Clueless in Academe

How Schooling Obscures the Life of the Mind *Yale University Press*

Gerald Graff argues that our schools and colleges make the intellectual life seem more opaque, narrowly specialized, and beyond normal learning capacities than it is or needs to be. Left clueless in the academic world, many students view the life of the mind as a secret society for which only an elite few qualify. In a refreshing departure from standard diatribes against academia, Graff shows how academic unintelligibility is unwittingly reinforced not only by academic jargon and obscure writing, but by the disconnection of the curriculum and the failure to exploit the many connections between academia and popular culture. Finally, Graff offers a wealth of practical suggestions for making the culture of ideas and arguments more accessible to students, showing how students can enter the public debates that permeate their lives.

You Say Tomato, I Say Shut Up

A Love Story *Broadway Books*

The television host and author of *Fired!* and a television writer for such shows as *Curb Your Enthusiasm* document the whimsical roles of complaining, codependence and wine in keeping their marriage and sanity intact.

Beyond the Culture Wars

Ask a Manager

How to Navigate Clueless Colleagues, Lunch-Stealing Bosses, and the Rest of Your Life at Work *Ballantine Books*

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough

discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for *Ask a Manager* “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's *Ask a Manager* column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “*Ask a Manager* is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

How Do You Say I Love You? *Simon and Schuster*

Learn how to say “I love you” in ten different languages with this heartwarming board book. “I love you” may sound different around the world, but the meaning is the same. From China, to France, to Russia, to Brazil, and beyond, this charming board book features “I love you” in ten different languages. Tapping into the emotions that parents feel for their children, the rhyming text is accompanied by sweet artwork that depicts different cultures around the world.

Oh Say Can You Say What's the Weather Today?

All About Weather *Random House Books for Young Readers*

The Cat and company travel by hot air balloon up and into various weather phenomena including rain, snow, thunder, tornadoes, and (yikes!) even hurricanes! Along the way they learn about thermometers, anemometers, wind vanes, cloud formations, humidity, fog, smog, weather folklore, and how to stay safe in lightning. Written and illustrated in Seussian style, this a great addition to the Cat in the Hat's Learning Library!

If I Ran the Zoo *Random House Books for Young Readers*

Gerald tells of the very unusual animals he would add to the zoo, if he were in charge.

I say Ooh You say Aah *Templar Publishing*

'There's something very important that I need you to remember. When I say Ooh, you say Aah. Let's try it.' Ooh the donkey has lost his pants. Readers must help him find them! In this picture book, young readers help to sell the story by responding to simple verbal or visual cues. This hilarious book is perfect for reading aloud and is fun for the whole family.

essentials of formatting papers and other course assignments.

Slaughterhouse-Five

A Novel *Dial Press Trade Paperback*

A special fiftieth anniversary edition of Kurt Vonnegut's masterpiece, “a desperate, painfully honest attempt to confront the monstrous crimes of the twentieth century” (Time), featuring a new introduction by Kevin Powers, author of the National Book Award finalist *The Yellow Birds* Selected by the Modern Library as one of the 100 best novels of all time *Slaughterhouse-Five*, an American classic, is one of the world's great antiwar books. Centering on the infamous World War II firebombing of Dresden, the novel is the result of what Kurt Vonnegut described as a twenty-three-year struggle to write a book about what he had witnessed as an American prisoner of war. It combines historical fiction, science fiction, autobiography, and satire in an account of the life of Billy Pilgrim, a barber's son turned draftee turned optometrist turned alien abductee. As Vonnegut had, Billy experiences the destruction of Dresden as a POW. Unlike Vonnegut, he experiences time travel, or coming “unstuck in time.” An instant bestseller, *Slaughterhouse-Five* made Kurt Vonnegut a cult hero in American literature, a reputation that only strengthened over time, despite his being banned and censored by some libraries and schools for content and language. But it was precisely those elements of Vonnegut's writing—the political edginess, the genre-bending inventiveness, the frank violence, the transgressive wit—that have inspired generations of readers not just to look differently at the world around them but to find the confidence to say something about it. Authors as wide-ranging as Norman Mailer, John Irving, Michael Crichton, Tim O'Brien, Margaret Atwood, Elizabeth Strout, David Sedaris, Jennifer Egan, and J. K. Rowling have all found inspiration in Vonnegut's words. Jonathan Safran Foer has described Vonnegut as “the kind of writer who made people—young people especially—want to write.” George Saunders has declared Vonnegut to be “the great, urgent, passionate American writer of our century, who offers us . . . a model of the kind of compassionate thinking that might yet save us from ourselves.” Fifty years after its initial publication at the height of the Vietnam War, Vonnegut's portrayal of political disillusionment, PTSD, and postwar anxiety feels as relevant, darkly humorous, and profoundly affecting as ever, an enduring beacon through our own era's uncertainties. “Poignant and hilarious, threaded with compassion and, behind everything, the cataract of a thundering moral statement.”—The Boston Globe

