For hundreds of years architectural drawings were drawn up and reproduced by hand with ink on paper. These scale drawings were drawn according to standard conventions and used as building plans, working sketches, and as records. During the twentieth century technical advances changed the way draftsmen performed their job. The introduction of digital technology has caused a switch to computer ...

Line drawings can be sketches, but they can also be finished artworks unto themselves. The line is so fundamental to the arts, that a common exercise for art students is to draw a form using one single line, never letting the drawing utensil leave the page. It's important to remember that line art isn't only about painting and drawing.
