### Blueprint for Black Power

#### **A Moral, Political, and Economic Imperative for the Twenty-first Century** *Afrikan World Infosystems*

Afrikan life into the coming millennia is imperiled by White and Asian power. True power must nest in the ownership of the real estate wherever Afrikan people dwell. Economic destiny determines biological destiny. 'Blueprint for Black Power' details a master plan for the power revolution necessary for Black survival in the 21st century. White treatment of Afrikan Americans, despite a myriad of theories explaining White behavior, ultimately rests on the fact that they can. They possess the power to do so. Such a power differential must be neutralized if Blacks are to prosper in the 21st century ... Aptly titled, 'Blueprint for Black Power' stops not at critique but prescribes radical, practical theories, frameworks and approaches for true power. It gives a biting look into Black potentiality. (Back cover).

### Blueprint for Black Power

#### **A Moral, Political, and Economic Imperative for the Twenty-first Century** *Afrikan World Infosystems*

### Bloody Lowndes

#### **Civil Rights and Black Power in Alabama's Black Belt** *NYU Press*

The treatment of eating disorders remains controversial, protracted, and often unsuccessful. Therapists face a number of impediments to the optimal care fo their patients, from transference to difficulties in dealing with the patient's family. Treating Eating Disorders addresses the pressure and

responsibility faced by practicing therapists in the treatment of eating disorders. Legal, ethical, and interpersonal issues involving compulsory treatment, food refusal and forced feeding, managed care, treatment facilities, terminal care, and how the gender of the therapist affects treatment figure centrally in this invaluable navigational guide.

### Race First

#### **The Ideological and Organizational Struggles of Marcus Garvey and the Universal Negro Improvement Association** *The Majority Press*

A classic study of the Garvey movement, this is,the most thoroughly researched book on Garvey's,ideas by a historian of black nationalism.,.

### Blueprint for Revolution

#### **How to Use Rice Pudding, Lego Men, and Other Nonviolent Techniques to Galvanize Communities, Overthrow Dictators, or Simply Change the World** *Random House*

An urgent and accessible handbook for peaceful protesters, activists, and community organizers—anyone trying to defend their rights, hold their government accountable, or change the world Blueprint for Revolution will teach you how to • make oppression backfire by playing your opponents’ strongest card against them • identify the “almighty pillars of power” in order to shift the balance of control • dream big, but start small: learn how to pick battles you can win • listen to what people actually care about in order to incorporate their needs into your revolutionary vision • master the art of compromise to bring together even the most disparate groups • recognize your allies and view your enemies as potential partners • use humor to make yourself heard, defuse potentially violent situations, and “laugh your way to victory” Praise for Blueprint for Revolution “The title is no exaggeration. Otpor’s methods . . . have been adopted by democracy movements around the world. The Egyptian opposition used them to topple Hosni Mubarak. In Lebanon, the Serbs helped the Cedar Revolution extricate the country from Syrian control. In Maldives, their methods were the key to overthrowing a dictator who had held power for thirty years. In many other countries, people have used what Canvas teaches to accomplish other political goals, such as fighting corruption or protecting the environment.”—The New York Times “A clear, well-constructed, and easily applicable set of principles for any David facing any Goliath (sans slingshot, of course) . . . By the end of Blueprint, the idea that a punch is no match for a punch line feels like anything but a joke.”—The Boston Globe “An entertaining primer on the theory and practice of peaceful protest.”—The Guardian “With this wonderful book, Srdja Popovic is inspiring ordinary people facing injustice and oppression to use this tool kit to challenge their oppressors and create something much better. When I was growing up, we dreamed that young people could bring down those who misused their power and create a more just and democratic society. For Srdja Popovic, living in Belgrade in 1998, this same dream was potentially a much more dangerous idea. But with an extraordinarily courageous group of students that formed Otpor!, Srdja used imagination, invention, cunning, and lots of humor to create a movement that not only succeeded in toppling the brutal dictator Slobodan Milošević but has become a blueprint for nonviolent revolution around the world. Srdja rules!”—Peter Gabriel “Blueprint for Revolution is not only a spirited guide to changing the world but a breakthrough in the annals of advice for those who seek justice and democracy. It asks (and not heavy-handedly): As long as you want to change the world, why not do it joyfully? It’s not just funny. It’s seriously funny. No joke.”—Todd Gitlin, author of The Sixties and Occupy Nation