Think Again

The Power of Knowing What You Don't Know *Penguin*

#1 New York Times Bestseller “THIS. This is the right book for right now. Yes, learning requires focus. But, unlearning and relearning requires much more—it requires choosing courage over comfort. In *Think Again*, Adam Grant weaves together research and storytelling to help us build the intellectual and

emotional muscle we need to stay curious enough about the world to actually change it. I've never felt so hopeful about what I don't know." —Brené Brown, Ph.D., #1 New York Times bestselling author of *Dare to Lead* The bestselling author of *Give and Take* and *Originals* examines the critical art of rethinking: learning to question your opinions and open other people's minds, which can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, there's another set of cognitive skills that might matter more: the ability to rethink and unlearn. In our daily lives, too many of us favor the comfort of conviction over the discomfort of doubt. We listen to opinions that make us feel good, instead of ideas that make us think hard. We see disagreement as a threat to our egos, rather than an opportunity to learn. We surround ourselves with people who agree with our conclusions, when we should be gravitating toward those who challenge our thought process. The result is that our beliefs get brittle long before our bones. We think too much like preachers defending our sacred beliefs, prosecutors proving the other side wrong, and politicians campaigning for approval--and too little like scientists searching for truth. Intelligence is no cure, and it can even be a curse: being good at thinking can make us worse at rethinking. The brighter we are, the blinder to our own limitations we can become. Organizational psychologist Adam Grant is an expert on opening other people's minds--and our own. As Wharton's top-rated professor and the bestselling author of *Originals* and *Give and Take*, he makes it one of his guiding principles to argue like he's right but listen like he's wrong. With bold ideas and rigorous evidence, he investigates how we can embrace the joy of being wrong, bring nuance to charged conversations, and build schools, workplaces, and communities of lifelong learners. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, a vaccine whisperer convinces concerned parents to immunize their children, and Adam has coaxed Yankees fans to root for the Red Sox. *Think Again* reveals that we don't have to believe everything we think or internalize everything we feel. It's an invitation to let go of views that are no longer serving us well and prize mental flexibility over foolish consistency. If knowledge is power, knowing what we don't know is wisdom.

So They Say You Should Write a Book

A New Author's Guide to Writing a Book People Will Buy and Read

So They Say You Should Write a Book is a first-time author's guide to book writing in the competitive publishing industry. Casually written and easy-to-understand, it is jam-packed with necessary insight, tips, advice, how-tos, quick-reference guides, and checklists to help you write the book you are destined to write.

Joe Gould's Secret *Open Road Media*

The story of a notorious New York eccentric and the journalist who chronicled his life: "A little masterpiece of observation and storytelling" (Ian McEwan). Joseph Mitchell was a cornerstone of the *New Yorker* staff for decades, but his prolific career was shattered by an extraordinary case of writer's block. For the final thirty-two years of his life, Mitchell published nothing. And the key to his silence may lie in his last major work: the biography of a supposed Harvard grad turned Greenwich Village tramp named Joe Gould. Gould was, in Mitchell's words, "an odd and penniless and unemployable little man who came to this city in 1916 and ducked and dodged and held on as hard as he could for over

thirty-five years." As Mitchell learns more about Gould's epic *Oral History*—a reputedly nine-million-word collection of philosophizing, wanderings, and hearsay—he eventually uncovers a secret that adds even more intrigue to the already unusual story of the local legend. Originally written as two separate pieces ("Professor Sea Gull" in 1942 and then "Joe Gould's Secret" twenty-two years later), this magnum opus captures Mitchell at his peak. As the reader comes to understand Gould's secret, Mitchell's words become all the more haunting. This ebook features an illustrated biography of Joseph Mitchell including rare images from the author's estate.

