It makes a massive difference to the way an SMG car drives, I'd definitely try it before I'd consider changing for a manual. SMG and manual both have their foibles, but I don't think I'd consider changing one for the other, unless your SMG pump is faulty then consider converting the car to manual possibly.

100% depends why your buying it. I,ve had both,first one was SMG and yes it was "dim witted and slow in auto mode",and looking back now that was perfect for what i was using it for i.e going to work and back,and it was good for a blast but being totally honest i never mastered the SMG thing so it always seemed sh*e as it/I could,nt change gear smoothly and i hated the fact it rolled back on ...

The second generation of the sequntial manual transmission developed by the BMW GmbH can be seen as the most famous and successful. The SMG II was created in cooperation with Getrag and the ZF Sachs AG and fitted exclusively to the BMW E46 M3. Also the SMG II bases on the normal manual transmission of the model series, the Getrag S6S420G. The probably most important change compared to the predecessor from the E36 M3 is the introduction of the Drive Logic System – an intelligent control ...