### The Devil You Know

#### **A Black Power Manifesto** *HarperCollins*

INSTANT NEW YORK TIMES BESTSELLER A New York Times Editor’s Choice | A Kirkus Best Nonfiction Book of the Year From journalist and New York Times bestselling author Charles Blow comes a powerful manifesto and call to action, "a must-read in the effort to dismantle deep-seated poisons of systemic racism and white supremacy" (San Francisco Chronicle). Race, as we have come to understand it, is a fiction; but, racism, as we have come to live it, is a fact. The point here is not to impose a new racial hierarchy, but to remove an existing one. After centuries of waiting for white majorities to overturn white supremacy, it seems to me that it has fallen to Black people to do it themselves. Acclaimed columnist and author Charles Blow never wanted to write a “race book.” But as violence against Black people—both physical and psychological—seemed only to increase in recent years, culminating in the historic pandemic and protests of the summer of 2020, he felt compelled to write a new story for Black Americans. He envisioned a succinct, counterintuitive, and impassioned corrective to the myths that have for too long governed our thinking about race and geography in America. Drawing on both political observations and personal experience as a Black son of the South, Charles set out to offer a call to action by which Black people can finally achieve equality, on their own terms. So what will it take to make lasting change when small steps have so frequently failed? It’s going to take an unprecedented shift in power. The Devil You Know is a groundbreaking manifesto, proposing nothing short of the most audacious power play by Black people in the history of this country. This book is a grand exhortation to generations of a people, offering a road map to true and lasting freedom.

#### **Where Do We Go from Here?** *Xlibris Corporation*

As the characters go through their daily journeys, each one finds themselves often pondering the question: Where do we go from here? Some will realize the answer to that question, while others will be left to figure out which way to turn next. Interwoven in this novel are issues and lessons related to friendship, love, death, family secrets, betrayal, heartbreak and pure bliss. Set in the suburbs of Maryland and the Washington Metropolitan area, you’ll take a ride through the characters’ lives that will touch your heart and leave you wanting more.

#### **The Black Power Movement and American Social Work** *Columbia University Press*

The Black Power movement has often been portrayed in history and popular culture as the quintessential "bad boy" of modern black movement-making in America. Yet this impression misses the full extent of Black Power's contributions to U.S. society, especially in regard to black professionals in social work. Relying on extensive archival research and oral history interviews, Joyce M. Bell follows two groups of black social workers in the 1960s and 1970s as they mobilized Black Power ideas, strategies, and tactics to change their national professional associations. Comparing black dissenters within the National Federation of Settlements (NFS), who fought for concessions from within their organization, and those within the National Conference on Social Welfare (NCSW), who ultimately adopted a separatist strategy, she shows how the Black Power influence was central to the creation and rise of black professional associations. She also provides a nuanced approach to studying race-based movements and offers a framework for understanding the role of social movements in shaping the non-state organizations of civil society.

Afrikan Centered Consciousness Versus the New World Order

Garveyism in the Age of Globalism

Waiting 'Til the Midnight Hour

A Narrative History of Black Power in America Macmillan

A history of the Black Power movement in the United States traces the origins and evolution of the influential movement and examines the ways in which Black Power redefined racial identity and culture.

Stokely Speaks

From Black Power to Pan-Africanism Chicago Review Press

In the speeches and articles collected in this book, the black activist, organizer, and freedom fighter Stokely Carmichael traces the dramatic changes in his own consciousness and that of black Americans that took place during the evolving movements of Civil Rights, Black Power, and Pan-Africanism. Unique in his belief that the destiny of African Americans could not be separated from that of oppressed people the world over, Carmichael's Black Power principles insisted that blacks resist white brainwashing and redefine themselves. He was concerned not only with racism and exploitation, but with cultural integrity and the colonization of Africans in America. In these essays on racism, Black Power, the pitfalls of conventional liberalism, and solidarity with the oppressed masses and freedom fighters of all races and creeds, Carmichael addresses questions that still confront the black world and points to a need for an ideology of black and African liberation, unification, and transformation.

The Brown Mama Mindset

A Blueprint for Black Moms on Life, Love and Home Createspace Independent Publishing Platform

The Brown Mama Mindset is a blueprint for Black moms on life, love and home. Single moms and married moms alike will find a set of parenting principles that will guide African-American moms on a journey to: Efficiently manifest your life's purpose on a timeline that is conducive to raising happy, healthy and well-rounded children. Engage in productive relationships from a place of self-love and abundance, rather than control and lack. View your home and the role of being a Brown Mama for what it really is: your own personal breeding ground for self-mastery. Rather than telling you how to be a mother, this book will help you understand that motherhood is not just about taking care of your children, it's about transforming into the woman that you are divinely destined to be.