The Man from the Future: The Visionary Life of John von Neumann *W. W. Norton & Company*

An electrifying biography of one of the most extraordinary scientists of the twentieth century and the world he made. The smartphones in our pockets and computers like brains. The vagaries of game theory and evolutionary biology. Nuclear weapons and self-replicating spacecrafts. All bear the fingerprints of one remarkable, yet largely overlooked, man: John von Neumann. Born in Budapest at the turn of the century, von Neumann is one of the most influential scientists to have ever lived. A child prodigy, he mastered calculus by the age of eight, and in high school made lasting contributions to mathematics. In Germany, where he helped lay the foundations of quantum mechanics, and later at Princeton, von Neumann's colleagues believed he had the fastest brain on the planet—bar none. He was instrumental in the Manhattan Project and the design of the atom bomb; he helped formulate the bedrock of Cold War geopolitics and modern economic theory; he created the first ever programmable digital computer; he prophesized the potential of nanotechnology; and, from his deathbed, he expounded on the limits of brains and computers—and how they might be overcome. Taking us on an astonishing journey, Ananyo Bhattacharya explores how a combination of genius and unique historical circumstance allowed a single man to sweep through a stunningly diverse array of fields, sparking revolutions wherever he went. *The Man from the Future* is an insightful and thrilling intellectual biography of the visionary thinker who shaped our century.

The Immortal Life of Henrietta Lacks *Crown*

#1 NEW YORK TIMES BESTSELLER • "The story of modern medicine and bioethics—and, indeed, race relations—is refracted beautifully, and movingly."—*Entertainment Weekly* NOW A MAJOR MOTION PICTURE FROM HBO® STARRING OPRAH WINFREY AND ROSE BYRNE • ONE OF THE "MOST INFLUENTIAL" (CNN), "DEFINING" (LITHUB), AND "BEST" (THE PHILADELPHIA INQUIRER) BOOKS OF THE DECADE • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS • WINNER OF THE CHICAGO TRIBUNE HEARTLAND PRIZE FOR NONFICTION NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • *Entertainment Weekly* • *O: The Oprah Magazine* • NPR • *Financial Times* • *New York* • *Independent (U.K.)* • *Times (U.K.)* • *Publishers Weekly* • *Library Journal* • *Kirkus Reviews* • *Booklist* • *Globe and Mail* Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first "immortal" human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb's effects; helped lead to important advances like in vitro fertilization, cloning, and

gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta's family did not learn of her "immortality" until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta's daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn't her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, *The Immortal Life of Henrietta Lacks* captures the beauty and drama of scientific discovery, as well as its human consequences.

Yes to the Mess

Surprising Leadership Lessons from Jazz *Harvard Business Press*

What Duke Ellington and Miles Davis teach us about leadership How do you cope when faced with complexity and constant change at work? Here's what the world's best leaders and teams do: they improvise. They invent novel responses and take calculated risks without a scripted plan or a safety net that guarantees specific outcomes. They negotiate with each other as they proceed, and they don't dwell on mistakes or stifle each other's ideas. In short, they say "yes to the mess" that is today's hurried, harried, yet enormously innovative and fertile world of work. This is exactly what great jazz musicians do. In this revelatory book, accomplished jazz pianist and management scholar Frank Barrett shows how this improvisational "jazz mind-set" and the skills that go along with it are essential for effective leadership today. With fascinating stories of the insights and innovations of jazz greats such as Miles Davis and Sonny Rollins, as well as probing accounts of the wisdom gleaned from his own experience as a jazz musician, Barrett introduces a new model for leading and collaborating in organizations. He describes how, like skilled jazz players, leaders need to master the art of unlearning, perform and experiment simultaneously, and take turns soloing and supporting each other. And with examples that range from manufacturing to the military to high-tech, he illustrates how organizations must take an inventive approach to crisis management, economic volatility, and all the rapidly evolving realities of our globally connected world. Leaders today need to be expert improvisers. *Yes to the Mess* vividly shows how the principles of jazz thinking and jazz performance can help anyone who leads teams or works with them to develop these critical skills, wherever they sit in the organization. Engaging and

insightful, *Yes to the Mess* is a seminar on collaboration and complexity, against the soulful backdrop of jazz.

