If you want to move your organization's customer service practices from good to great, Unleashing Excellence is the key.

A Charter School Principal’s Story

A View from the Inside *Springer*

What happens when a Canadian principal, guided by the teachings of Fullan and Hargreaves, takes on the role of school leader in an inner-city charter school in the United States? This inside story of a principal in the DC charter school system, reveals much about the desire for educators and students to experience more than a life of multiple-choice testing that tends to be so commonplace in these schools. While such a case adds to the mound of research that supports the ‘change takes time’ findings, it nevertheless demonstrates the reality, on a day-to-day basis, of what’s worth fighting for in schools. Student and teacher engagement and empowerment matter, and to get to such ends, a school must fiercely focus on targets well beyond test scores. This book speaks about how a budget reveals school values, and by shifting resources to support staff and student development, a school, coping with regular turnover, can be filled with more confident and capable community members. A school crawling with leaders emerged as more student, teacher and non-instructional staff were supported in new roles, aimed at building an inspired culture, with the talent and capacity to move others to action. The old ways of ‘doing school’ do not address the needs of the 21st century learner, and while many forces with limited views of education were at play, this story does provide an example of what promising things can and should happen to increase engagement and learning in more charter schools across America. “Dr. Barbara Smith’s narrative of her times in public charter schools offers all of us insights into the struggle to create schools of high academic quality and compassionate care, worthy of her educational mandate and mission.” – David Booth, Professor Emeritus, The Ontario Institute for Studies in Education, University of Toronto “Dr. Smith’s message inspires me to be an advocate for education and her work will inspire you as well!” – Jalen Rose, Chair of Board of Directors, Jalen Rose Leadership Academy, Detroit, Michigan, ESPN Commentator “This inside look provides an opportunity for innovation in a field that has held to aging standards for far too long!” – Diane C. Manica, Former Director, Leadership and Accreditation, University of Detroit Mercy

Customer Service for Hospitality and Tourism *Goodfellow Publishers Ltd*

A fully updated new edition of this bestselling text that explains not only the theory behind the importance of customer service but also acts as a guidebook for those wishing to put this theory into practice. With 10 new international cases focusing on how some in the hospitality sector have

adapted – and thrived - during the COVID-19 pandemic.

Disney U: How Disney University Develops the World's Most Engaged, Loyal, and Customer-Centric Employees *McGraw Hill Professional*

Leadership lessons from the iconic brand you can use to drive Disney-style success In helping Walt Disney create “The Happiest Place on Earth,” Van France and his team started a business revolution in 1955 that eventually became the Disney University—the employee training and development program that powers one of the most famous brands on earth. Disney U examines how Van France's timeless company values and leadership expertise have turned into a training and development dynasty: the Disney U. The book reveals the heart of the Disney Culture and describes the company's values and operational philosophies that support the world-famous Disney brand. Doug Lipp is an internationally acclaimed expert on customer service, leadership, change management and global competitiveness, specializing in the lessons he learned at the Disney U.

CREATING GREAT VISITOR EXPERIENCES

A GUIDE FOR MUSEUMS, PARKS, ZOOS, GARDENS & LIBRARIES *Left Coast Press*

Museum and other non-profit professionals have begun to realize that the complete visitor experience is the key to repeat attendance, successful fundraising, and building audience loyalty. Taking lessons learned by successful experience-shapers in the for-profit world, Stephanie Weaver distills this knowledge for museums and other organizations which depend on visitor satisfaction for success. Is your institution welcoming? Are the bathrooms clean? Does the staff communicate well? Are there enough places to sit? These practical matters may mean more to creating a loyal following than any exhibit or program the institution develops. Weaver breaks the visitor experience down to 8 steps and provides practical guidance to museums and related institutions on how to create optimal visitor experiences for each of them. In a workshop-like format, she uses multiple examples, exercises, and resource links to walk the reader through the process.