Mainstreaming Black Power Univ of California Press

Mainstreaming Black Power upends the narrative that the Black Power movement allowed for a catharsis of black rage but achieved little institutional transformation or black uplift. Retelling the story of the 1960s and 1970s across the United States—and focusing on New York, Atlanta, and Los Angeles—this book reveals how the War on Poverty cultivated black self-determination politics and demonstrates that federal, state, and local policies during this period bolstered economic, social, and educational institutions for black control. Mainstreaming Black Power shows more convincingly than ever before that white power structures did engage with Black Power in specific ways that tended ultimately to reinforce rather than challenge existing racial, class, and gender hierarchies. This book emphasizes that Black Power’s reach and legacies can be understood only in the context of an ideologically diverse black community.

Black Radical: The Life and Times of William Monroe Trotter Liveright Publishing

New York Times • Times Critics Top Books of 2019 This long-overdue biography reestablishes William Monroe Trotter’s essential place next to Douglass, Du Bois, and King in the pantheon of American civil rights heroes. William Monroe Trotter (1872– 1934), though still virtually unknown to the wider public, was an unlikely American hero. With the stylistic verve of a newspaperman and the unwavering fearlessness of an emancipator, he galvanized black working- class citizens to wield their political power despite the violent racism of post- Reconstruction America. For more than thirty years, the Harvard-educated Trotter edited and published the Guardian, a weekly Boston newspaper that was read across the nation. Defining himself against the gradualist politics of Booker T. Washington and the elitism of W. E. B. Du Bois, Trotter advocated for a radical vision of black liberation that prefigured leaders such as Marcus Garvey, Malcolm X, and Martin Luther King Jr. Synthesizing years of archival research, historian Kerri Greenidge renders the drama of turn- of- the- century America and reclaims Trotter as a seminal figure, whose prophetic, yet ultimately tragic, life offers a link

between the vision of Frederick Douglass and black radicalism in the modern era.

Superpower

Australia's Low-Carbon Opportunity Black Inc.

The fog of Australian politics on climate change has obscured a fateful reality: Australia has the potential to be an economic superpower of the future post-carbon world. We have unparalleled renewable energy resources. We also have the necessary scientific skills. Australia could be the natural home for an increasing proportion of global industry. But how do we make this happen? In this crisp, compelling book, Australia’s leading thinker about climate and energy policy offers a road map for progress, covering energy, transport, agriculture, the international scene and more. Rich in ideas and practical optimism, Superpower is a crucial, timely contribution to this country’s future.

The Black Male Handbook

A Blueprint for Life Simon and Schuster

Author and activist Kevin Powell and contributors Lasana Omar Hotep, Jeff Johnson, Byron Hurt, Dr. William Jelani Cobb, Ryan Mack, Kendrick B. Nathaniel, and Dr. Andre L. Brown tap into the social and political climate rising in the African American community with this collection of essays for Black males on surviving, living, and winning. The Black Male Handbook answers a collective hunger for new direction, fresh solutions to old problems, and a different kind of conversation—man-to-man and with Black male voices, all of the hip hop generation. The book tackles issues related to political, practical, cultural, and spiritual matters, and ending violence against women and girls. The book also features an appendix filled with useful readings, advice, and resources. The Black Male Handbook is a blueprint for those aspiring to thrive against the odds in America today. This is a must-have book, not only for Black male readers, but the women who befriend, parent, partner, and love them.

Book Blueprint

How Any Entrepreneur Can Write an Awesome Book Morgan James Publishing

With the availability of self-publishing services and the rise of the entrepreneur as a thought leader, writing a book is becoming more appealing to an increasing number of small business owners. The problem? Most small business owners aren't writers, have never written a book before, are time poor and don't know where to start. While many want to write a book, they worry about investing months of their time and thousands of their dollars to write something that isn't any good, or to not even finish. Book Blueprint gives a step-by-step framework that any entrepreneur can follow to write a great book quickly, even if they're not a writer.

Blueprint

How the Democrats Won Colorado (and Why Republicans Everywhere Should Care) Fulcrum Publishing

Through the microcosm of Colorado's stunning political transformation, this is an inside look at the rapidly-changing business of campaigns and elections. The techniques pioneered in Colorado have been recognized by both parties and pundits as the future of American politics.

