Where Tomorrows Aren't Promised

A Memoir of Survival and Hope *Simon and Schuster*

From iconic NBA All-Star Carmelo Anthony comes a New York Times bestselling memoir about growing up in the housing projects of Red Hook and Baltimore—a brutal world Where Tomorrows Aren't Promised. For a long time, Carmelo Anthony's world wasn't any larger than the view of the hoopers and hustlers he watched from the side window of his family's first-floor project apartment in Red Hook, Brooklyn. He couldn't dream any bigger than emulating his older brothers and cousin, much less going on to become a

basketball champion on the world stage. He faced palpable dangers growing up in the housing projects of Red Hook and West Baltimore's Murphy Homes (a.k.a. Murder Homes, subject of HBO's *The Wire*). He navigated an education system that ignored, exploited, or ostracized him. He suffered the untimely deaths of his closely held loved ones. He struggled to survive physically and emotionally. But with the strength of family and the guidance of key mentors on the streets and on the court, he pushed past lethal odds to endure and thrive. By the time Carmelo found himself at the NBA Draft at Madison Square Garden in 2003 preparing to embark on his legendary career, he wondered: How did a kid who'd had so many hopes, dreams, and expectations

beaten out of him by a world of violence, poverty, and racism make it here at all? Carmelo's story is one of strength and determination; of dribbling past players bigger and tougher than him, while also weaving around vial caps and needles strewn across the court; where dealers and junkies lined one side of the asphalt and kids playing jacks and Double Dutch lined the other; where rims had no nets, and you better not call a foul—a place Where Tomorrows Aren't Promised.

The Lost Girls

The True Story of the Cleveland Abductions and the Incredible

Rescue of Michelle Knight, Amanda Berry, and Gina DeJesus *St. Martin's Press*

New York Times bestselling crime writer John Glatt tells the true story behind the kidnappings and long-overdue rescue of three women found in a Cleveland basement. *The Lost Girls* tells the truly amazing story of Amanda Berry, Gina DeJesus and Michelle Knight, who were kidnapped, imprisoned, and repeatedly raped and beaten in a Cleveland house for over a decade by Ariel Castro, and their amazing escape in May 2013, which made headlines all over the world. The book has an exclusive interview and photographs of Ariel Castro's secret fiancé, who spent many romantic nights in his house of horror, without realizing he had bound and chained captives just

a few feet away. There are also revealing interviews with several Castro family members, musician friends and several neighbors who witnessed the dramatic rescue.

Finding Me

A Decade of Darkness, a Life Reclaimed: A Memoir of the Cleveland Kidnappings *Hachette Books*

The #1 New York Times Bestseller and inspirational memoir by Michelle Knight, whose survival story gripped the world and continues to inspire and offer hope. Michelle was a young single mother when she was kidnapped by a local school bus driver named Ariel Castro. For more than a decade afterward, she

endured unimaginable torture at the hand of her abductor. In 2003 Amanda Berry joined her in captivity, followed by Gina DeJesus in 2004. Their escape on May 6, 2013, made headlines around the world. Barely out of her own tumultuous childhood, Michelle was estranged from her family and fighting for custody of her young son when she disappeared. Local police believed she had run away, so they removed her from the missing persons lists fifteen months after she vanished. Castro tormented her with these facts, reminding her that no one was looking for her, that the outside world had forgotten her. But Michelle would not be broken. In *Finding Me*, Michelle will reveal the heartbreaking details of her story, including the thoughts and prayers that helped her

find courage to endure her unimaginable circumstances and now build a life worth living. By sharing both her past and her efforts to create a future, Michelle becomes a voice for the voiceless and a powerful symbol of hope for the thousands of children and young adults who go missing every year.

The Prison Angel

Mother Antonia's Journey from Beverly Hills to a Life of Service in a Mexican Jail *Penguin*