Wonders of Walt Disney World

Wonders Training Manual

The Disneyization of Society *SAGE*

`Alan Bryman has expanded on his internationally well-known work on Disney theme parks and Disneyization to create a fascinating and highly readable book. It should prove of interest to beginning students in a number of different courses and fields, as well as to scholars interested in culture and consumption. There is no question that the model created by Disney, and emulated in whole or in part by many organizations and in many settings, will continue to influence social structure and culture well into the future. This is an important book about a significant social process. And, it manages to be a fun read, as well!' - George Ritzer, author of McDonaldization and Professor of Sociology, University of Maryland `Bryman's analysis of contemporay consumption is full of detail and provides a host of examples ranging from restaurants and hotels, to theme parks, zoos and sports stadia. Without doubt students will find it an accessible text, one that should allow them to think about consumption, familiar consumer products, settings and activities, sociologically' - Barry Smart, Professor of Sociology, University of Portsmouth `Bryman's dissection of Disneyization is a timely and significant contribution to the growing literature on Disney. In fact, his excellent analysis of the extension of Disneyization throughout society explains why we should care about the Disney phenomenon at all. This is not only an important book for Disney scholars, but for any one interested in the future of modern society' - Janet Wasko Professor of Communication Studies, University of Oregon This is an agenda-setting new work in the sociology of culture and modern society. It argues that the contemporary world is increasingly converging towards the characteristics of the Disney theme parks. This process of convergence is revealed in: the growing influence of themed environments in settings like restaurants, shops, hotels, tourism and zoos; the growing trend towards social environments that are driven by combinations of forms of consumption: shopping, eating out, gambling, visiting the cinema, watching sports; the growth in cachet awarded to brands based on licensed merchandise; and the increased prominence of work that is a performance in which the employees have to display certain emotions and generally convey impressions as though working in a theatrical event. This insightful book demonstrates the importance of control and surveillance in consumer culture. Of interest to a wide variety of students studying in business, sociology, cultural studies, media studies and leisure studies courses this will also be of interest to anybody interested in understanding the intricacies of modern society.

Getting Entrepreneurial!

Creating and Growing Your Own Business in the 21st Century *John Wiley & Sons*

Don’t delay—order your copy today!

Customer Service Training 101 *Amacom Books*

Your service team may represent the first, last, or only interaction point between your customers and your company. Your front-line service professionals make or break countless opportunities, leads, sales, and relationships every day. Completely revised and updated to meet the challenges of a new service landscape, the second edition ofCustomer Service Training 101 presents proven techniques for creating unforgettable customer experiences. The book covers every aspect of face-to-face, phone, Internet, and self-service customer relations, and provides simple yet powerful tips for: * Projecting a positive attitude and making a great first impression * Communicating effectively, both verbally and nonverbally * Developing trust, establishing rapport, and making customers feel valued * Confidently handling difficult customers and situations New features include "How Do I Measure Up?" self-assessments, and "Doing It Right" examples from the author's extensive customer service experience. Every step-by-step lesson in this comprehensive and inspiring training manual is augmented with instructive sidebars, a summary of key points, practice exercises, and so much more.

The Disney Way *McGraw Hill Professional*

"I dream, I test my dreams against my beliefs, I dare to take risks, and I execute my vision to make those dreams come true." -Walt Disney. Walt Disney's dreams, beliefs, and daring gave birth to

