1926 Graham Wallas: 'The Art of Thought'. Published by Jonathan Cape. Now available free online. After the previous books, the world had the Jewish coup of the Fed in the USA, and the Jewish coup in Russia. And of course the 'Great War'. Wallas' book is not quite a think-for-yourself book; it's rather more a guide to what to think, something like a literary version of the language and attitudes of BBC radio and films.