How to Not Write Bad

The Most Common Writing Problems and the Best Ways to Avoid Them *Penguin*

Ben Yagoda's *How to Not Write Bad* illustrates how we can all write better, more clearly, and for a wider readership. He offers advice on what he calls "not-writing-badly," which consists of the ability, first, to craft sentences that are correct in terms of spelling, diction (word choice), punctuation, and grammar, and that also display clarity, precision, and grace. Then he focuses on crafting whole paragraphs—with attention to cadence, consistency of tone, sentence transitions, and paragraph length. In a fun, comprehensive guide, Yagoda lays out the simple steps we can all take to make our writing more effective, more interesting—and just plain better.

The Art of Happiness

A Handbook for Living

Through conversations, stories, and meditations, the Dalai Lama shows us how to defeat day-to-day anxiety, insecurity, anger, and discouragement. Together with Dr. Howard Cutler, he explores many facets of everyday life, including relationships, loss, and the pursuit of wealth, to illustrate how to ride through life's obstacles on a deep and abiding source of inner peace. Based on 2,500 years of Buddhist meditations mixed with a healthy dose of common sense, *THE ART OF HAPPINESS* is a book that crosses the boundaries of traditions to help readers with difficulties common to all human beings. After being in print for ten years, this book has touched countless lives and uplifted spirits around the world.

Coming Undone

A Memoir *Canongate Books*

'BREATH-taking' Dolly Alderton, 'REMARKABLE' Marian Keyes, 'LIFE-CHANGING' Emma Jane Unsworth, 'COMPELLING' Amy Liptrot, 'EXTRAORDINARY' Sali Hughes To everyone else, Terri White appeared to be living the dream – living in New York City, with a top job editing a major magazine. In reality, she was struggling with the trauma of an abusive childhood and rapidly skidding towards a mental health crisis that would land her in a psychiatric ward. *Coming Undone* is Terri's story of her unravelling, and her precarious journey back from a life in pieces.

The Craft of Research, Fourth Edition *University of Chicago Press*

With more than three-quarters of a million copies sold since its first publication, *The Craft of Research* has helped generations of researchers at every level—from first-year undergraduates to advanced graduate students to research reporters in business and government—learn how to conduct effective and meaningful research. Conceived by seasoned researchers and educators Wayne C. Booth, Gregory G. Colomb, and Joseph M. Williams, this fundamental work explains how to find and evaluate sources, anticipate and respond to reader reservations, and integrate these pieces into an argument that stands up to reader critique. The fourth edition has been thoroughly but respectfully revised by Joseph Bizup and William T. FitzGerald. It retains the original five-part structure, as well as the sound advice of earlier editions, but reflects the way research and writing are taught and practiced today. Its chapters on finding and engaging sources

now incorporate recent developments in library and Internet research, emphasizing new techniques made possible by online databases and search engines. Bizup and FitzGerald provide fresh examples and standardized terminology to clarify concepts like argument, warrant, and problem. Following the same guiding principle as earlier editions—that the skills of doing and reporting research are not just for elite students but for everyone—this new edition retains the accessible voice and direct approach that have made *The Craft of Research* a leader in the field of research reference. With updated examples and information on evaluation and using contemporary sources, this beloved classic is ready for the next generation of researchers.

Romancing Mister Bridgerton

Bridgerton *HarperCollins*

A New York Times Bestseller From #1 New York Times bestselling author Julia Quinn comes the story of Colin Bridgerton and Penelope Featherington, in the fourth of her beloved Regency-set novels featuring the charming, powerful Bridgerton family, now a series created by Shondaland for Netflix. COLIN AND PENELOPE'S STORY Penelope Featherington has secretly adored her best friend's brother for . . . well, it feels like forever. After half a lifetime of watching Colin Bridgerton from afar, she thinks she knows everything about him, until she stumbles across his deepest secret . . . and fears she doesn't know him at all. Colin Bridgerton is tired of being thought of as nothing but an empty-headed charmer, tired of the notorious gossip columnist Lady Whistledown, who can't seem to publish an edition without mentioning him. But when Colin returns to London from a trip abroad, he discovers nothing in his life is quite the same—especially Penelope Featherington! The girl who was always simply there is suddenly the girl haunting his dreams. When he discovers that Penelope has secrets of her own, this elusive bachelor must decide . . . is she his biggest threat— or his promise of a happy ending?