captivating characters, thrilling theme park attractions, and breathtaking tales that have inspired the imaginations of generations of children and adults. Disney also launched an entertainment and marketing empire whose influence is felt around the world, and whose success provides a model of business excellence that can guide any company. Each principle is then examined in detail by illustrating the principle at work at Disney as well as at other successful companies. Capodagli and Jackson have spent their careers studying Disney and teaching this unique management method to others. As consultants to companies ranging from Illinois Power to Bristol-Myers Squibb and Whirlpool, they have used the Disney principles again and again, and have seen them yield startling performance improvements. They have distilled this wisdom in THE DISNEY WAY. In this book, you'll learn how to: Give every member of your organization the chance to dream, and tap into the creativity those dreams embody; Treat your customers like guests; Build long-term relationships with key suppliers and partners; Dare to take calculated risks in order to bring innovative ideas to fruition; Align long-term vision with short-term execution. And more. No fairy dust. No magic wands. No wishing on a star. Just sound, effective management principles that stem from Walt Disney's values, vision, and philosophy. Lists of questions to ask and actions to take, along with real-life examples, will help you adapt the Disney Way to suit your company's needs. From the hiring and training of employees to the realization of a creative concept to exceptional customer service, every aspect of the Walt Disney Company is linked to Walt Disney's vision.

The Service Culture Handbook

A Step-By-Step Guide to Getting Your Employees Obsessed with Customer Service

Imagine you could develop a customer-focused culture so powerful that your employees always seem to do the right thing. They encourage each other, proactively solve problems, and constantly look for ways to go the extra mile. In short, imagine a workplace culture where employees were absolutely obsessed with customer service. The Service Culture Handbook is a step-by-step guide to help you develop a customer-focused culture in your company, department, or location. Whether you're just beginning your journey, or have been working on culture for years, this handbook will prepare you to take the next step. You'll receive actionable advice, straightforward exercises, and proven tools you can utilize immediately. Learn the one thing that forms the foundation of every great culture. Discover what customer-focused companies do differently to engage their employees. And explore ways to strategically align every facet of your organization with outstanding service. Creating and sustaining a customer-focused culture is a never-ending journey that takes hard work, dedication, and commitment. The Service Culture Handbook is an indispensable resource to help you and your employees stay headed in the right direction. Praise for The Service Culture Handbook: "The Service Culture Handbook provides the poignant inspiration and practical instruction for the difficult work of transforming a service culture into one that is distinctive, successful, and permanent." -Chip R. Bell, author of Kaleidoscope: Delivering Innovative Service That Sparkles "Though research continues to uncover the astonishing impact of customer-focused cultures on customer loyalty and business results, few organizations know how to get there. Jeff Toister unlocks that mystery through this practical (and fun to read!) guide to developing a culture that really works." -Brad Cleveland, founding partner and former CEO, International Customer Management Institute

Customer Service in Tourism and Hospitality *Goodfellow Publishers Ltd*

A fully revised and updated new edition of this bestselling text. New material covers issues such as the sharing economy, technology (Virtual Reality and use of robots) and use of big data to personalize experiences and encourage loyalty.

Vinyl Leaves

Walt Disney World And America *Routledge*

Walt Disney World is a pilgrimage site filled with utopian elements, craft, and whimsy. It’s a pedestrian’s world, where the streets are clean, the employees are friendly, and the trains run on time. All of its elements are themed, presented in a consistent architectural, decorative, horticultural, musical, even olfactory tone, with rides, shows, r

Customer-Driven Disruption

Five Strategies to Stay Ahead of the Curve *Berrett-Koehler Publishers*

Businesses worry about new technologies, but customers are the ultimate disruptors—Suman Sarkar offers bold strategies for making sure you understand your customers and keep up with their ever-changing needs. Disruption—the brutal roiling of markets, the decline of long-established brands and products, and the rise of new upstarts—drives business failure and success. Most people think technology causes disruption, but technology merely enables it. Changing customer needs cause disruptions, and too many businesses get caught unaware. Suman Sarkar offers proven strategies that will enable any business to stay radically close to its customers and address their evolving needs. He argues that businesses need to focus on existing customers first—research shows they’re likely to spend more and are more profitable than new customers. Personalization is becoming important for the newer generations in both developed and developing markets, so Sarkar describes approaches to make them cost-effective. In our era of instant gratification, customers want what they want now—Sarkar explains how you can develop and deliver products and services faster than ever. And since a few bad Yelp reviews, social media posts, or angry tweets from customers can ruin you, Sarkar shows how to proactively make sure the quality of your products and services stays better than that of your competitors. The key to survival in this era of changing customer needs is to focus on and address them quickly so customers don't switch to the competition. Drawing on his experiences with leading companies worldwide, Sarkar offers five strategies and techniques that will keep you ahead of the curve.

