Why I Am Not a Feminist

A Feminist Manifesto *Melville House*

Outspoken critic Jessa Crispin delivers a searing rejection of contemporary feminism . . . and a bracing manifesto for revolution. Are you a feminist? Do you believe women are human beings and that they deserve to be treated as such? That women deserve all the same rights and liberties bestowed upon men? If so, then you are a feminist . . . or so the feminists keep insisting. But somewhere along the way, the movement for female liberation sacrificed meaning for acceptance, and left us with a banal, polite, ineffectual pose that barely challenges the status quo. In this bracing, fiercely intelligent manifesto, Jessa Crispin demands more. Why I Am Not A Feminist is a radical, fearless call

for revolution. It accuses the feminist movement of obliviousness, irrelevance, and cowardice—and demands nothing less than the total dismantling of a system of oppression. Praise for Jessa Crispin, and The Dead Ladies Project "I'd follow Jessa Crispin to the ends of the earth." --Kathryn Davis, author of *Duplex* "Read with caution . . . Crispin is funny, sexy, self-lacerating, and politically attuned, with unique slants on literary criticism, travel writing, and female journeys. No one crosses genres, borders, and proprieties with more panache." --Laura Kipnis, author of *Men: Notes from an Ongoing Investigation* "Very, very funny. . . . The whole book is packed with delightfully offbeat prose . . . as raw as it is sophisticated, as quirky as it is intense." --The Chicago Tribune

I Am NOT!

When enough of the world comes at you, telling you you're nothing, you believe. You become what you believe. You become until the pain of becoming is too great to bear. You constantly ask yourself: What if I don't know the answer? What if I'm wrong? What if they know I'm wrong? What if they laugh? What if fearing failure makes you fail? You're faced with a choice. To stay. Or to change. Or to end. If you're lucky, enough love begins seeping through, lighting a path to change. This is the story of *I Am NOT*, a memoir of triumph over verbal and emotional abuse, bullying, disordered eating, and societal norms. A journey of self-deprecation and the promise of continued growth. An anecdotal warning of the challenges kids, teens, and adults still face today.

Why I Am Not a Muslim *Prometheus Books*

Those who practice the Muslim faith have resisted examinations of their religion. They are extremely guarded about their religion, and what they consider blasphemous acts by skeptical Muslims and non-Muslims alike has only served to pique the world's curiosity. This critical examination reveals an unflattering picture of the faith and its practitioners. Nevertheless, it is the truth, something that has either been deliberately concealed by modern scholars or buried in obscure journals accessible only to a select few.

Why I Am Not a Scientist

Anthropology and Modern Knowledge *Univ of California Press*

"Highly readable and informative, this critical series of vignettes illustrates a long history of the corruption of science by folk beliefs, careerism, and sociopolitical agendas. Marks repeatedly brings home the message that we should challenge scientists, especially molecular geneticists, before we accept their results and give millions of dollars in public and private funds toward their enterprises."—Russell Tuttle, The University of Chicago "Jonathan Marks has produced a personal and compelling story of how science works. His involvement in scientific endeavor in human biology and evolution over the past three decades and his keen sense of the workings of science make this book a must read for both scientists and lay readers. In this sense, the lay reader will learn how scientists should and shouldn't think and some scientists who read this book will come away thinking they are truly not scientists nor would they want to be."—Rob DeSalle, American Museum of Natural History "Jonathan Marks's *Why I Am Not a Scientist* provides food for thought, and as expected, it's digestible. In unusually broad perspective, this anthropology of knowledge considers science and race and racism, gender, fraud, misconduct and creationism in a way that makes one proud to be called a scientist."—George J. Armelagos, Emory University

Why I Am Not a Calvinist *InterVarsity Press*

Paying particular attention to the issue of God's sovereignty, Jerry L. Walls and Joseph R. Dongell critique biblical and theological weaknesses of Calvinist thought.

Why I Am Not a Buddhist *Yale University Press*

"A provocative essay challenging the idea of Buddhist exceptionalism, from one of the world's most widely respected philosophers and writers on Buddhism and science. Buddhism has become a uniquely favored religion in our modern age. A burgeoning number of books extol the scientifically proven benefits of meditation and mindfulness for everything ranging from business to romance. There are conferences, courses, and celebrities promoting the notion that Buddhism is spirituality for the rational; compatible with cutting-edge science; indeed, "a science of the mind." In this provocative book, Evan Thompson argues that this representation of Buddhism is false. In lucid and entertaining prose, Thompson dives deep into both Western and Buddhist philosophy to explain how the goals of science and religion are fundamentally different. Efforts to seek their unification are wrongheaded and promote mistaken ideas of both. He suggests cosmopolitanism instead, a worldview with deep roots in both Eastern and Western traditions. Smart, sympathetic, and intellectually ambitious, this book is a must-read for anyone interested in Buddhism's place in our world today."--Provided by publisher.

