Summary. Feminist epistemology is both a paradox and a necessity. Epistemology is a highly general inquiry – into the meaning of knowledge claims and attributions, into conditions for the possibility of knowledge, into the nature of truth and justification, and so on. Feminism is a family of positions and inquiries characterized by some common sociopolitical interests centering on the abolition of sexual and gender inequality.

Summary. Social epistemology may be defined as the conceptual and normative study of the social dimensions of knowledge. It studies the bearing of social relations, interests, roles, and institutions – what I will term “social conditions” – on the conceptual and normative conditions of knowledge. It differs from the sociology of knowledge in being a conceptual and normative, and not primarily empirical, study, and in limning the necessary and not merely the contingent social ...