The winners of the 2003 Pulitzer Prize for international reporting tell the astonishing story of Mary Clarke. At the age of fifty, Clarke left her comfortable life in suburban Los Angeles to follow a spiritual calling to care for the prisoners

in one of Mexico's most notorious jails. She actually moved into a cell to live among drug king pins and petty thieves. She has led many of them through profound spiritual transformations in which they turned away from their lives of crime, and has deeply touched the lives of all who have witnessed the depth of her compassion. Donning a nun's habit, she became Mother Antonia, renowned as "the prison angel," and has now organized a new community of sisters—the Servants of the Eleventh Hour—widows and divorced women seeking new meaning in their lives. "We had never heard a story like hers," Jordan and Sullivan write, "a story of such powerful goodness." Born in Beverly Hills, Clarke was raised around the glamour of Hollywood and looked

like a star herself, a beautiful blonde reminiscent of Grace Kelly. The choreographer Busby Berkeley spotted her at a restaurant and offered her a job, but Mary's dream was to be a happy wife and mother. She raised seven children, but her two unfulfilling marriages ended in divorce. Then in the late 1960s, in midlife, she began devoting herself to charity work, realizing she had an extraordinary talent for drumming up donations for the sick and poor. On one charity mission across the Mexican border to the drug-trafficking capitol of Tijuana, she visited La Mesa prison and experienced an intense feeling that she had found her true life's work. As she recalls, "I felt like I had come home." Receiving the blessings of the Catholic Church for her mission, on March 19,

1977, at the age of fifty, she moved into a cell in La Mesa, sleeping on a bunk with female prisoners above and below her. Nearly twenty-eight years later she is still living in that cell, and the remarkable power of her spiritual counseling to the prisoners has become legendary. The story of both one woman's profound journey of discovery and growth and of the deep spiritual awakenings she has called forth in so many lost souls, *The Prison Angel* is an astonishing testament to the powers of personal transformation.

Invisible Child

Poverty, Survival & Hope in an American City *Random House*

A “vivid and devastating” (The New York Times) portrait of an indomitable girl—from Pulitzer Prize-winning journalist Andrea Elliott “From its first indelible pages to its rich and startling conclusion, *Invisible Child* had me, by turns, stricken, inspired, outraged, illuminated, in tears, and hungering for reimmersion in its Dickensian depths.”—Ayad Akhtar, author of *Homeland Elegies* ONE OF THE TEN BEST BOOKS OF THE YEAR: The New York

Times • ONE OF THE BEST BOOKS OF THE YEAR: The Atlantic, The New York Times Book Review, Time, NPR, Library Journal In *Invisible Child*, Pulitzer Prize winner Andrea Elliott follows eight dramatic years in the life of Dasani, a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. As Dasani comes of age, New York City's homeless crisis has exploded, deepening the chasm between rich and poor. She must guide her siblings through a world riddled by hunger, violence, racism, drug addiction, and the threat of foster care. Out on the street, Dasani becomes a fierce fighter

"to protect those who I love." When she finally escapes city life to enroll in a boarding school, she faces an impossible question: What if leaving poverty means abandoning your family, and yourself? A work of luminous and riveting prose, Elliott's *Invisible Child* reads like a page-turning novel. It is an astonishing story about the power of resilience, the importance of family and the cost of inequality—told through the crucible of one remarkable girl. Hope and Honor

A Memoir of a Soldier's Courage and Survival *Forge Books*

Major General Sid Shachnow was more than a highly decorated Vietnam War veteran--receiving two silver and three bronze stars with V for Valor. He survived a crucible far crueler than the jungles of Vietnam: Nazi occupied Eastern Europe. As a child, he spent three years in the notorious Kovno Concentration Camp. But his next journey took him to America, where he

worked his way through school and eventually enlisted in the US Army. He volunteered for U.S. Special Forces, and served proudly for 32 years. His driving dream was to save others from the indignities he had endured and the deadly fate he so narrowly escaped. From Vietnam to the Mideast, to the fall of the Berlin Wall, Sid Shachow served in Special Operations. He grew as Special Forces grew, rising to major-general--responsible for American Special Forces everywhere--but the lessons of Kovno stayed with him, wherever he turned, wherever he soldiered. Hope and Honor is a powerful and dramatic memoir that shows how the will to live---so painfully refined in the fires of that long-ago death camp---was forged, at last, into truth of soul and wisdom of the heart. in Cleveland Preview: Hope, the story of two of the three young women held captive by Ariel Castro, is a graphic and gripping account of a decade of abduction, assault, and abuse in a rundown house on Seymour Street in a rough section of Cleveland. Amanda Berry and Gina DeJesus, the two youngest of the three captives, wrote their stories together because they wanted everyone to know the truth, not only about what they endured, but about the hope that enabled them to survive. They derived strength from seeing their families on TV and from the bright spirit of Berry's daughter, Jocelyn, born four years into her mother's ordeal. On April 21, 2003, Berry was a regular teen, working at Burger King, listening to Eminem, and hoping to go to college.

