Nothing about the film came easily or simply. He began by making a plaster-of-paris mold of his hand; when he pulled the mold away, the hair on the back of the hand came out painfully with it. He then made a plaster model from the mold and drew about 350 small triangles and other polygons on

the model in ink.

The Pixar Touch is the story about the road to success for the Pixar company. It is well written, funny at times and I enjoyed reading it -- especially the first half. During the second half, I got slightly bored by the book, but would still recommend everyone who has an interest in Pixar, animation and movies to read this book.
