Layers Peeled is book 2 of the Layers Trilogy, by Lacey Silks. This story continues right where book 1 left off. This story has danger, erotic romance and is a suspense thriller. At one point, I even cried! I absolutely loved both books in this series so far. Poor Allie is such a strong woman for going through so much in life.

So, I just finished the second book of the Layers trilogy today and I immediately got entranced in this book. Tristan deserves to be arrogant in this book and every installment before and after because he is so very good at what he does; and he does it all oh so well as it is written between the front and back

covers of Layers Peeled.