Dead Giveaway

The Rescue, Hamburgers, White Folks, and Instant Celebrity . . . What You Saw on TV Doesn't Begin to Tell the Story . . . *Gray & Company, Publishers*

From dishwasher to international celebrity in one afternoon . . . Charles Ramsey gives a roller coaster account of his life before, during, and after the dramatic rescue of three kidnapped women in Cleveland . . . Global news media declared him a hero. Well-wishers mobbed him. The Internet made him a viral sensation. It couldn't have happened to a less likely guy. Now, read how it all went down. Ramsey was in the wrong place at the right time when he answered a young woman's cry for help,

kicked in his neighbor's locked front door, and got her the hell out of there—leading to the astonishing rescue of three young women—Amanda Berry, Gina DeJesus, and Michelle Knight—who had been missing for a decade. Reporters and TV cameras flocked to a neighborhood—and a man—they otherwise would have ignored. Ramsey was ready, with plenty to say. “Bro, I knew something was wrong when a little pretty white girl ran into a black man’s arms . . . Dead giveaway.” It was a quote that launched a thousand Internet memes . . . In this book Ramsey walks us step-by-step through the day of the rescue and talks about living right next door to Ariel Castro—outwardly charming, secretly a monster. He tells about life before the rescue—growing up

a privileged black kid in a white suburb, seeking out trouble over and over, getting kicked out of school, selling drugs, going to prison, and ultimately finding work as a dishwasher and landing by chance on gritty Seymour Avenue. And he shares what it’s like to become an instant celebrity, when suddenly everybody wants a piece of you. (For example, he learned the hard way that when a big TV network flies you to New York City for an interview, that doesn’t mean they also bought you a ticket back home to Cleveland!) This is a wild, eye-opening tale told with a sharp sense of humor.

A Stone of Hope

A Memoir *HarperCollins*

In the tradition of *The Other Wes Moore* and *Just Mercy*, a searing memoir and clarion call to save our at-risk youth by a young black man who himself was a lost cause—until he landed in a rehabilitation program that saved his life and gave him purpose. Born into abject poverty in Haiti, young Jim St. Germain moved to Brooklyn's Crown Heights, into an overcrowded apartment with his family. He quickly adapted to street life and began stealing, dealing drugs, and growing increasingly indifferent to despair and violence. By the time he was arrested for dealing crack cocaine, he had been handcuffed more than a dozen times. At the age of fifteen the walls of the system were closing around him. But instead of prison, St. Germain was placed in "Boys Town," a nonsecure

detention facility designed for rehabilitation. Surrounded by mentors and positive male authority who enforced a system based on structure and privileges rather than intimidation and punishment, St. Germain slowly found his way, eventually getting his GED and graduating from college. Then he made the bravest decision of his life: to live, as an adult, in the projects where he had lost himself, and to work to reform the way the criminal justice system treats at-risk youth. *A Stone of Hope* is more than an incredible coming-of-age story; told with a degree of candor that requires the deepest courage, it is also a rallying cry. No one is who they are going to be—or capable of being—at sixteen. St. Germain is living proof of this. He contends that we

must work to build a world in which we do not give up on a swath of the next generation. Passionate, eloquent, and timely, illustrated with photographs throughout, *A Stone of Hope* is an inspiring challenge for every American, and is certain to spark debate nationwide.

Had I Known

A Memoir of Survival *HarperCollins*

In this brave and deeply personal memoir, one of America's most beloved journalists, mother, and New York Times bestselling author speaks candidly about her battle against breast cancer, her quest to learn about it and teach others, and the transformative effect it's had on her life. When former Good Morning

America host Joan Lunden was diagnosed with breast cancer, she set out to learn everything about it to help her survive. With seven children counting on her, giving up was not an option. After announcing her diagnosis on Good Morning America, people all over the country rallied around Joan as she went into Warrior mode. Within a few months, after losing her hair, Joan appeared on the cover of *People* magazine bald, showing the world she could, and would, beat the disease. Determined to remain upbeat—to look in the mirror with a brave face—her resolve empowered women everywhere. The Today show quickly recruited Joan as a special correspondent and continues to follow her progress. A deeply personal and powerful story of pain, persistence,

and perseverance, *Had I Known* is a chronicle of Joan's experience and the plan she formulated and followed to battle with her disease and treatment. As Joan reveals, while her journey was not easy, it profoundly changed her in unexpected ways. Her odyssey helped Joan redefine herself, her values, and most of all, her health. Following a new clean way of eating, Joan lost thirty pounds, became more aware of the food she was eating, and avoided many of the debilitating side effects of chemotherapy. Dealing with the cancer also changed her perception of true beauty. Being attractive isn't about the hair on your head—it's about the strength and character you bring to everything you do. Positive yet down-to-earth, told with piercing honesty

leavened with warmth and humor, *Had I Known* offers unforgettable, inspirational lessons for us all.

