Desperate *Simon and Schuster*

Erin Brockovich meets Dark Waters in this propulsive and heart-wrenching legal drama set in Appalachian coal country, as one determined lawyer confronts a coal industry giant in a battle over clean drinking water for a West Virginia community--from Wall Street Journal reporter Kris Maher. For two decades, the water in the taps and wells of Mingo County didn't look, smell, or taste right. Could it be the root of the health problems--from

kidney stones to cancer--in this Appalachian community? Environmental lawyer Kevin Thompson certainly thought so. For seven years, he waged an epic legal battle against Massey Energy, West Virginia's most powerful coal company, helmed by CEO Don Blankenship. While Massey's lawyers worked out of a gray glass office tower in Charleston known as "the Death Star," Thompson set up shop in a ramshackle hotel in the fading coal town of Williamson. Working with fellow lawyers and a crew of young activists, Thompson would eventually uncover the ruthless shortcuts that put the community's drinking water at risk. A respected preacher and his brother, retired coal miners, and women whose families had lived in the area's coal camps for generations, all put their trust in Thompson when they had nowhere else to turn. As he dug deeper into the mystery of the water along a stretch of road where the violence from the legendary Hatfield-McCoy feud still echoes, he was pulled into the darkest corners of Mingo County, risking his finances, his marriage, his career, and even his safety. Bringing to life a rich cast of characters and the legacy of coal mining in an essential yet often misunderstood part of America, *Desperate* is a masterful work of investigative reporting about greed and denial, a revealing portrait of a town besieged by hardship and heartbreak, and an inspiring account of one tenacious environmental lawyer's mission to expose the truth and demand justice.

Cold-Case Christianity *David C Cook*

Written by an L. A. County homicide detective and former atheist, *Cold-Case Christianity* examines the claims of the New Testament using the skills and strategies of a hard-to-convince criminal investigator. Christianity could be defined as a "cold case": it makes a claim about an event from the distant past for which there is little forensic evidence. In *Cold-Case Christianity*, J. Warner Wallace uses his nationally recognized skills as a homicide detective to look at the evidence and eyewitnesses behind Christian beliefs. Including gripping stories from his career and the visual techniques he developed in the courtroom, Wallace uses illustration to examine the powerful evidence that validates the claims of Christianity. A unique apologetic that speaks to readers' intense interest in detective stories, *Cold-Case Christianity* inspires readers to have confidence in Christ as it prepares them to articulate the case for Christianity.

A Naked Singularity *University of Chicago Press*

A Naked Singularity tells the story of Casi, a child of Colombian immigrants who lives in Brooklyn and works in Manhattan as a public defender--one who, tellingly has never lost a trial. Never. In the book, we watch what happens when his sense of justice and even his sense of self begin to crack--and how his world then slowly devolves. It's a huge, ambitious novel clearly in the vein of DeLillo, Foster Wallace, Pynchon, and even Melville, and it's told in a distinct, frequently hilarious voice, with a striking human empathy at its center. Its panoramic reach takes readers through crime and courts, immigrant families and urban blight, media savagery and media satire, scatology and boxing, and even a breathless heist worthy of any crime novel. If Infinitejest stuck a pin in the map of mid-90s culture and drew our trajectory from there, *A Naked Singularity* does the same for the feeling of surfeit, brokenness, and exhaustion that permeates our civic and cultural life today. In the opening sentence of William Gaddis's *A Frolic of His Own*, a character sneers, "Justice? You get justice in the next world. In this world, you get the law." *A Naked Singularity* reveals the extent of that gap, and lands firmly on the side of those who are forever getting the law.