Oh, Say Can You Say? *RH Childrens Books*

Tongue twisters abound in this classic Dr. Seuss Beginner Book! "Bed Spreaders spread spreads on beds. Bread Spreaders spread butter on breads. And that Bed Spreader better watch out how he's spreading . . . or that Bread Spreader's sure going to butter his bedding." This riotous collection weaves together a wonderment of words designed to twist the lips. Wordsmiths and beginning readers will love *Oh Say Can You Say?* and treasure tackling these tangled tongue teasers. Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning.

Winter Is Coming

Why Vladimir Putin and the Enemies of the Free World Must Be Stopped *PublicAffairs*

The stunning story of Russia's slide back into a dictatorship-and how the West is now paying the price for allowing it to happen. The ascension of Vladimir Putin—a former lieutenant colonel of the KGB—to the presidency of Russia in 1999 was a strong signal that the country was headed away from democracy. Yet in the intervening years—as America and the world's other leading powers have continued to appease him—Putin has grown not only into a dictator but an international threat. With his vast resources and nuclear arsenal, Putin is at the center of a worldwide assault on political liberty and the modern world order. For Garry Kasparov, none of this is news. He has been a vocal critic of Putin

for over a decade, even leading the pro-democracy opposition to him in the farcical 2008 presidential election. Yet years of seeing his Cassandra-like prophecies about Putin's intentions fulfilled have left Kasparov with a darker truth: Putin's Russia, like ISIS or Al Qaeda, defines itself in opposition to the free countries of the world. As Putin has grown ever more powerful, the threat he poses has grown from local to regional and finally to global. In this urgent book, Kasparov shows that the collapse of the Soviet Union was not an endpoint—only a change of seasons, as the Cold War melted into a new spring. But now, after years of complacency and poor judgment, winter is once again upon us. Argued with the force of Kasparov's world-class intelligence, conviction, and hopes for his home country, *Winter Is Coming* reveals Putin for what he is: an existential danger hiding in plain sight.

Marcel the Shell With Shoes On

Things About Me *Penguin*

View our feature on Jenny Slate and Dean Fleischer-Camp's *Marcel the Shell With Shoes On*. Millions of people have fallen in love with Marcel. Now the tiny shell with shoes and a big heart is transitioning from online sensation to classic picture book character, and readers can learn more about this adorable creature and his wonderfully peculiar world. From wearing a lentil as a hat to hang-gliding on a Dorito, Marcel is able to find magic in the everyday. He may be small, but he knows he has a lot of good qualities. He may not be able to lift anything by himself, but when he needs help, he calls upon his family. He may never be able own a real dog . . . but he has a pretty awesome imagination.

Phil

The Rip-Roaring (and Unauthorized!) Biography of Golf's Most Colorful Superstar *Simon and Schuster*

A juicy and freewheeling biography of legendary golf champion Phil Mickelson—who has led a big, controversial life—as reported by longtime *Sports Illustrated* writer and bestselling author Alan Shipnuck. Phil Mickelson is one of the most compelling figures in sports. For more than three decades he has been among the best golfers in the world, and his unmatched longevity was exemplified at the 2021 PGA Championship, when Mickelson, on the cusp of turning fifty-one, became the oldest player in history to win a major championship. In this raw, uncensored, and unauthorized biography, Alan Shipnuck captures a singular life defined by thrilling victories, crushing defeats, and countless controversies. Mickelson is a multifaceted character, and all his warring impulses are on display in these pages: He is a smart-ass who built an empire on being the consummate professional; a loving husband dogged by salacious rumors; a high-stakes gambler who knows the house always wins but can't tear himself away. Mickelson's career and public image have been defined by the contrast with his lifelong rival, Tiger Woods. Where Woods is robotic and reticent, Mickelson is affable and extroverted, an incorrigible showman whom many fans love and some abhor because of the overwhelming size of his personality. In their early years together on Tour, Mickelson lacked Tiger's laser focus and discipline, leading Tida Woods to call her son's rival "the fat boy," among other put-downs. Yet as Tiger's career has been curtailed by scandal, addiction, and a broken body, Phil sails on, still relevant on the golf course and in the marketplace. Phil is the perfect marriage of subject and author. Shipnuck has long been known as the most fearless writer on the golf beat, and he delivers numerous revelations, from the true scale of Mickelson's