The Revolution Has Come

Black Power, Gender, and the Black Panther Party in Oakland Duke University Press

In The Revolution Has Come Robyn C. Spencer traces the Black Panther Party's organizational evolution in Oakland, California, where hundreds of young people came to political awareness and journeyed to adulthood as members. Challenging the belief that the Panthers were a projection of the leadership, Spencer draws on interviews with rank-and-file members, FBI files, and archival materials to examine the impact the organization's internal politics and COINTELPRO's political repression had on its evolution and dissolution. She shows how the Panthers' members interpreted, implemented, and influenced party ideology and programs; initiated dialogues about gender politics; highlighted ambiguities in the Panthers' armed stance; and criticized organizational priorities. Spencer also centers gender politics and the experiences of women and their contributions to the Panthers and the Black Power movement as a whole. Providing a panoramic view of the party's organization over its sixteen-year history, The Revolution Has Come shows how the Black Panthers embodied Black Power through the party's international activism, interracial alliances, commitment to address state violence, and desire to foster self-determination in Oakland's black communities.

Global Health Security

A Blueprint for the Future Harvard University Press

With lessons learned from COVID-19, a world-leading expert on pandemic preparedness proposes a pragmatic plan urgently needed for the future of global health security. The COVID-19 pandemic revealed how unprepared the world was for such an event, as even the most sophisticated public health systems failed to cope. We must have far more investment and preparation, along with better detection, warning, and coordination within and across national boundaries. In an age of global pandemics, no country can achieve public health on its own. Health security planning is paramount. Lawrence O. Gostin has spent three decades designing resilient health systems and governance that take account of our interconnected world, as a

close advisor to the Centers for Disease Control and Prevention (CDC), the World Health Organization (WHO), and many public health agencies globally. Global Health Security addresses the borderless dangers societies now face, including infectious diseases and bioterrorism, and examines the political, environmental, and socioeconomic factors exacerbating these threats. Weak governance, ineffective health systems, and lack of preparedness are key sources of risk, and all of them came to the fore during the COVID-19 crisis, even—sometimes especially—in wealthy countries like the United States. But the solution is not just to improve national health policy, which can only react after the threat is realized at home. Gostin further proposes robust international institutions, tools for effective cross-border risk communication and action, and research programs targeting the global dimension of public health. Creating these systems will require not only sustained financial investment but also shared values of cooperation, collective responsibility, and equity. Gostin has witnessed the triumph of these values in national and international forums and has a clear plan to tackle the challenges ahead. Global Health Security therefore offers pragmatic solutions that address the failures of the recent past, while looking toward what we know is coming. Nothing could be more important to the future health of nations.

## Power to the Public

### The Promise of Public Interest Technology *Princeton University Press*

A powerful new blueprint for how governments and nonprofits can harness the power of digital technology to help solve the most serious problems of the twenty-first century As the speed and complexity of the world increases, governments and nonprofit organizations need new ways to effectively tackle the critical challenges of our time—from pandemics and global warming to social media warfare. In *Power to the Public*, Tara Dawson McGuinness and Hana Schank describe a revolutionary new approach—public interest technology—that has the potential to transform the way governments and nonprofits around the world solve problems. Through inspiring stories about successful projects ranging from a texting service for teenagers in crisis to a streamlined foster care system, the authors show how public interest technology can make the delivery of services to the public more effective and efficient. At its heart, public interest technology means putting users at the center of the policymaking process, using data and metrics in a smart way, and running small experiments and pilot programs before scaling up. And while this approach may well involve the innovative use of digital technology, technology alone is no panacea—and some of the best solutions may even be decidedly low-tech. Clear-eyed yet profoundly optimistic, *Power to the Public* presents a powerful blueprint for how government and nonprofits can help solve society’s most serious problems.

