Home | International Tax Review

Several prominent international tax academics and practitioners in the United States (e.g., Michael Graetz, David Rosenbloom, Julie Roin, Mitchell Kane) and elsewhere (e.g., Tsilly Dagan) have advocated the view that there is no international tax regime and that countries are free to adopt any tax rules they believe further their own interests.

Introduction: Is there an international tax regime? Is it ...

The first part outlines the international law framework in which the international tax regime operates. It looks at the different sources of international law, such as treaties, customary law, general principles of international law and soft law, in order to demonstrate how these sources are (or are not) influenced by moral theory in general and by the notion of justice in particular.