ride and would follow Jaouad anywhere. . . . Her writing restores the moon, lights the way as we learn to endure the unknown.”—Chanel Miller, *The New York Times Book Review* “Beautifully crafted . . . affecting . . . a transformative read . . . Jaouad’s insights about the self, connectedness, uncertainty and time speak to all of us.”—*The Washington Post* In the summer after graduating from college, Suleika Jaouad was preparing, as they say in commencement speeches, to enter “the real world.” She had fallen in love and moved to Paris to pursue her dream of becoming a war correspondent. The real world she found, however, would take her into a very different kind of conflict zone. It started with an itch—first on her feet, then up her legs, like a thousand

invisible mosquito bites. Next came the exhaustion, and the six-hour naps that only deepened her fatigue. Then a trip to the doctor and, a few weeks shy of her twenty-third birthday, a diagnosis: leukemia, with a 35 percent chance of survival. Just like that, the life she had imagined for herself had gone up in flames. By the time Jaouad flew home to New York, she had lost her job, her apartment, and her independence. She would spend much of the next four years in a hospital bed, fighting for her life and chronicling the saga in a column for *The New York Times*. When Jaouad finally walked out of the cancer ward—after countless rounds of chemo, a clinical trial, and a bone marrow transplant—she was, according to the doctors, cured. But as she would soon learn, a cure is not

where the work of healing ends; it's where it begins. She had spent the past 1,500 days in desperate pursuit of one goal—to survive. And now that she'd done so, she realized that she had no idea how to live. How would she reenter the world and live again? How could she reclaim what had been lost? Jaouad embarked—with her new best friend, Oscar, a scruffy terrier mutt—on a 100-day, 15,000-mile road trip across the country. She set out to meet some of the strangers who had written to her during her years in the hospital: a teenage girl in Florida also recovering from cancer; a teacher in California grieving the death of her son; a death-row inmate in Texas who'd spent his own years confined to a room. What she learned on this trip is that the divide between sick and well is

porous, that the vast majority of us will travel back and forth between these realms throughout our lives. Between Two Kingdoms is a profound chronicle of survivorship and a fierce, tender, and inspiring exploration of what it means to begin again.

National Bestseller Winner of the National Book Critics Circle Award for Autobiography A New York Times Notable Book Geobiologist Hope Jahren has spent her life studying trees, flowers, seeds, and soil. *Lab Girl* is her revelatory treatise on plant life—but it is also a celebration of the lifelong curiosity, humility, and passion that drive every scientist. How We Fight for Our Lives

A Memoir *Simon & Schuster*

From award-winning poet Saeed Jones, *How We Fight for Our Lives*—winner of the Kirkus Prize and the Stonewall Book Award—is a "moving, bracingly honest memoir" (The New York Times Book Review) written at the crossroads of sex, race, and power. One of the best books of the year as selected by The New York Times; The Washington Post; NPR; Time; The New Yorker; O, The Oprah Magazine; Harper's Bazaar; Elle; BuzzFeed; Goodreads; and many more. "People

don't just happen," writes Saeed Jones. "We sacrifice former versions of ourselves. We sacrifice the people who dared to raise us. The 'I' it seems doesn't exist until we are able to say, 'I am no longer yours.'" Haunted and haunting, *How We Fight for Our Lives* is a stunning coming-of-age memoir about a young, black, gay man from the South as he fights to carve out a place for himself, within his family, within his country, within his own hopes, desires, and fears. Through a series of vignettes that chart a course across the American landscape, Jones draws readers into his boyhood and adolescence—into tumultuous relationships with his family, into passing flings with lovers, friends, and strangers. Each piece builds into a larger examination of race and

queerness, power and vulnerability, love and grief: a portrait of what we all do for one another—and to one another—as we fight to become ourselves. An award-winning poet, Jones has developed a style that's as beautiful as it is powerful—a voice that's by turns a river, a blues, and a nightscape set ablaze. *How We Fight for Our Lives* is a one-of-a-kind memoir and a book that cements Saeed Jones as an essential writer for our time.

