When I Was Puerto Rican

A Memoir *Da Capo Press*

Esmeralda Santiago's story begins in rural Puerto Rico, where her childhood was full of both tenderness and domestic strife, tropical sounds and sights as well as poverty. Growing up, she learned the proper way to eat a guava, the sound of tree frogs in the mango groves at night, the taste of the delectable sausage called morcilla, and the formula for ushering a dead baby's soul to heaven. As she enters school we see the clash, both hilarious and fierce, of Puerto Rican and Yankee culture. When her mother, Mami, a force of nature, takes off to New York with her seven, soon to be eleven children, Esmeralda, the oldest, must learn new rules, a new language, and eventually take on a new identity. In this first volume of her much-praised, bestselling trilogy, Santiago brilliantly recreates the idyllic landscape and

tumultuous family life of her earliest years and her tremendous journey from the barrio to Brooklyn, from translating for her mother at the welfare office to high honors at Harvard.

War Against All Puerto Ricans

Revolution and Terror in America's Colony *Nation Books*

In 1950, after over fifty years of military occupation and colonial rule, the Nationalist Party of Puerto Rico staged an unsuccessful armed insurrection against the United States. Violence swept through the island: assassins were sent to kill President Harry Truman, gunfights roared in eight towns, police stations and post offices were burned down. In order to suppress this uprising, the US Army deployed thousands of troops and bombarded two towns, marking the first time in history that the US government bombed its own citizens. Nelson A. Denis tells this powerful story through the controversial life of Pedro Albizu Campos, who served as the president of the Nationalist Party. A lawyer, chemical engineer, and the first Puerto Rican to graduate from Harvard Law School, Albizu Campos was imprisoned for twenty-five years and died under mysterious circumstances. By tracing his life and death, Denis shows how the journey of Albizu Campos is part of a larger story of Puerto Rico and US colonialism. Through oral histories, personal interviews, eyewitness accounts, congressional testimony, and recently declassified FBI files, *War Against All Puerto Ricans* tells the story of a forgotten revolution and its context in Puerto Rico's history, from the US invasion in 1898 to the modern-day

struggle for self-determination. Denis provides an unflinching account of the gunfights, prison riots, political intrigue, FBI and CIA covert activity, and mass hysteria that accompanied this tumultuous period in Puerto Rican history.

New and Selected Stories *Vintage*

A New York Times Notable Book from the winner of the PEN/Malamud Award for Excellence in the Short Story and "one of our most gifted writers" (Chicago Tribune) By turns compassionate, gently humorous, and haunting, this collection—sixteen classics with seven new stories—proves William Maxwell's assertion that "nobody can touch Charles Baxter in the field that he has carved out for himself." Whether friends or strangers, the characters in these stories share a desire—sometimes muted and sometimes fierce—to break through the fragile glass of convention. In the title story, a substitute teacher walks into a new classroom, draws an outsized tree on the blackboard on a whim, and rewards her students by reading their fortunes using a Tarot deck. In each of the stories we see the delicate tension between what we want to believe and what we need to believe. "A warmly disposed yet unsentimental chronicler of American lives ... Some [stories are] poignant and disturbing, and all of them highly readable." —The New York Times Book Review

Healing Memories

Puerto Rican Women's Literature in the United States *University of Pittsburgh Press*

Using an interdisciplinary approach, *Healing Memories* analyzes the ways that Puerto Rican women authors use their literary works to challenge historical methodologies that have silenced the historical experiences of Puerto Rican women in the United States. Following Aurora Levins Morales's alternative historical methodology she calls "curandera history," this work analyzes the literary work of authors, including Aurora Levins Morales, Nicholasa Mohr, Esmeralda Santiago, and Judith Ortiz Cofer, and the ways they create medicinal histories that not only document the experiences of migrant women but also heal the trauma of their erasure from mainstream national history. Each analytical chapter focuses on the various methods used by each author including using the literary space as an archive, reclaiming memory, and (re)writing cultural history, all through a feminist lens that centers the voices and experiences of Puerto Rican women.

La historia de Esmeralda Santiago

comienza en la parte rural de Puerto Rico, donde sus padres y siete hermanos, en continuas luchas los unos con los otros, vivían una vida alborotada pero llena de amor y ternura. De niña, Esmeralda aprendió a apreciar cómo se come una guayaba, a distinguir la canción del coquí, a identificar los ingredientes en las morcillas y a ayudar a que el alma de un bebé muerto subiera al Cielo. Pero precisamente cuando Esmeralda parecía haberlo aprendido todo sobre su cultura, la llevaron a Nueva York, donde las reglas -y el idioma- eran no sólo diferentes, sino también desconcertantes. Cómo Esmeralda superó la adversidad, se ganó entrada a la Performing Arts High School y después continuó a Harvard, de donde se graduó con altos honores, es el relato de la tremenda trayectoria de una mujer verdaderamente extraordinaria.

Transgender indie electronica singer-songwriter Rae Spoon has six albums to their credit, including 2012's *I Can't Keep All of Our Secrets*. This first book by Rae (who uses "they" as a pronoun) is a candid, powerful story about a young person growing up queer in a strict Pentecostal family in rural Canada. The narrator attends church events and Billy Graham rallies faithfully with their family before discovering the music that

becomes their salvation and means of escape. As their father's schizophrenia causes their parents' marriage to unravel, the narrator finds solace and safety in the company of their siblings, in their nascent feelings for a girl at school, and in their growing awareness that they are not the person their parents think they are. With a heart as big as the prairie sky, this is a quietly devastating, heart-wrenching coming-of-age book about escaping dogma, surviving abuse, finding love, and risking everything for acceptance. Rae Spoon lives in Montreal, Quebec.