Global Communication

Theories, Stakeholders, and Trends *John Wiley & Sons*

Global Communication is the most definitive text on multi-national communication and media conglomerates, exploring how global media, particularly CNN, the BBC, Euronews, and Al Jazeera, influence audiences and policy makers alike. Includes four completely new chapters on Asian media, Euromedia, the Middle East, and public diplomacy from a post 9/11 perspective Updates the story of arab media with a section on "Arab Media and the Al Jazeera Effect" by Middle East-based expert Lawrence Pintak Covers the global war on terrorism and the substantial US investment in Iraqi media Provides updated accounts and overviews of the largest and most important media corporations from around the world, from MTV and CNN to Bollywood Incorporates discussions of Hulu, YouTube, Myspace, and the Twitter phenomenon as well as new stakeholders in global online media

Service Extraordinaire

Unlocking the Value of Concierge Medicine *Taylor & Francis*

Concierge medicine represents a relatively novel health care delivery model that is becoming more appealing both to providers and patients because of its potential to improve quality and value in health care. A gap exists in the current literature regarding the benefits and challenges associated with concierge medicine as well as best practices for developing and sustaining a successful, patient-centered concierge practice. This book aims to close the gap by discussing the role of concierge medicine in the context of the evolving U.S. healthcare system and the changes produced by the Affordable Care Act. It will address questions about affordability, access, quality, value, communication, technology, and patient-centered care, and will include real-world best practice examples from a successful concierge medicine practice.

The Themed Space

Locating Culture, Nation, and Self *Rowman & Littlefield*

The Themed Space: Locating Culture, Nation, and Self is the first edited collection focused on the significance of the theme space. The first section of the text discusses the ways in which theming acts as a form of authenticity. Included are articles on the theme park Dollywood, the historic Coney Island, the uses of theming in Flagstaff, Arizona, and the Las Vegas Strip. Section two considers theming as a reflection of nation, and its authors focus on Chinese theme parks and shopping malls, the Lost City theme park in South Africa, and the Ain Diab resort district in Casablanca. The third section of the book illustrates how theming often targets the person-whether famous or everyday. The authors look at spaces ranging from the Liverpool John Lennon Airport, love hotels in Japan, and the Houston, Texas theme park AstroWorld. The final section emphasizes theming as a projection of the mind and psychology. The authors focus on behind-the-scenes tourism at Universal Studios and the Ford Rouge Factory Tour, the use of theming in unexpected spaces like Florida themed clinics, theming in virtual reality spaces of video games, and the social controversies related to theming in various parts of the world. The book includes a comprehensive bibliography on theming and a list of key terms. The Themed Space is of great interest to students of all levels and scholars of anthropology, urban studies and sociology.

Marketing Management

The Big Picture *John Wiley & Sons*

Marketing Management: The Big Picture organizes traditional Marketing Management theory and practice in a conceptually appealing way. The use of well-known examples and consumer commercials throughout the content ensures students will commit to memory and innovative method for structuring and solving marketing problems. The framework constitutes a disciplined approach to connecting marking variables to each other, inextricably linking marketing strategy concepts with their executorial implications.

Hal Becker's Ultimate Sales Book

A Revolutionary Training Manual Guaranteed to Improve Your Skills and Inflate Your Net Worth *Red Wheel/Weiser*

There are hundreds of books about sales, but how many of them have actually helped anyone become a better salesperson? Hal Becker’s Ultimate Sales Book is a sales book and sales training course rolled into one, written by Xerox’s former number-one U.S. salesperson and one of America’s top sales trainers. It contains a wealth of practical information that many seasoned salespeople have forgotten...and which new salespeople need to master. It includes action steps to help you develop unique and proven selling methods, set goals, list prospects, and even discover your own ways to answer objections. Plus targeted quizzes at the end of each chapter to hone your skills. This is truly the one sales book every salesperson needs.

