Enginerring Science N3 Papers And Memos

The result was a list of eight ways that anyone can use to think like a genius, or at least come up with creative ideas. Here they are: Look at a problem in many different ways. Leonardo Da Vinci believed that the first way he looked at a problem was too biased toward his usual way of seeing things, so he would look at a problem from one perspective, then another, then another; with each change, his understanding would grow.

8 methods that anyone can use to think like a genius ...

To think like a genius, you must learn to control your emotions. They have hobbies and interests that involve thinking and learning. Geniuses are more interested in ideas than they are in people. They mostly disdain gossip and harmful comparisons to others. They are self-critical and are always looking for ways to improve themselves.