## We Are Indivisible

### A Blueprint for Democracy After Trump *Atria/One Signal Publishers*

NATIONAL BESTSELLER “The breakout star of the new activists.” —The Economist “If Democrats are able to retake the House in 2018, it will be a victory built from Greenberg and Levin’s blueprint.” —Politico “One of the biggest successes so far this year...Indivisible has played a leading role in turning out voters at congressional town halls to voice their opposition.” —The New York Times “The centerpiece of a robust new grassroots machinery.” —Rolling Stone This is a story of democracy under threat. It’s the story of a movement rising up to respond. And it’s a story of what comes next. Shortly after Trump’s election, two outraged former congressional staffers wrote and posted a tactical guide to resisting the Trump agenda. This Google Doc entitled “Indivisible” was meant to be read by friends and family. No one could have predicted what happened next. It went viral, sparking the creation of thousands of local Indivisible groups in red, blue, and purple states, mobilizing millions of people and evolving into a defining movement of the Trump Era. From crowding town halls to killing TrumpCare to rallying around candidates to build the Blue Wave, Indivisibles powered the fight against Trump—and pushed the limits of what was politically possible. In *We Are Indivisible: A Blueprint for Democracy After Trump*, the (still-married!) co-executive directors of Indivisible tell the story of the movement. They offer a behind-the-scenes look at how change comes to Washington, whether Washington wants it or not. And they explain how we’ll win the coming fight for the future of American democracy. *We Are Indivisible* isn’t a book of platitudes about hope; it’s a steely-eyed guide to people power—how to find it, how to build it, and how to use it to usher in the post-Trump era. \*All proceeds to the author go to Indivisible’s Save Democracy Fund

## The Blueprint

### 6 Practical Steps to Lift Your Leadership to New Heights *John Wiley & Sons*

A Wall Street Journal and Publishers Weekly Bestseller Lift your leadership to new heights Doug Conant, Founder of ConantLeadership, former CEO of Campbell Soup Company, and former President of Nabisco Foods, shares transformational insights in his new book, *The Blueprint*. Conant is the only former Fortune 500 CEO who is a New York Times bestselling author, a top 50 Leadership Innovator, a Top 100 Leadership Speaker, and a Top 100 Most Influential Author in the World. Get Unstuck In 1984, Doug Conant was fired without warning and with barely an explanation. He felt hopeless and stuck but, surprisingly, this defeating turn of events turned out to be the best thing that ever happened to him. Doug began to consider what might be holding him back from realizing his potential, fulfilling his dreams, and making a bigger impact on the world around him. Embarking on a journey of self-reflection and discovery, he forged a path to revolutionize his leadership and transform his career trajectory. Ultimately, Doug was able to condense his remarkable leadership story into six practical steps. It wasn't until Doug worked through these six steps that he was able to lift his leadership to heights that ultimately brought him career success, joy, and fulfillment. Reach High - Envision Dig Deep - Reflect Lay the Groundwork - Study Design - Plan Build - Practice Reinforce - Improve In *The Blueprint*, part leadership manifesto, part practical manual, Doug teaches leaders how to work through the same six steps that he used to transform his journey. The six steps are manageable and incremental, designed to fit practically within the pace of busy modern life. Knowing how daunting the prospect of change can be, Doug arms readers with exercises and practices to

realistically bring their foundation to life in every situation. Now, today’s leaders who feel stuck and overwhelmed finally have a blueprint for lifting their leadership to make meaningful change in their organizations and in the world.

## The Power of Creative Destruction

### Economic Upheaval and the Wealth of Nations *Harvard University Press*

From one of the world’s leading economists and his coauthors, a cutting-edge analysis of what drives economic growth and a blueprint for prosperity under capitalism. Crisis seems to follow crisis. Inequality is rising, growth is stagnant, the environment is suffering, and the COVID-19 pandemic has exposed every crack in the system. We hear more and more calls for radical change, even the overthrow of capitalism. But the answer to our problems is not revolution. The answer is to create a better capitalism by understanding and harnessing the power of creative destruction—innovation that disrupts, but that over the past two hundred years has also lifted societies to previously unimagined prosperity. To explain, Philippe Aghion, Céline Antonin, and Simon Bunel draw on cutting-edge theory and evidence to examine today’s most fundamental economic questions, including the roots of growth and inequality, competition and globalization, the determinants of health and happiness, technological revolutions, secular stagnation, middle-income traps, climate change, and how to recover from economic shocks. They show that we owe our modern standard of living to innovations enabled by free-market capitalism. But we also need state intervention with the appropriate checks and balances to simultaneously foster ongoing economic creativity, manage the social disruption that innovation leaves in its wake, and ensure that yesterday’s superstar innovators don’t pull the ladder up after them to thwart tomorrow’s. A powerful and ambitious reappraisal of the foundations of economic success and a blueprint for change, *The Power of Creative Destruction* shows that a fair and prosperous future is ultimately ours to make.