Performance and the Disney Theme Park Experience

The Tourist as Actor *Springer Nature*

This book addresses Disney parks using performance theory. Few to no scholars have done this to date—an enormous oversight given the Disney parks’ similarities to immersive theatre, interpolation of guests, and dramaturgical construction of attractions. Most scholars and critics deny agency to the tourist in their engagement with the Disney theme park experience. The vast body of research and journalism on the Disney “Imagineers”—the designers and storytellers who construct the park experience—leads to the misconception that these exceptional artists puppeteer every aspect of the guest’s experience. Contrary to this assumption, Disney park guests find a range of possible reading strategies when they enter the space. Certainly Disney presents a primary reading, but generations of critical theory have established the variety of reading strategies that interpreters can employ to read against the text. This volume of twelve essays re-centers the park experience around its protagonist: the tourist.

Emotions at Work

Normative Control, Organizations, and Culture in Japan and America *BRILL*

Our work life is filled with emotions. How we feel on the job, what we say we feel, and what feelings we display—all these are important aspects of organizational behavior and workplace culture. Rather than focusing on the psychology of personal emotions at work, however, this study concentrates on emotions as role requirements, on workplace emotions that combine the private with the public, the personal with the social, and the authentic with the masked. In this cross-cultural study of "emotion management," the author argues that even though the goals of normative control in factories, offices, and shops may be similar across cultures, organizational structure and the surrounding culture affect how that control is discussed and conceived.

Customer Service Management Training 101

Quick and Easy Techniques that Get Great Results *Amacom Books*

Becoming a great customer service manager requires a mastery of skills beyond those needed by frontline employees. Filled with the same accessible, step-by-step guidance as Customer Service Training 101, this user-friendly book shows readers how to develop the skills they need to communicate, lead, train, motivate, and manage those employees responsible for customer satisfaction. Designed for new managers and veterans alike, Customer Service Management Training 101 covers essential topics, including: Planning and goal setting * Time management * Team development * Conflict resolution * Providing feedback * Monitoring performance * Conducting

meetings * Managing challenges * Listening * Verbal, nonverbal, and written communication. Readers will learn to identify their personal management style, develop core leadership qualities, and efficiently focus on their own development as managers. Packed with checklists, "real world" practice lessons, and examples of the right and wrong ways to do things, this is the one book every customer service manager needs to thrive.

It's in the Cards

BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals, entrepreneurs and corporate executives. Every month, BLACK ENTERPRISE delivers timely, useful information on careers, small business and personal finance.

Fast Track to Quality

A 12-month Program for Small to Mid-sized Businesses *McGraw-Hill Companies*

How Airports Measure Customer Service Performance

Transportation Research Board
"TRB's Airport Cooperative Research Program (ACRP) Synthesis 48: How Airports Measure Customer Service Performance examines the strategic importance of customer service and how airports are measuring the quality of customer service."-- Publisher's description.

Cultures of United States Imperialism *Duke University Press*
Begins to fill the gaping lacuna of imperialism in the standard histories of the US by exploring how US expansion has influenced people of other cultures. The 26 essays focus mostly on Africa and African Americans, but also consider the Philippines, Native Americans, Cuba, Latin America, and Disneyworld in Tokyo. They explore the racial and gender dimensions, the ideologies that buttress imperialism, resistance, and other facets. Annotation copyright by Book News, Inc., Portland, OR

