houses with his high C, to the

recording of Johnny B. Goode affixed to the Voyager spacecraft, *Let Me Clear My Throat* dissects the whys and hows of popular voices, making them hum with significance and emotion. There are murders of punk rock crows, impressionists, and rebel yells; Howard Dean's "BYAH!" and Marlon Brando's "Stellaaaaa!" and a stock film yawp that has made cameos in movies from *A Star is Born* to *Spaceballs*. The voice is thought's incarnating instrument and Elena Passarello's essays are a riotous deconstruction of the ways the sounds we make both express and shape who we are—the annotated soundtrack of us giving voice to ourselves. "Standout pieces include a biography of the most famous scream in Hollywood history; a breakdown of the relationship between

song and birdsong; and an analysis of the sounds of disgust. Akin to: A dinner party at which David Sedaris, Mary Roach and Marlon Brando are trying to out-monologue one another.” —Philadelphia Weekly “The beauty of Ellen Passarello’s voice is that it’s so confidently its own . . . I began randomly with her essay wondering what the space aliens will make of ‘Johnny B. Goode’ on the Voyager gold record and couldn’t stop after that.” —John Jeremiah Sullivan, author of *Pulphhead*

The Passenger Pigeon *Princeton University Press*

A haunting, beautifully illustrated memorial to this iconic extinct bird. At the start of the nineteenth century, Passenger Pigeons were perhaps the most abundant birds on the planet, numbering literally in the billions. The flocks were so large and so dense that they blackened the skies, even blotting out the sun for days at a stretch. Yet by the end of the century, the most common bird in North America had vanished from the wild. In 1914, the last known representative of her species, Martha, died in a cage at the Cincinnati Zoo. This stunningly illustrated book tells the astonishing story of North America's Passenger Pigeon, a bird species that—like the Tyrannosaur, the Mammoth, and the Dodo—has become one of the great icons of extinction. Errol

Fuller describes how these fast, agile, and handsomely plumaged birds were immortalized by the ornithologist and painter John James Audubon, and captured the imagination of writers such as James Fenimore Cooper, Henry David Thoreau, and Mark Twain. He shows how widespread deforestation, the demand for cheap and plentiful pigeon meat, and the indiscriminate killing of Passenger Pigeons for sport led to their catastrophic decline. Fuller provides an evocative memorial to a bird species that was once so important to the ecology of North America, and reminds us of just how fragile the natural world can be. Published in the centennial year of Martha's death, *The Passenger Pigeon* features rare archival images as well as haunting photos of live birds.

Flower Flash *The Monacelli Press, LLC*

From Lewis Miller, the celebrated floral designer and "Flower Bandit" himself, an intimate and joyous behind-the-scenes look at his signature Flower Flashes as they introduced bright moments of natural beauty into the city when they were needed most. Before dawn one morning in October 2016, renowned New York-based floral designer Lewis Miller stealthily arranged hundreds of brightly colored dahlias, carnations, and mums into a psychedelic halo around the John Lennon memorial in Central Park. The spontaneous floral installation was Miller's gift to the city—an effort to spark joy during a difficult time. Nearly five years and more than ninety Flower Flashes later, these elaborate flower bombs—bursts of jubilant blooms in

trash cans, over bus canopies, on construction sites and traffic medians—have brought moments of delight and wonder to countless New Yorkers and flower lovers everywhere, and earned Miller a following of dedicated fans and the nickname the "Flower Bandit." After New York City entered lockdown, Miller doubled down, creating Flower Flashes outside hospitals to express gratitude to frontline health workers and throughout the city to raise spirits. This gorgeous and poignant visual diary traces the phenomenon from the first, spontaneous Flower Flash to the even more profound installations of the pandemic through a kaleidoscopic collage of photos documenting the Flower Flashes, behind-the-scenes snapshots, Miller's inspiration material,

fan contributions, and more.