## Black Labor, White Wealth

### The Search for Power and Economic Justice

"Dr. Anderson's first book is a classic. It tracks slavery and Jim Crow public policies that used black labor to construct a superpower nation. It details how black people were socially engineered into the lowest level of a real life Monopoly game, which they are neither playing or winning. Black Labor is a comprehensive analysis of the issues of race. Dr. Anderson uses the analysis in this book to offer solutions to America's race problem." -- Amazon website.

## Quest for Power

### European Imperialism and the Making of Chinese Statecraft *Harvard University Press*

China’s late-imperial history has been framed as a long coda of decline, played out during the Qing dynasty. Reappraising this narrative, Stephen Halsey traces the origins of China’s current great-power status to this so-called decadent era, when threats of war with European and Japanese empirestriggered innovative state-building and statecraft.

### The Willie Lynch Letter and the Making of a Slave *Ravenio Books*

This speech was said to have been delivered by Willie Lynch on the bank of the James River in the colony of Virginia in 1712. Lynch was a British slave owner in the West Indies. He was invited to the colony of Virginia in 1712 to teach his methods to slave owners there.

## Equity by Design

### Delivering on the Power and Promise of UDL *Corwin Press*

When it comes to the hard work of reconstructing our schools into places where every student has the opportunity to succeed, Mirko Chardin and Katie Novak are absolutely convinced that teachers should serve as our primary architects. And by “teachers” they mean legions of teachers working in close collaboration. After all, it’s teachers who design students’ learning experiences, who build student relationships . . . who ultimately have the power to change the trajectory of our students’ lives. *Equity by Design* is intended to serve as a blueprint for teachers to alter the all-too-predictable outcomes for our historically under-served students. A first of its kind resource, the book makes the critical link between social justice and Universal Design for Learning (UDL) so that we can equip students (and teachers, too) with the will, skill, and collective capacity to enact positive change. Inside you’ll find: Concrete strategies for designing and delivering a culturally responsive, sustainable, and equitable framework for all students Rich examples, case studies, and implementation spotlights of educators, students (including Parkland survivors), and programs that have embraced a social justice imperative Evidence-based application of best practices for UDL to create more inclusive and equitable classrooms A flexible format to facilitate use with individual teachers, teacher teams, and as the basis for whole-school implementation “Every student,” Mirko and Katie insist, “deserves the opportunity to be successful regardless of their zip code, the color of their skin, the language they speak, their sexual and/or gender identity, and whether or not they have a disability.” Consider *Equity by Design* a critical first step forward in providing that all-important opportunity. “Our calling is to drop our egos, commit to removing barriers, and treat our learners with the unequivocal respect and dignity they deserve.” ~Mirko Chardin and Katie Novak

## The Blueprint

**A Black Student Union Handbook** *Createspace Independent Pub*

With "The Blueprint: A BSU Handbook," educator, author, and activist Agyei Tyehimba provides Black college students with all the information they need to effectively lead Black Student Unions on college campuses. Chapters include "The Purpose of a BSU," "Leadership Training," "Maintaining Archives," "Alliances," "Programming," "Propaganda," "Utilizing Media," "Building Morale," "Making Decisions," "The Anatomy of a Movement," and much more. Easy to follow, and chock-full of useful information, this groundbreaking book will put student leaders and their organizations way ahead of the curve.

**Your Next Level Life**

**7 Rules of Power, Confidence, and Opportunity for Black Women in America** *Mango Media Inc.*

How Big Do You Want to Live? Channel your black girl magic: If you’re feeling stuck or trapped by other people’s expectations of what you can achieve, it’s time to stop playing small and start redefining what success can mean for you. It’s time to get that upgrade. Karen Arrington—founder of the Miss Black USA Pageant, creator of the Next Level Women’s Summit, and mentor to thousands of confident, successful young black women—is your guide to getting your next level life. Leave a legacy of black excellence: With the seven simple rules, you’ll learn how to bring your career, income, and lifestyle to that next level. Don’t settle for a life of invisibility and mediocrity. Set ambitious goals, reach for bigger opportunities, and know that you are brave enough to get what you deserve. The rules of success in Your Next Level Life will show you how to: • Create all the money you need • Position yourself like a star • Connect with other powerful women Give a gift of confidence: For anyone looking for inspirational gifts for women in their lives, Your Next Level Life is unlike other self-help books for women. It’s a guide to opportunity that recognizes and celebrates the true magic of ambitious black women. Your Next Level Life is where Gay Hendricks’s The Big Leap meets Shonda Rhimes’s Year of Yes. If you liked personal development books like Believe Bigger and Don't Settle for Safe, you'll love Your Next Level Life: 7 Rules of Power, Confidence, and Opportunity for Black Women in America.