I am Not a Brain

Philosophy of Mind for the 21st Century *John Wiley & Sons*

Many consider the nature of human consciousness to be one of the last great unsolved mysteries. Why should the light turn on, so to speak, in human beings at all? And how is the electrical storm of neurons under our skull connected with our consciousness? Is the self only our brain's user interface, a kind of stage on which a show is performed that we cannot freely direct? In this book, philosopher Markus Gabriel challenges an increasing trend in the sciences towards neurocentrism, a notion which rests on the assumption that the self is identical to the brain. Gabriel raises serious doubts as to whether we can know ourselves in this way. In a sharp critique of this approach, he presents a new defense of the free will and provides a timely introduction to philosophical thought about the self – all with verve, humor, and surprising insights. Gabriel criticizes the scientific image of the world and takes us on an eclectic journey of self-reflection by way of such concepts as self, consciousness, and freedom, with the aid of Kant, Schopenhauer, and Nagel but also Dr. Who, *The Walking Dead*, and *Fargo*.

A Novel *Simon and Schuster*

Twenty-six years ago, beautiful starlet Bridget Burgeon was found dead in her Hollywood apartment. Sleeping pills, the coroner ruled, but many questioned whether her relationship with handsome, up-and-coming California congressman Mark Kaye played a role. Kaye's death in a tragic auto accident put an end to any investigation but not to the speculation. Conspiracy theorists have been working overtime ever since, and Paul Venchus, an old newspaper colleague whom Richard hasn't seen in thirty years, claims to have made a breakthrough in the case. A well-known conspiracy theorist himself, The Belz can't resist hearing him out and agrees to meet. When Venchus turns up dead and a wacky, self-proclaimed female psychic shows up at his hotel in Vegas insisting that Belzer continue their investigation, he reluctantly relents. Relying on The Belz's TV cop know-how and celebrity status, they begin to piece together a series of mysterious deaths that, while rooted a quarter of a century in the past, present some very real dangers in the present. As the bodies start piling up, Belzer finds a legendary hit man hot on his trail and must utilize all of his talents not only to pull off a successful telethon but to solve one of our history's most scandalous conspiracies before his Vegas stint becomes his closing act.

I Am Not There

Alzheimer's – just a word, but one which conjures a whole range of emotions and thoughts – none of them positive. But how do we know? We are easily fooled. When you look in a mirror you do not see reality. For some, Alzheimer's disease is a subject only mentioned in passing; for others, experiencing the profound effects it can have becomes a devastating reality. All are aware of its devastating outcome, but this is a novel about life, not death. Or rather, two lives: Beth is based on fact – only the names have been changed to protect the guilty. Betsy's story is a mixture of imagination and wishful thinking. "Just its name brings anxiety and alarm: Alzheimer's. Sometimes, in my darker moods, I consider the future heredity possibilities: even going so far as to estimate the time I have left. A countdown to slow oblivion." I Am Not There broadens the concept of near death, out-of-body experiences, providing a different, positive perspective on illness, life and death, and what may occur afterwards. It will appeal to anyone dealing with terminal illness or questioning the meaning of death. "The last week of my grandmother's life gave me absolute belief in an afterlife. There were moments when I knew that she was not there and I took this one step further, to look at what happens to spirits in between life and death," says Ginny, who was adopted by her grandmother, and who she cared for during the last ten years of her life after a diagnosis of Alzheimer's disease. Ginny is determined that her grandmother's achievements should not be overshadowed by her disease.

The Ministry of Silly Poets: "I am not a poet!"

Fishcake Publications

I am not a poet! That is what I keep telling myself anyway! A poet is someone that takes the literary form very seriously and it

would appear that I tend to be quite the opposite. I just enjoy playing around with words to create something enjoyable to read, something to make people laugh, something to make you think or just say "what was that?". Who cares as long as it provokes a reaction? Yes, sometimes they are a bit of fun, sometimes a bit grim, sometimes thought provoking, but at the end of the day what poetry should be? Entertaining! I have been writing "poems" and rhymes for quite a few years now and I didn't realise how many I'd done until I put them altogether in one place. This book is the result of that. There is quite a variety and hopefully something for everyone. There is no theme or message I'm looking to put across, no particular order to read them in and no agenda but for you to take pleasure in the power of words, whatever order they come in! Enjoy!

Why I Am Not a Secularist *U of Minnesota Press*

Religion's influence in American politics is obvious in recent debates about school prayer, abortion, and homosexuality, as well as in the success of grassroots religious organizations in mobilizing voters. Many liberal secularists decry this trend, rejecting any interaction between politics and religion. But in *Why I Am Not a Secularist*, distinguished political theorist William E. Connolly argues that secularism, although admirable in its pursuit of freedom and diversity, too often undercuts these goals through its narrow and intolerant understandings of public reason. In response, he crafts a new model of public life that more accurately reflects the needs of contemporary politics.