Puerto Rican Chicago

Schooling the City, 1940-1977

The postwar migration of Puerto Rican men and women to Chicago brought thousands of their children into city schools. These children's classroom experience continued the colonial project begun in their homeland, where American ideologies had dominated Puerto Rican education since the island became a US territory. Mirelsie Velázquez tells how Chicago's Puerto Ricans pursued their educational needs in a society that constantly reminded them of their status as second-class citizens. Communities organized a media culture that addressed their concerns while creating and affirming Puerto Rican identities. Education also offered women the only venue to exercise power, and they parlayed their positions to take lead roles in activist and political circles. In time, a politicized Puerto Rican community gave voice to a previously silenced group--and highlighted that colonialism does not end when immigrants live among their colonizers. A perceptive look at big-city community building, *Puerto Rican Chicago* reveals

the links between justice in education and a people's claim to space in their new home.

The Cruel Country *University of Georgia Press*

"The Cruel Country is a memoir centered around the author's journey to Puerto Rico after her mother had been diagnosed with late stage lung cancer. The story takes us through Cofer's journey as she sits by the her mother's hospital bed during the last moments of her life, through the grieving process and Catholic funereal rites that follow her mother's death and her return to her life in the U.S. Cofer's writerly talents richly inform this narrative meditation on her family's life in Puerto Rico and the States, her frantic research on cancer, considerations of Catholicism, family, and culture , and much more. The book at the same time is very much a study of cultural differences and the balance that the author must find as a Puerto-Rican American, not wholly part of her mother's culture. We see this come to a head as she communicates with doctors, participates in funeral arrangements and sacraments, and recollects her Anglo husband John's father's death. This very personal story about the author's life will resonate with Cofer's legions of fans including students and those interested in memoir, ethnic and cultural crossings, spirituality, loss, grief, and reconciliation"--

When I Was Puerto Rican

When I Was Puerto Rican

The Discovery of Female Adolescent Sexuality in the Cultural Context of Puerto Rico

As Described in Esmeralda Santiago's "When I Was Puerto Rican" GRIN Verlag

Seminar paper from the year 2011 in the subject American Studies - Literature, grade: 1,3, LMU Munich (Amerika-Institut), course: Ethnicity and American Identity in Contemporary Fiction, language: English, abstract: Esmeralda Santiago's *When I Was Puerto Rican* was her first autobiographic novel and it was the precursor of two following memoirs: *Almost a Woman* and *The Turkish Lover*. In *When I Was Puerto Rican* Santiago tells of her early childhood during the 1950s and '60s. The story told in the novel starts in Puerto Rico at Santiago's age of four up to the age of thirteen when she immigrates with her mother and her then six siblings to the US to live in Brooklyn, New York. Her memoir does not only show the difficulty of switching between two different cultures and mentalities, American and Puerto Rican, but it also portrays the coming of age process of a girl who has to find a balance between her individual desires and expectations of her surrounding world. The novel reveals the Santiago family's dealings with the pitfalls of poverty and their dreams of a better life. This family experiences life in all varieties: they are moving from the rural town of Macún to the urban area of Santurce, a district of Puerto Rico's capital San Juan. The family's destiny as a whole unity is yet only a framing plot. The novel illustrates the struggle of understanding the world from a child's perspective. In the case of young

Esmeralda it is especially hard to understand the dynamics of her unmarried parents' relationship. For her it is a challenging rethinking process to learn how to tell from her parents' behavior, who is right and who is wrong. She also longs for appreciation called forth by sibling rivalry and the maternal responsibility for her younger sisters and brothers make Esmeralda question woman- and manhood, which eventually leads her to an inner rebellion. In *When I Was Puerto Rican* Santiago shares the beginning of her search for the intricate question of her own sexuality. She unveils her solitary way to find femininity, how she had to find the answers to her questions all by herself, due to the omnipresent secretiveness about sexuality. Santiago explains how her younger self tried to unfold the mystery of her mother's constant but unexplained warning of being *casi señorita* – almost a young lady. This memoir illustrates the transformation from an inexperienced girl to a teenager, who tries to define herself and figure out what she wants and expects from life.

Pleasure Activism

The Politics of Feeling Good AK Press

How do we make social justice the most pleasurable human experience? How can we awaken within ourselves desires that make it impossible to settle for anything less than a fulfilling life? Editor adrienne maree brown finds the answer in something she calls "Pleasure Activism," a politics of healing and happiness that explodes the dour myth that changing the world is just another form of work. Drawing on the black feminist tradition, including Audre Lourde's invitation to use the erotic as power and Toni Cade Bambara's exhortation that we make the

revolution irresistible, the contributors to this volume take up the challenge to rethink the ground rules of activism. Writers including Cara Page of the Astraea Lesbian Foundation For Justice, Sonya Renee Taylor, founder of This Body Is Not an Apology, and author Alexis Pauline Gumbs cover a wide array of subjects—from sex work to climate change, from race and gender to sex and drugs—they create new narratives about how politics can feel good and how what feels good always has a complex politics of its own. Why Religion Matters--and How to Talk About It *Penguin*

A thought-provoking, original appraisal of the meaning of religion by the host of public radio's On Being Krista Tippett, widely becoming known as the Bill Moyers of radio, is one of the country's most intelligent and insightful commentators on religion, ethics, and the human spirit. With this book, she draws on her own life story and her intimate conversations with both ordinary and famous figures, including Elie Wiesel, Karen Armstrong, and Thich Nhat Hanh, to explore complex subjects like science, love, virtue, and violence within the context of spirituality and everyday life. Her way of speaking about the mysteries of life-and of listening with care to those who endeavor to understand those mysteries--is nothing short of revolutionary.
