The Pleasures of Reading in an Age of Distraction *Oxford University Press*

In recent years, cultural commentators have sounded the alarm about the dire state of reading in America. Americans are not reading enough, they say, or reading the right books, in the right way. In this book, Alan Jacobs argues that, contrary to the doomsayers, reading is alive and well in America. There are millions of devoted readers supporting hundreds of enormous bookstores and online booksellers. Oprah's Book Club is hugely influential, and a recent NEA survey reveals an actual uptick in the reading of literary fiction. Jacobs's

interactions with his students and the readers of his own books, however, suggest that many readers lack confidence; they wonder whether they are reading well, with proper focus and attentiveness, with due discretion and discernment. Many have absorbed the puritanical message that reading is, first and foremost, good for you--the intellectual equivalent of eating your Brussels sprouts. For such people, indeed for all readers, Jacobs offers some simple, powerful, and much needed advice: read at whim, read what gives you delight, and do so without shame, whether it be Stephen King or the King James Version of the Bible. In contrast to the more methodical approach of Mortimer Adler's classic *How to Read a Book* (1940), Jacobs offers an

insightful, accessible, and playfully irreverent guide for aspiring readers. Each chapter focuses on one aspect of approaching literary fiction, poetry, or nonfiction, and the book explores everything from the invention of silent reading, reading responsively, rereading, and reading on electronic devices. Invitingly written, with equal measures of wit and erudition, *The Pleasures of Reading in an Age of Distraction* will appeal to all readers, whether they be novices looking for direction or old hands seeking to recapture the pleasures of reading they first experienced as children.

Beginning Theory

An Introduction to Literary and

Cultural Theory *Manchester University Press*

In this second edition of *Beginning Theory*, the variety of approaches, theorists, and technical language is lucidly and expertly unraveled and explained, and allows readers to develop their own ideas once first principles have been grasped. Expanded and updated from the original edition first published in 1995, Peter Barry has incorporated all of the recent developments in literary theory, adding two new chapters covering the emergent Eco-criticism and the re-emerging Narratology.

Cooked

A Natural History of Transformation
Penguin

Michael Pollan, the bestselling author of *The Omnivore's Dilemma*, *Food Rules*, and *How to Change Your Mind*, explores the previously uncharted territory of his own kitchen in *Cooked*. "Having described what's wrong with American food in his best-selling *The Omnivore's Dilemma* (2006), *New York Times* contributor Pollan delivers a more optimistic but equally fascinating account of how to do it right. . . . A delightful chronicle of the education of a cook who steps back frequently to extol the scientific and philosophical basis of this deeply satisfying human activity." —Kirkus (starred review) *Cooked* is now a Netflix docuseries based on the book that focuses on the four kinds of "transformations" that occur in cooking. Directed by Oscar-winning filmmaker

Alex Gibney and starring Michael Pollan, *Cooked* teases out the links between science, culture and the flavors we love. In *Cooked*, Pollan discovers the enduring power of the four classical elements—fire, water, air, and earth—to transform the stuff of nature into delicious things to eat and drink. Apprenticing himself to a succession of culinary masters, Pollan learns how to grill with fire, cook with liquid, bake bread, and ferment everything from cheese to beer. Each section of *Cooked* tracks Pollan's effort to master a single classic recipe using one of the four elements. A North Carolina barbecue pit master tutors him in the primal magic of fire; a Chez Panisse-trained cook schools him in the art of braising; a celebrated baker teaches him how air transforms

grain and water into a fragrant loaf of bread; and finally, several mad-genius “fermentos” (a tribe that includes brewers, cheese makers, and all kinds of picklers) reveal how fungi and bacteria can perform the most amazing alchemies of all. The reader learns alongside Pollan, but the lessons move beyond the practical to become an investigation of how cooking involves us in a web of social and ecological relationships. Cooking, above all, connects us. The effects of not cooking are similarly far reaching. Relying upon corporations to process our food means we consume large quantities of fat, sugar, and salt; disrupt an essential link to the natural world; and weaken our relationships with family and friends. In fact, *Cooked* argues, taking back control

of cooking may be the single most important step anyone can take to help make the American food system healthier and more sustainable. Reclaiming cooking as an act of enjoyment and self-reliance, learning to perform the magic of these everyday transformations, opens the door to a more nourishing life.

The Craft of Research, Third Edition

University of Chicago Press

With more than 400,000 copies now in print, *The Craft of Research* is the unrivaled resource for researchers at every level, from first-year undergraduates to research reporters at corporations and government offices. Seasoned researchers and educators Gregory G. Colomb and Joseph M.