52 Funeral Sermons *Createspace Independent Pub*

For most of us, one of the most rewarding, yet difficult tasks, is preparing messages to preach and teach. We are honored by God to stand before our congregation each week, and we want to give them the very best, but with the press of the many demands of ministry, sometimes that is difficult to do. And if you're like me, you prefer writing your own sermons because you have a special connection with your congregation that is hard to reach through a message someone else has written. In other words, no one knows your people like you do! Our new Pulpit Outline Series gives you a starting point - a sermon title, a deductive sermon outline; and a relevant illustration you can use however you like. In this edition, rather than an outline, we have given you full manuscript messages that can be edited to suit your purposes. We invite you to make these messages your own, because only you know the people God has called you to preach to. And we are so honored that you've invested in this unique third volume in the Pulpit Outline series - 52 Funeral Sermons. We have put together the most tasteful, relevant, and Biblical messages possible. May God Bless You as You Share His Word!

Ecology of Fear *Verso Books*

A witty and engrossing look at Los Angeles' urban ecology and the city's place in America's cultural fantasies Earthquakes. Wildfires. Floods. Drought. Tornadoes. Snakes in the sea, mountain lions, and a plague of bees. In this controversial tour de force of scholarship, unsparing vision, and inspired writing, Mike Davis, the author of *City of Quartz*, revisits Los Angeles as a Book of the Apocalypse theme park. By brilliantly juxtaposing L.A.'s fragile natural ecology with its disastrous environmental and social history, he compellingly shows a city deliberately put in harm's way by land developers, builders, and politicians, even as the incalculable toll of inevitable future catastrophe continues to accumulate. Counterpointing L.A.'s central role in America's fantasy life--the city has been destroyed no less than 138 times in novels and films since 1909--with its wanton denial of its own real history, Davis creates a revelatory kaleidoscope of American fact, imagery, and sensibility. Drawing upon a vast array of sources, *Ecology of Fear* meticulously captures the nation's violent malaise and desperate social unease at the millennial end of "the American century." With savagely entertaining wit and compassionate rage, this book conducts a devastating reconnaissance of our all-too-likely urban future.

Creepy Pair of Underwear! *Simon and Schuster*

From the celebrated team behind *Creepy Carrots!*, Aaron Reynolds and Caldecott Honor winner Peter Brown, comes a hilarious (and just a little creepy) story of a brave rabbit and a very weird pair of underwear. Jasper Rabbit is NOT a little bunny anymore. He's not afraid of the dark, and he's definitely not afraid of something as silly as underwear. But when the lights go out, suddenly his new big rabbit underwear glows in the dark. A ghoulish, greenish glow. If Jasper didn't know any better he'd say his undies were a little, well, creepy. Jasper's not scared obviously, he's just done with creepy underwear. But after trying everything to get rid of them, they keep coming back!

The McKinsey Way *McGraw Hill Professional*

"Enlivened by witty anecdotes, THE MCKINSEY WAY contains valuable lessons on widely diverse topics such as marketing, interviewing, team-building, and brainstorming." --Paul H. Zipkin, Vice-Dean, The Fuqua School of Business It's been called "a breeding ground for gurus." Embrace the Case Interview *CreateSpace*

Embrace the Case Interview walks you through each step on the path to your dream consulting job as described by a former management consultant who conducted over 100 interviews for a top-tier firm. First, we cover how to get the interview including how to be memorable when speaking with firms prior to the interview and how to write a killer resume and cover letter. Second, we cover the behavioral part of the interview. Often overlooked, the behavioral part of the interview covers your personal experiences and is often just as valuable as the case interview. We discuss the traits interviewers are looking for and how to answer their questions in a structured way. Third, we take an in-depth look at the case interview itself. Unlike books that focus on segmenting cases and applying frameworks, you will learn a single, flexible structure that you will apply to any case with deadly effectiveness. In addition to structuring the case, you will learn approaches for the cases' other parts including qualitative questions, quantitative problems, exhibit analysis, and synthesis. Embrace the Case Interview places a strong emphasis on the quality of your learning rather than just doing hundreds of cases. As such, each example case contains an in-depth discussion of the text book answer to help you improve. For more information, please visit embraceethecaseinterview.com. Enjoy the book and best of luck in your upcoming interviews!

Into the Wild *Anchor*
Krakauer’s page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interst that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.
