This chapter focuses on women, work, and family, with a particular focus on differences by educational attainment. First, we review long-term trends regarding family structure, participation in the labor market, and time spent in household production, including time with children. In looking at family, we focus on mothers with children.

Women, Work, and Family

Mothers and fathers thought that the mother's work had a positive impact on their family relationships. The mother's employment provided skills and resources that meant they could meet their children's emotional, developmental and material needs better.

The impact of mothers' employment on family relationships ...

This chapter focuses on women, work, and family, with a particular focus on differences by educational attainment. First, we review long-term trends regarding family structure, participation in the labor market, and time spent in household production, including time with children. In looking at family, we focus on mothers with children.

Women, Work, and Family

Drawing on over 100 hours of interview data, this book is the first to go inside women's work and family lives in a year of working flexibly. The private labours of going part-time, job sharing, and home working are brought to life with vivid personal stories.

BBC - History - Women's Work

While contemporaries commonly portrayed young women as pleasure-loving leisure consumers, this book argues that the world of work was in fact central to their life experiences. Social and economic history are woven together to examine the working, family, and social lives of the maids, factory workers, shop assistants, and clerks who made up the majority of England's young women.

Young Women, Work, and Family in England 1918-1950 ...

In North America and Europe, the dual earner model is now more common than the male breadwinner model. Men and women no longer specialize in one role. Both are involved in paid work and care for...

Research: When Juggling Work and Family, Women Offer More ...

Women, Work and Family is a classic of women's history and is still the only text on the history of women's work in England and France, providing an excellent introduction to the changing status of women from 1750 to the present.

Women, Work and Family by Louise A. Tilly

Work and family are both central to our daily lives. Attempting to balance more numerous and complex work and family roles is a source of stress for many of us, mainly because it causes role

strain and spillover. Role strain occurs when the responsibilities of one role interfere with your ability to fulfill the other roles in your life.

The challenge women have long faced in balancing work and family is receiving renewed public attention, with Hillary Clinton highlighting the issue when she talked about her experiences as a young lawyer and mother at a recent appearance in Silicon Valley.. Women continue to bear a heavier burden when it comes to balancing work and family, despite progress in recent decades to bring about ...

Women still bear heavier load than men in balancing work ...

Young Women, Work and Family in England 1918–1950 is in almost every respect an admirable book—it does what it says on the jacket and its footnotes catalogue the rich evidence for this important topic. My only regret is that, for the reader, the dense and properly cautious text is sometimes hard-going and may defeat less-confident student readers.