Williams present an updated third edition of their classic handbook, whose first and second editions were written in collaboration with the late Wayne C. Booth. *The Craft of Research* explains how to build an argument that motivates readers to accept a claim; how to anticipate the reservations of readers and to respond to them appropriately; and how to create introductions and conclusions that answer that most demanding question, “So what?” The third edition includes an expanded discussion of the essential early stages of a research task: planning and drafting a paper. The authors have revised and fully updated their section on electronic research, emphasizing the need to distinguish between trustworthy sources (such as those found in libraries) and

less reliable sources found with a quick Web search. A chapter on warrants has also been thoroughly reviewed to make this difficult subject easier for researchers. Throughout, the authors have preserved the amiable tone, the reliable voice, and the sense of directness that have made this book indispensable for anyone undertaking a research project.

The Death of Santini

The Story of a Father and His Son *Dial Press*

NEW YORK TIMES BESTSELLER • “A brilliant storyteller, a master of sarcasm, and a hallucinatory stylist whose obsession with the impress of the past on the present binds him to Southern literary tradition.”—The Boston Globe
Pat Conroy’s great success as a writer has always been intimately linked with

the exploration of his family history. As the oldest of seven children who were dragged from military base to military base across the South, Pat bore witness to the often cruel and violent behavior of his father, Marine Corps fighter pilot Donald Patrick Conroy. While the publication of *The Great Santini* brought Pat much acclaim, the rift it caused brought even more attention, fracturing an already battered family. But as Pat tenderly chronicles here, even the oldest of wounds can heal. In the final years of Don Conroy's life, the Santini unexpectedly refocused his ire to defend his son's honor. *The Death of Santini* is a heart-wrenching act of reckoning whose ultimate conclusion is that love can soften even the meanest of men, lending significance to the oft-quoted line from

Pat's novel *The Prince of Tides*: "In families there are no crimes beyond forgiveness." Praise for *The Death of Santini* "A painful, lyrical, addictive read that [Pat Conroy's] fans won't want to miss."—People "Conroy's conviction pulls you fleetly through the book, as does the potency of his bond with his family, no matter their sins."—The New York Times Book Review "Vital, large-hearted and often raucously funny."—The Washington Post "Conroy writes athletically and beautifully, slicing through painful memories like a point guard splitting the defense."—Minneapolis Star Tribune

Conversations of Goethe with Eckermann and Soret

The Future of the Book *Univ of California Press*

The death of the book has been duly announced, and with it the end of brick-and-mortar libraries, traditional publishers, linear narrative, authorship, and disciplinarity, along with the emergence of a more equitable discursive order. These essays suggest that it won't be that simple. While the contributors to this volume are enthusiastic about the possibilities created by digital technologies, they also see the new media raising serious critical issues that force us to reexamine basic notions about rhetoric, reading, and the nature of discourse itself.

Sport, Culture and the Media *McGraw-Hill Education (UK)*

Reviewers' comments on the first edition "Marks the coming of age of the academic study of media sport." *Media, Culture & Society* "The book is extremely well-written – ideal as a student text, yet also at the forefront of innovation." *International Review of Cultural Studies* "A thoroughly worthwhile read and an excellent addition to the growing literature on media sport" *Sport, Education and Society* *Sport, Culture and the Media* was the first book to analyse comprehensively two of the most powerful cultural forces of our times: sport and media. It examines the ways in which media sport has established itself in contemporary everyday life, and how sport and media have made themselves

mutually dependent. This new edition examines the latest developments in sports media, including: Expanded material on new media sport and technology developments Updated coverage of political economy, including major changes in the ownership of sports broadcasting New scholarship and research on recent sports events like the Olympics and the World Cup, sports television and press, and theoretical developments in areas like globalisation and spectatorship. The first part of the book, "Making Media Sport", traces the rise of the sports media and the ways in which broadcast and print sports texts are produced, the values and practices of those who produce them, and the economic and political influences on and implications of 'the media sports cultural

complex'. The second part, "Unmaking the Media Sports Text", concentrates on different media forms – television, still photography, news reporting, film, live commentary, creative sports writing and new media sports technologies. This is a key textbook for undergraduate studies in culture and media, sociology, sport and leisure studies, communication, race, ethnicity and gender.