**Blueprint**

**The Evolutionary Origins of a Good Society** *Little, Brown Spark*

"A dazzlingly erudite synthesis of history, philosophy, anthropology, genetics, sociology, economics, epidemiology, statistics, and more" (Frank Bruni, The New York Times), Blueprint shows why evolution has placed us on a humane path -- and how we are united by our common humanity. For too long, scientists have focused on the dark side of our biological heritage: our capacity for aggression, cruelty, prejudice, and self-interest. But natural selection has given us a suite of beneficial social features, including our capacity for love, friendship, cooperation, and learning. Beneath all of our inventions -- our tools, farms, machines, cities, nations -- we carry with us innate proclivities to make a good society. In Blueprint, Nicholas A. Christakis introduces the compelling idea that our genes affect not only our bodies and behaviors, but also the ways in which we make societies, ones that are surprisingly similar worldwide. With many vivid examples -- including diverse historical and contemporary cultures, communities formed in the wake of shipwrecks, commune dwellers seeking utopia, online groups thrown together by design or involving artificially intelligent bots, and even the tender and complex social arrangements of elephants and dolphins that so resemble our own -- Christakis shows that, despite a human history replete with violence, we cannot escape our social blueprint for goodness. In a world of increasing political and economic polarization, it's tempting to ignore the positive role of our evolutionary past. But by exploring the ancient roots of goodness in civilization, Blueprint shows that our genes have shaped societies for our welfare and that, in a feedback loop stretching back many thousands of years, societies are still shaping our genes today.

**Seraphim Blueprint**

**The Power of Angel Healing** *1st World Library*

The Seraphim Blueprint introduces an advanced spiritual system that has been dormant for thousands of years. In 1994 a high Angel, a Seraph, began initiating Ruth Rendely into this long-forgotten teaching. She shares the amazing experience of that first of many meetings, when he tells her that she is to bring out an ancient healing modality that existed in Atlantean times. The Angel then proves the power of the system by transmitting healing energies into her in six-minute installations. These energies sing through her body, fixing minor pains, and leaving her exhilarated. He tells her that these energies are now available to be accessed effortlessly by anyone for their own benefit or the healing of others. RUTH RENDELY Gifted with the Seraphim Blueprint, spiritual teacher, intuitive healer, authority on angels, she has taught thousands how to explore their own divinity. ACCLAIM FOR SERAPHIM BLUEPRINT I enthusiastically endorse this book. It is not just a book, it is a journey into life. Through my experience in medicine, I have come to realize that there is more to life than contemporary science can explain, and that is the human soul. Ms. Ruth Rendely has proven this to be right. She has explained her life journey in a way that all of us can relate to, and, more importantly, through her knowledge and experience, she has given hope, belief, and love. I am truly impressed with her God-given talent, and her way to express it so that we all can understand and appreciate it. -Adrian, Bocirnea, M.D. I'm thrilled to see that Ruth Rendely is helping people to make contact, and to work more intimately, with their companion angels. Nothing could be more important at this key point in the evolution of both species. When humanity moves, individual by individual, to fulfill its true destiny, it will be with our angels at our sides. This is an ancient promise and it is coming about in our lifetimes. May those with ears, hear. - Timothy Wyllie, co-author Ask Your Angels This book is a simple story of how one woman opened to the angels and then began to share what she learned with others. Slowly, as you read her tale, you will find shifts happening to you as well. Subtle is the technology of angels, not like knives or guns or bombs. It's a soft technology, and yet it's a powerful one. -Andrew Ramer, co-author Ask Your Angels From the Foreword Seraphim Blueprint is a fascinating account of one woman's journey as she develops the power of healing by explicitly following the guidance of angels. Rendely provides

a must-read book for anyone who believes in the power of angels to help guide us into becoming our best selves. -Randy Peyser, author The Mind, Body, Spirit Speaker's Guid

**The ABCs of the Black Panther Party**

The ABCs of the Black Panther Party uses the alphabet and rhyming to provide children an introduction to the BPP from a decolonized or anti-oppressive viewpoint.