I Am Not Your Negro

A Docalogue *Routledge*

As the inaugural volume in the Docalogue series, this book models a new form for the discussion of documentary film. James Baldwin's writing is intensely relevant to contemporary politics and culture, and Peck's strategies for representing him and conveying his work in *I Am Not Your Negro* (2016) raise important questions about how documentary can bring the work of a complex thinker like Baldwin to a broader public. By combining five distinct perspectives on a single documentary film, this book offers different critical approaches to the same media object, acting both as an intensive scholarly treatment of a film and as a guide for how to analyze, theorize, and contextualize a documentary. Undergraduate and graduate students as well as scholars of film and media studies, communication studies, African American studies, and gender and sexuality studies will find this book extremely useful in understanding the significance of this film and the ways in which it offers insight into not only Baldwin and his writings but also wider historical and contemporary realities.

I Am Not a Tractor!

How Florida Farmworkers Took On the Fast Food Giants and Won *Cornell University Press*

I Am Not a Tractor! celebrates the courage, vision, and creativity of the farmworkers and community leaders who have transformed one of the worst agricultural situations in the United States into one of the best. Susan L. Marquis highlights past abuses workers suffered in Florida's tomato fields: toxic pesticide exposure, beatings, sexual assault, rampant wage theft, and even, astonishingly, modern-day slavery. Marquis unveils how, even without new legislation, regulation, or government participation, these farmworkers have dramatically improved their work conditions. Marquis credits this success to the immigrants from Mexico, Haiti, and Guatemala who formed the

Coalition of Immokalee Workers, a neuroscience major who takes great pride in the watermelon crew he runs, a leading farmer/grower who was once homeless, and a retired New York State judge who volunteered to stuff envelopes and ended up building a groundbreaking institution. Through the Fair Food Program that they have developed, fought for, and implemented, these people have changed the lives of more than thirty thousand field workers. *I Am Not a Tractor!* offers a range of solutions to a problem that is rooted in our nation's slave history and that is worsened by ongoing conflict over immigration.

Zach had always been an easygoing young man who had never displayed an outburst of anger. When his grades began to plummet during his freshman year, Zach returned home to begin a different path. But, as his father details, it was not long before Zach's personality changed. He became reclusive, withdrawn, and suicidal; he was eventually prescribed Zoloff, an antidepressant that everyone trusted to be safe. It is only when Zach's parents discovered a body behind their couch and no sign of Zach that they realized they were in the midst of a nightmare instigated by side effects of the very drug they thought would help their son. *I Am Not Silent* shares the true story of one family's faith-filled, life-changing journey through depression and the subsequent after-effects of a prescription antidepressant that sheds much-needed light on the frightening issue of drug-induced insanity.

If I Am Not For Myself

Journey of an Anti-Zionist Jew *Verso Books*

An eloquent and deeply felt memoir exploring the author's complex relationship with his Jewish identity. *If I Am Not For Myself* is a passionate, thought-provoking exploration of what it means to be Jewish in the twenty-first century. It traces the author's upbringing in 1960s Jewish-American suburbia, his anti-war and pro-Palestinian activism on the British left, and life as a Jew among Muslims in Pakistan, Morocco, and Britain. Interwoven with this are the experiences of his grandfather's life in Jewish New York of the 1930s and 40s, his struggles with anti-Semitism and the twists and turns that led him from anti-fascism to militant Zionism. In the course of this deeply personal story, Marqusee refutes the claims of Israel and Zionism on Jewish loyalty and laments their impact on the Jewish diaspora. Rather, he argues for a richer, more multi-dimensional understanding of Jewish history and identity, and reclaims vital political and personal space for those castigated as "self-haters" by the Jewish establishment.

I Am Not Forgotten God Knows My Name *Xulon Press*

The Author in this work recounts her life tales, practise and understanding of purpose, demonstrating positive response to process that births it. The narrations were down to earth, encounters were unimaginably inhuman, sordid, and undignifying but courage and patience had the better valour. She was cheated, dejected and humiliated. Stoutly, she kept a calm disposition. Her teachable spirit and deference to counsel leveraged on divine strength and victory for her. She was rewarded. Everything fell into shape. Life now has a meaning; desires, pictures and dreams of life are established. I recommend this great book from my daughter in faith to all who acknowledge there is hope in their future, and future in their hope. What you are going through will not see your end; you will see their end. As she, uncompromisingly made it through righteous principles, on same track, you will make it. Seeing you on the sunny side of life. Dr Tunde Bakare Serving Overseer The Latter Rain Assembly Lagos, Nigeria.
