### Principles Of Nlp The Only

The most important thing regarding maps is that, regardless of how close and dear they are to us, not even one of them is 100% true. Maps are only a medium (not the goal itself) that we can change if we want to. NLP provides us with the tools that we can use to change less useful maps for more useful ones in a certain context.

### NLP Principles - NLP Training Center

The underlying principles of NLP. The underlying principles of NLP. NLP is

based on a strong belief in the possibility of change. You will discover that: People are not their behaviour. When you accept the person, you are free to change behaviour. People already possess all the resources they need to succeed and achieve their desired outcomes - they just need to learn how to unlock them.
