That is how the Learn Math Fast System can teach two years of math in about two months. Other topics taught in volume 2 include cross multiplying, cross canceling, mixed numbers, negative numbers, and reducing fractions. These concepts are typically taught in the fourth and fifth grade, but there is no mention of grade level anywhere in the book. Each book cover looks as intellectual as the last, so older kids won't be embarrassed to carry a book that is below their grade level.