massive gambling losses; to the inside story of the acrimonious breakup between Phil and his longtime caddie, Jim “Bones” Mackay; to the secretive backstory of the Saudi golf league that Mickelson championed to wield as leverage against the PGA Tour. But Phil also celebrates Mickelson’s random acts of kindness and generosity of spirit, to which friends and strangers alike can attest. Shipnuck has covered Mickelson for his entire career and has been on the ground at Mickelson’s most memorable triumphs and crack-ups, allowing him to take readers inside the ropes with a thrilling immediacy and intimacy. The result is the juiciest and liveliest golf book in years—full of heart, humor, and unexpected turns.

A Guide to Argumentative Research Writing and Thinking

Overcoming Challenges *Routledge*

Research is difficult. Even though students are trained in the basic research methodology skills, when confronted with research writing, it feels to them as if they enter a bizarre world, with its own language and conventions, where it is hard to get things right. This book translates the apparent complexities of research writing into everyday ideas, language and skills, and will enable novice researchers to start overcoming the major stumbling blocks immediately. This book focuses only on the greatest challenges in research writing, specifically those that supervisors find most difficult to explain to novice researchers. These challenges include both basic and more complex skills, such as: finding original research contributions; establishing one’s voice while drawing on other authors; turning a vague idea into a feasible research question; generating literature reviews that are original in themselves; and avoiding list-like writing when discussing the research methodology. Wentzel shows that it is easier to overcome these challenges, not with lists of prescriptions that are difficult to remember while writing, but rather by cultivating an argumentative mindset. Not only is such a mindset much easier to maintain, but it offers a central point around which one can organise any difficult writing task. The book shows how to use the argumentative mindset to approach every important writing challenge. It translates all the necessary skills into jargon-free language using a variety of visuals and simple step-by-step procedures that will enable any person to read the book quickly and start writing immediately. The book is accompanied by a website containing an instructor’s manual with guidance on the teaching and assessment of research writing, as well as lecture slides.

Doing Academic Writing in Education

Connecting the Personal and the Professional *Routledge*

This clear, reader-friendly book is carefully designed to help readers gain confidence and acquire competence in their academic writing abilities. It focuses on real people as they write and actively involves readers in the writing process. The authors’ innovative approach encourages reflection on how professional writing initiatives connect to the personal self. For pre-service and in-service teachers, graduate students, school administrators, educational specialists, and all others involved in the educational enterprise, effective writing is important to professional success. Organized to help the reader move progressively and confidently forward as a writer of academic prose, *Doing Academic Writing in Education: Connecting the Personal and the Professional* features: *activities to engage readers in connecting their writing endeavors to their personal selves, and in discovering their own writing attitudes, behaviors, strengths, and problem areas; *practical applications to inform

and support the reader’s writing initiatives—including opportunities to engage in invention strategies, to begin a draft, to revise and edit a piece of writing that is personally and professionally important, and to record reflections about writing; *the voices of the authors and of graduate students who are pursuing a variety of academic writing tasks—to serve as models for the reader’s writing endeavors; and *writing samples and personal stories about writing shared by experts in various contexts—offering hints about conditions, self-reflections, and habits that help them write effectively. All students and professionals in the field of education will welcome the distinctive focus in this book on connecting the personal and the professional, and the wealth of practical applications and opportunities for reflection it provides.

The Norton Field Guide to Writing, with Handbook *W. W. Norton*

Flexible, easy to use, just enough detail?and now the number-one best seller. With just enough detail ? and color-coded links that send students to more detail if they need it ? this is the rhetoric that tells students what they need to know and resists the temptation to tell them everything there is to know. Designed for easy reference ? with menus, directories, and a combined glossary/index. The Third Edition has new chapters on academic writing, choosing genres, writing online, and choosing media, as well as new attention to multimodal writing. The Norton Field Guide to Writing is available with a handbook, an anthology, or both ? and all versions are now available as low-cost ebooks.

