Deutz-powered air-cooled machines are well-suited for many applications since they cannot freeze or boil-over during normal operation. Deutz also manufactures oil-cooled engines. These can provide the same power as other engine designs, but in a smaller package, since they don't require the additional space to house a radiator. [citation needed] Deutz also makes engines with a tandem oil cooler/radiator configuration; these also do not require antifreeze or coolant agents.
