Evolution of the world wide web. The web has changed a lot since it was first created. The first websites were made up of simple pages of just words and pictures, a bit like online books or magazines.

What is the world wide web? - BBC Bitesize

The early web community produced some revolutionary ideas that are now spreading far beyond the technology sector: Decentralisation: No permission is needed from a central authority to post anything on the web, there is no central controlling node, and so no single point of failure ... and no "kill switch"!