Born a Crime

Stories from a South African Childhood *One World*

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A "brilliant" (Lupita Nyong'o, *Time*),

“poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Times, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah’s unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable

by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man’s relationship with his fearless, rebellious, and fervently religious mother—his

teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.

A Stolen Life *Simon and Schuster*

A raw and powerful memoir of Jaycee Lee Dugard's own story of being kidnapped as an 11-year-old and held captive for over 18 years. On 10 June 1991, eleven-year-old Jaycee Dugard was abducted from a school bus stop within sight of her home in Tahoe, California. It was the last her family and friends saw of her for over eighteen years. On 26 August 2009, Dugard, her daughters, and Phillip Craig Garrido appeared in the office of her kidnapper's parole officer in California. Their unusual behaviour sparked an investigation that led to the positive identification of Jaycee Lee Dugard, living in a tent behind Garrido's home. During her time in captivity, at the age of fourteen and seventeen, she gave birth to two

daughters, both fathered by Garrido. Dugard's memoir is written by the 30-year-old herself and covers the period from the time of her abduction in 1991 up until the present. In her stark, utterly honest and unflinching narrative, Jaycee opens up about what she experienced, including how she feels now, a year after being found. Garrido and his wife Nancy have since pleaded guilty to their crimes.

Solitary *Grove Press*

"An uncommonly powerful memoir about four decades in confinement . . . A profound book about friendship [and] solitary confinement in the United States." —New York Times Finalist for the Pulitzer Prize and the National Book Award Solitary is the unforgettable life

story of a man who served more than four decades in solitary confinement—in a 6-foot by 9-foot cell, twenty-three hours a day, in Louisiana's notorious Angola prison—all for a crime he did not commit. That Albert Woodfox survived at all was a feat of extraordinary endurance. That he emerged whole from his odyssey within America's prison and judicial systems is a triumph of the human spirit. While behind bars in his early twenties, Albert was inspired to join the Black Panther Party because of its social commitment and code of living. He was serving a fifty-year sentence in Angola for armed robbery when, on April 17, 1972, a white guard was killed. Albert and another member of the Panthers were accused of the crime and immediately put in solitary confinement.

Without a shred of evidence against them, their trial was a sham of justice. Decades passed before Albert was finally released in February 2016. Sustained by the solidarity of two fellow Panthers, Albert turned his anger into activism and resistance. The Angola 3, as they became known, resolved never to be broken by the corruption that effectively held them for decades as political prisoners. Solitary is a clarion call to reform the inhumanity of solitary confinement in the United States and around the world.

Not Without Hope *Harper Collins*

On February 28, 2009, Nick Schuyler went on a deep-sea fishing trip with three friends: NFL players Marquis Cooper and Corey Smith, and Will

Bleakley, former University of South Florida football player and Nick's best friend. What was supposed to be a day of fun and relaxation aboard Cooper's twenty-one-foot vessel turned nightmarish in the Gulf of Mexico, seventy miles west of Tampa, Florida, when a tragic mistake caused their boat to capsize. With no food or water, no emergency beacon to alert authorities, the four athletes clung to the overturned hull through the night—battling hypothermia, hallucinations, hunger, dehydration, and huge pounding waves, as they prayed, spoke of their loved ones, and shared what they would have done differently with their lives. In the end, only one would reach dry land alive. Much more than a riveting true account of survival, *Not Without Hope* is Nick

Schuyler's inspiring story of courage, resolve, and friendship.

And without his desperate teenage enlistment in the Army, he would not have discovered his true calling as a storyteller. An entrancing account of grit and growing up, perfect for newcomers and lifelong fans alike, this is the famed author at his