Disney's Land

Walt Disney and the Invention of the Amusement Park That Changed the World *Scribner*
A propulsive and “entertaining” (The Wall Street Journal) history chronicling the conception and creation of the iconic Disneyland theme park, as told like never before by popular historian Richard Snow. One day in the early 1950s, Walt Disney stood looking over 240 acres of farmland in Anaheim, California, and imagined building a park where people “could live among Mickey Mouse and Snow White in a world still powered by steam and fire for a day or a week or (if the visitor is slightly mad) forever.” Despite his wealth and fame, exactly no one wanted Disney to build such a park. Not his brother Roy, who ran the company’s finances; not the bankers; and not his wife, Lillian. Amusement parks at that time, such as Coney Island, were a generally despised business, sagging and sordid

remnants of bygone days. Disney was told that he would only be heading toward financial ruin. But Walt persevered, initially financing the park against his own life insurance policy and later with sponsorship from ABC and the sale of thousands and thousands of Davy Crockett coonskin caps. Disney assembled a talented team of engineers, architects, artists, animators, landscapers, and even a retired admiral to transform his ideas into a soaring yet soothing wonderland of a park. The catch was that they had only a year and a day in which to build it. On July 17, 1955, Disneyland opened its gates...and the first day was a disaster. Disney was nearly suicidal with grief that he had failed on a grand scale. But the curious masses kept coming, and the rest is entertainment history. Eight hundred million visitors have flocked to the park since then. In Disney’s Land, “Snow brings a historian’s eye and a child’s delight, not to mention superb writing, to the telling of this fascinating narrative” (Ken Burns) that “will entertain Disneyphiles and readers of popular American history” (Publishers Weekly).

The Museum Educator's Manual

Educators Share Successful Techniques *Rowman & Littlefield*
The Museum Educator's Manual addresses the role museum educators play in today's museums from an experience-based perspective. Seasoned museum educators author each chapter, emphasizing key programs along with case studies that provide successful examples, and demonstrate a practical foundation for the daily operations of a museum education department, no matter how small. The book covers: volunteer and docent management and training; exhibit development; program and event design and implementation; working with families, seniors, and teens; collaborating with schools and other institutions; and funding. This second edition interweaves technology into every aspect of the manual and includes two entirely new chapters, one on Museums - An Educational Resource for Schools and another on Active Learning in Museums. With invaluable checklists, schedules, organizational charts, program examples, and other how-to documents included throughout, The Museum Educator's Manual is a 'must have' book for any museum educator.

Re-made in Japan

Everyday Life and Consumer Taste in a Changing Society *Yale University Press*
Colonel Sanders, Elvis, Mickey Mouse, and Jack Daniels have been enthusiastically embraced by Japanese consumers in recent decades. But rather than simply imitate or borrow from the West, the Japanese reinterpret and transform Western products and practices to suit their culture. This entertaining and enlightening book shows how in the process of domesticating foreign goods and customs, the Japanese have created a culture in which once-exotic practices (such as ballroom dancing) have become familiar, and once- familiar practices (such as public bathing) have become exotic. Written by scholars from anthropology, sociology, and the humanities, the book ranges from analyses of Tokyo Disneyland and the Japanese passion for the Argentinean tango to discussions of Japanese haute couture and the search for an authentic nouvelle cuisine japonaise. These topics are approached from a variety of perspectives, with explorations of the interrelations of culture, ideology, and national identity and analyses of the roles that gender, class, generational, and regional differences play in the patterning of Japanese consumption. The result is a fascinating look at a dynamic society that is at once like and unlike our own.

Handbook of Applied Dog Behavior and Training, Etiology and Assessment of Behavior Problems *John Wiley & Sons*
Handbook of Applied Dog Behaviour and Training, Volume two:Etiology and Assessment of Behaviour Problems is the definitivereference for dog trainers, behaviourists, breeders andveterinarians. Coupled with Volume one, this text providestheoretical and practical framework for understanding thedevelopment and treatment of dog behaviour problems. Topics covered include Fear, anxiety and phobias,Separation-related problems, Hyperactivity, and Dominance,territorial, and fear-related aggression. The focus is to present and evaluate the relevant applied andscientific literature, and to highlight what remains to be learned,while the author introduces alternative ways for analysing andunderstanding the etiology of dog behaviour problems.
