Properties of Matter
Lesson 1: What is the

structure of matter?

Matter is anything that takes up space and has mass. An object's mass doesn't change.

Volume is the amount of space something takes up. You can pour water into a different glass and it will have a different shape but the volume does not change.

One clue to helps us
identify matter is

magnetism. Magnetism
is the ability of a
material to be
attracted by a magnet.
Only certain materials
are attracted to
magnets, like iron,