The Thing Around Your Neck *Knopf Canada*

These twelve dazzling stories from Chimamanda Ngozi Adichie — the Orange Broadband Prize-winning author of *Half of a Yellow Sun* — are her most intimate works to date. In these stories Adichie turns her penetrating eye to the ties that bind men and women, parents and children, Nigeria and the United States. In “A Private Experience,” a

medical student hides from a violent riot with a poor Muslim woman, and the young mother at the centre of “Imitation” finds her comfortable life in Philadelphia threatened when she learns that her husband has moved his mistress into their Lagos home. Searing and profound, suffused with beauty, sorrow and longing, this collection is a resounding confirmation of Adichie’s prodigious literary powers.

Student's Guide to Writing College Papers

Fourth Edition *University of Chicago Press*

High school students, two-year college

students, and university students all need to know how to write a well-reasoned, coherent research paper—and for decades Kate Turabian's *Student's Guide to Writing College Papers* has helped them to develop this critical skill. In the new fourth edition of Turabian's popular guide, the team behind Chicago's widely respected *The Craft of Research* has reconceived and renewed this classic for today's generation. Designed for less advanced writers than Turabian's *Manual of Writers of Research Papers, Theses, and Dissertations*, Seventh Edition, Gregory G. Colomb and Joseph M. Williams here introduce students to the art of defining a topic, doing high-quality research with limited resources, and writing an engaging and solid college paper. The *Student's Guide*

is organized into three sections that lead students through the process of developing and revising a paper. Part 1, "Writing Your Paper," guides students through the research process with discussions of choosing and developing a topic, validating sources, planning arguments, writing drafts, avoiding plagiarism, and presenting evidence in tables and figures. Part 2, "Citing Sources," begins with a succinct introduction to why citation is important and includes sections on the three major styles students might encounter in their work—Chicago, MLA, and APA—all with full coverage of electronic source citation. Part 3, "Style," covers all matters of style important to writers of college papers, from punctuation to spelling to presenting titles, names, and

numbers. The Crown of Columbus *Harper Collins*
In their only fully collaborative literary work, Michael Dorris and Louise Erdrich have written a gripping novel of history, suspense, recovery, and new beginnings. The Crown of Columbus chronicles the adventures of a pair of mismatched lovers--Vivian Twostar, a divorced, pregnant anthropologist, and Roger Williams, a consummate academic, epic poet, and bewildered father of Vivian's baby--on their quest for the truth about Christopher Columbus and themselves. When Vivian uncovers what is presumed to be the most diary of Christopher

Columbus, she and Roger are drawn into a journey from icy New Hampshire to the idyllic Caribbean in search of "the greatest treasure of Europe." Lured by the wild promise of redeeming the past, they are plunged into a harrowing race against time and death that threatens--and finally changes--their lives. A rollicking tale of adventure, *The Crown of Columbus* is also contemporary love story and a tender examination of parenthood and passion.

Plays of Sophocles *Oedipus the King*; *Oedipus at Colonus*; *Antigone*

The legends surrounding the royal house of Thebes inspired Sophocles to create a powerful trilogy of mankind's struggle against fate. *KING OEDIPUS* tells of a man who brings pestilence to Thebes for

crimes he doesn't realise he has committed, and then inflicts a brutal punishment on himself. It is a devastating portrayal of a ruler brought down by his own oath. *OEDIPUS AT COLONUS* provides a fitting conclusion to the life of the aged and blinded king, while *ANTIGONE* depicts the fall of the next generation through the conflict between a young woman ruled by her conscience and a king too confident in his own authority.

Alternative Movie Posters

Film Art from the Underground
Schiffer Pub Limited

Over the years the motion picture industry has (sadly) gravitated to

generating poorly cropped and heavily airbrushed posters that rely far too often on celebrity head shots. Thankfully, an underground network of graphic designers and artists has reinvigorated the art of the movie poster, crafting stunning pieces for classic and cult films. Here is the first comprehensive look at the movement, presenting this eclectic and dynamic medium through more than 200 eye-popping posters from over 100 cutting-edge artists, coupled with fascinating commentary and behind-the-scenes information. These new, underground posters have quickly become the most coveted by ardent moviegoers; they are typically produced in very limited runs, sell out within minutes, and command upwards of several hundred dollars each. With a

smart, fresh visual perspective, alternative movie posters celebrate classics like *Star Wars*, *A Clockwork Orange*, and *The Shining* as well as cult favorites: *The Big Lebowski*, *Blade Runner*, and *Pink Flamingos*.