**Revolutionary Power**

**An Activist's Guide to the Energy Transition** *Island Press*

In September 2017, Hurricane Maria hit Puerto Rico, completely upending the energy grid of the small island. The nearly year-long power outage that followed vividly shows how the new climate reality intersects with race and access to energy. The island is home to brown and black US citizens who lack the political power of those living in the continental US. As the world continues to warm and storms like Maria become more commonplace, it is critical that we rethink our current energy system to enable reliable, locally produced, and locally controlled energy without replicating the current structures of power and control. In Revolutionary Power, Shalanda Baker arms those made most vulnerable by our current energy system with the tools they need to remake the system in the service of their humanity. She argues that people of color, poor people, and indigenous people must engage in the creation of the new energy system in order to upend the unequal power dynamics of the current system. Revolutionary Power is a playbook for the energy transformation complete with a step-by-step analysis of the key energy policy areas that are ripe for intervention. Baker tells the stories of those who have been left behind in our current system and those who are working to be architects of a more just system. She draws from her experience as an energy-justice advocate, a lawyer, and a queer woman of color to inspire activists working to build our new energy system. Climate change will force us to rethink the way we generate and distribute energy and regulate the system. But how much are we willing to change the system? This unique moment in history provides an unprecedented opening for a deeper transformation of the energy system, and thus, an opportunity to transform society. Revolutionary Power shows us how.

**I Pony**

**Blueprint for a New America**

What does a future with Vermin Supreme as the President of the United States look like? Free ponies! Zombie-powered energy! Flying winged monkeys! The action is haunting and hilarious in this novella from Vermin Supreme--featuring original art from several artists, including Tony Millionaire (Maakies).

**The Habit Blueprint**

**15 Simple Steps to Transform Your Life**

Change Your Life the Easy Way! What if a few simple strategies could radically transform your life? What if exercising, eating healthy, staying organized, saving money, and reading was something you did automatically? Certified mental trainer, Patrik Edblad, has helped 400+ clients create massive change in their lives. Drawing from his vast experience, as well as his in-depth study of cutting-edge research in cognitive and behavioral psychology, he answers the question: what are the secrets to lasting change? His fascinating findings are presented in The Habit Blueprint: 15 Simple Steps to Transform Your Life. In this book, you will learn: The neurological loop that drives your habit (and how to make it work for you) How a small mindset shift can dramatically increase your chances of success How to create positive effects across all areas of your life with just one "keystone habit" How to make daily progress even if you're tired or pressed for time How to get yourself hooked on your habit A simple strategy to make you to 2x to 3x more likely to follow through every day How to set up a "token economy" to reinforce your habit How to continually review and readjust your approach How to change the "activation energy" of your habits How to surround yourself with encouraging people How to create a "commitment contract" How to use accountability to stick to your habit How to prevent falling for "mental loopholes" How to limit the damage when you have a setback BONUS: The Habit Blueprint Workbook -- A complimentary resource you can use to easily put everything you learn into immediate action The Habit Blueprint is the definite step-by-step guide to putting any habit into place -- and keep it there. Buy it NOW to create lasting change without feeling overwhelmed and frustrated! Pick up your copy today by clicking the BUY NOW button at the top of this page!

**Awakening the Natural Genius of Black Children** *Afrikan World Infosystems*

A guide for parents and educators explains how to stimulate the curiosity and nourish the spirits of young African American children

**The Black Agenda** *OR Books*

Understanding Black politics is key to recognizing the most important social dynamics of the United States. And over the past 40 years no other commentator has been as deeply insightful about the paradoxes and personalities of Black American public life as the journalist and radio host Glen Ford. In this stunning overview, Ford draws on his work for Black Agenda Report, one of the most incisive and perceptive publications of the progressive left, to examine the often-competing struggles for class power and identity in the Black movement. In a survey that stretches from the racist assault on Black people in the wake of Hurricane Katrina, through the engineered bankruptcy of Detroit, to the false promise of the Obama presidency, Ford casts a caustic eye on the empty posturing and corruption of the Democratic Party leadership. This, he insists, depends for electoral

success on a Black constituency whilst co-opting a section of its leadership in a perpetual selling out of working people's interests. Profiling along the way storied Black leaders such as Martin Luther King, Malcom X and James Brown (for whom Ford once worked), The Black Agenda looks, too, beyond American shores at conflicts in Libya, the Congo and the Middle East showing how these are imbricated with racism at home. Ford concludes with a discussion of the Black Lives Matter movement, setting out both its potentialities and pitfalls.

**The Blueprint**

**To Manifest Your Dreams**

Dreaming is good. Dreaming with intention is better. Dreaming with a plan is best.
