In Appendix A, we present how we measure software quality at the Software Improvement Group (SIG) in accordance with ISO 25010. The Four Types of Software Maintenance Software maintenance is not about fixing wear and

tear. Software is not physical, and therefore it does not degrade by itself the way physical things do.

1. Introduction - Building Maintainable Software, Java ...

Maintainability is not the first topic of discussion when mantra is "build software to throw away". We're in an age of consumerism in software. We reinvent large pieces of software because we don't have a grip on existing ones to be able to repair or extend them. All the known acronyms including NIH are at work.
