In We All Fall Down, the authors attempt to bridge that gap between manufacturing and healthcare. It's a novel about Beth, a bed manager, attempting to increase throughput in a 500-bed British hospital. Because of the National Health System, British hospitals run near full capacity. U.S. hospitals census ebbs and flows.

“We All Fall Down” was a slow start until I started to come up to speed on the British health care system, the associated deep-rooted problems and the bottlenecks in the general hospital system. I did not know the one single factor in keeping hospitals from serving the next patient is shortage of beds .