The Unsinkable Greta James

A Novel *Ballantine Books*

An indie musician reeling from tragedy and a public breakdown reconnects with her father on a weeklong cruise in “a pitch-perfect story about the ways we recover love in the strangest places” (Rebecca Serle, bestselling author of *In Five Years*) “The characters are drawn with a generosity that allows them to be wrong but also right, loving but also prone to missteps, and ultimately deserving of a resolution that’s full of hope.”—Linda Holmes, *New York Times* bestselling author of *Evvie Drake Starts Over* **ONE OF THE MOST ANTICIPATED BOOKS OF 2022**—BookPage Right after the sudden death of her mother—her first and most devoted fan—and just before the launch of her high-stakes sophomore album, Greta James falls apart on stage. The footage quickly goes viral and she stops playing, her career suddenly in jeopardy—the kind of jeopardy her father, Conrad, has always predicted; the kind he warned her about when he urged her to make more practical choices with her life. Months later, Greta—still heartbroken and very much adrift—reluctantly agrees to accompany Conrad on the Alaskan cruise her parents had booked to celebrate their fortieth anniversary. It could be their last chance to heal old wounds in the wake of shared loss. But the trip will also prove to be a voyage of discovery for them both, and for Ben Wilder, a charming historian, onboard to lecture about *The Call of the Wild*, who is struggling with a major upheaval in his own life. As Greta works to build back her confidence and Ben confronts an uncertain future, they find themselves drawn to and relying on each other. It’s here in this unlikeliest of places—at sea, far from the packed city venues where she usually plays and surrounded by the stunning scenery of Alaska—Greta will finally confront the choices she’s made, the heartbreak she’s suffered, and the family hurts that run deep. In the end, she’ll have to decide what her path forward might look like—and how to find her voice again.

Making Thinking Visible

How to Promote Engagement, Understanding, and Independence for All Learners *John Wiley & Sons*

A proven program for enhancing students' thinking and comprehension abilities Visible Thinking is a research-based approach to teaching thinking, begun at Harvard's Project Zero, that develops students' thinking dispositions, while at the same time deepening their understanding of the topics they study. Rather than a set of fixed lessons, Visible Thinking is a varied collection of practices, including thinking routines?small sets of questions or a short sequence of steps?as well as the documentation of student thinking. Using this process thinking becomes visible as the students' different viewpoints are expressed, documented, discussed and reflected upon. Helps direct student thinking and structure classroom discussion Can be applied with students at all grade levels and in all content areas Includes easy-to-implement classroom strategies The book also comes with a DVD of video clips featuring Visible Thinking in practice in different classrooms.

Understanding Rhetoric

A Graphic Guide to Writing *Macmillan Higher Education*

After shaking up writing classrooms at more than 550 colleges, universities, and high schools, Understanding Rhetoric, the comic-style guide to writing, has returned for a third edition! Understanding Rhetoric encourages deep engagement with core concepts of writing and rhetoric. With brand-new coverage of fake news, sourcing the source, podcasting as publishing, and support for common writing assignments, the new edition of the

one and only composition comic covers what students need to know--and does so with fun and flair.

Men Without Work

America's Invisible Crisis *Templeton Foundation Press*

By one reading, things look pretty good for Americans today: the country is richer than ever before and the unemployment rate is down by half since the Great Recession—lower today, in fact, than for most of the postwar era. But a closer look shows that something is going seriously wrong. This is the collapse of work—most especially among America's men. Nicholas Eberstadt, a political economist who holds the Henry Wendt Chair in Political Economy at the American Enterprise Institute, shows that while “unemployment” has gone down, America's work rate is also lower today than a generation ago—and that the work rate for US men has been spiraling downward for half a century. Astonishingly, the work rate for American males aged twenty-five to fifty-four—or “men of prime working age”—was actually slightly lower in 2015 than it had been in 1940: before the War, and at the tail end of the Great Depression. Today, nearly one in six prime working age men has no paid work at all—and nearly one in eight is out of the labor force entirely, neither working nor even looking for work. This new normal of “men without work,” argues Eberstadt, is “America's invisible crisis.” So who are these men? How did they get there? What are they doing with their time? And what are the implications of this exit from work for American society? Nicholas Eberstadt lays out the issue and Jared Bernstein from the left and Henry Olsen from the right offer their responses to this national crisis.