Solo

A Memoir of Hope *Harper Collins*

"My family doesn't do happy endings. We do sad endings or frustrating endings or no endings at all. We are hardwired to expect the next interruption or disappearance or broken promise." Hope Solo is the face of the modern female athlete. She is fearless, outspoken, and the best in the world at what she does: protecting the goal of the U.S. women's soccer team. Her outsized talent has led her to the pinnacle of her sport—the Olympics and the World Cup—and made her into an international celebrity who is just as likely to appear on ABC's *Dancing with the Stars* as she is on the covers of *Sports Illustrated*, *ESPN The Magazine*, and *Vogue*. But her journey—which began in Richland, Washington, where she was raised by her strong-willed mother on the scorched earth of defunct

nuclear testing sites—is similarly haunted by the fallout of her family history. Her father, a philanderer and con man, was convicted of embezzlement when Solo was an infant. She lost touch with him as he drifted out of prison and into homelessness. By the time they reunited, years later, in the parking lot of a grocery store, she was an All-American goalkeeper at the University of Washington and already a budding prospect for the U.S. national team. He was living in the woods. Despite harboring serious doubts even about the provenance of her father's last name (and her own), Solo embraces him as fiercely as she pursues her dreams of being a world-class soccer player. When those dreams are threatened by her standing within the national team, as

when she was famously benched in the semifinals of the 2007 World Cup after four shutouts and spoke her piece publicly, we see a woman of uncompromising independence and hard-won perseverance navigate the petty backlash against her. For the first time, she tells her version of that controversial episode, and offers with it a full understanding of her hard-scrabble life. Moving, sometimes shocking, Solo is a portrait of an athlete finding redemption. This is the Hope Solo whom few have ever glimpsed. Signed poster inside.

The Cat I Never Named

A True Story of Love, War, and Survival *Bloomsbury Publishing USA*

Her friend didn't say why, but Amra knew the reason: Amra was Muslim. It was the first sign her world was changing. Then Muslim refugees from other Bosnian cities started arriving, fleeing Serbian persecution. When the tanks rolled into Bihac, bringing her own city under seige, Amra's happy life in her peaceful city vanished. But there is light even in the

darkest of times, and she discovered that light in the warm, bonfire eyes of a stray cat. The little calico had followed the refugees into the city and lost her own family. At first, Amra doesn't want to bother with a stray; her family doesn't have the money to keep a pet. But with gentle charm this kitty finds her way into everyone's heart, and after a few near miracles when she seems to save the family, how could they turn her away? Here is the stunning true story of a teen who, even in the brutality of war, never wavered in her determination to obtain an education, maintain friendships, and even find a first love--and the cat who gave comfort, hope, and maybe even served as the family's guardian spirit.

You Have Such a Pretty Face

Have you struggled with obesity, poor self-image, weight-related health problems, or simply a feeling of inadequacy or meaninglessness? Are you tired of feeling left out of the active world around you? Have you ever contemplated weight-loss surgery? It's an option many consider, often after trying and failing over and over again with diet and exercise. But what about the side-effects? The pain? The financial burden? The emotional toll? Kelley Gunter found herself dealing with all of these issues and many more as she weighed the decision to undergo bariatric surgery. Finding very few personal accounts from those who had gone through the same struggles, she decided to write about her experience in an effort to help others facing the same

decision. Gunter struggled with her weight from an early age. Always self-conscious of her body, she endured the taunts of her classmates, rejections from boys, and painful nicknames such as "Richter" and "Tree Trunk Legs." A natural athlete and a high-school cheerleader, she attempted to remain positive as well as physically- and socially-active, but her weight constantly thwarted her efforts to achieve the fulfillment she craved so desperately. As an adult, her demons followed her into her professional life, where co-workers and even supervisors perpetuated the hurtful body-shaming she had come to know so well. Her personal relationships suffered as her constant craving for love and acceptance caused her to make poor decisions in romantic partnerships.

Gunter knew it was time for a change. Mustering all her strength, courage, and faith, she undertook the monumental task of preparing herself for weight-loss surgery. She attended workshops and meticulously researched various procedures until she found one that was right for her. She worked to obtain the necessary funding, taking out loans to make her goal a reality. She even endured unexpected life-threatening complications that left her not only bedridden, but saddled with additional debt and recovery time. Gunter leads the reader through her entire weight-loss journey in vivid detail. The reader will follow her as she copes with the early stages of recovery, where even the simplest tasks such as walking to and from the bathroom became nearly

impossible struggles. Readers will journey with her as she works her way back to wellness, cry with her as she wrestles with the barrage of emotions that come with rapid weight loss, and rejoice with her as she begins to realize her goal of physical and emotional wellness. Whether you have grappled with personal body image, yo-yo dieting, lifelong weight issues, or even morbid obesity, you will find personal inspiration through Gunter's compelling personal story of pain, struggle, and ultimate personal triumph. For those contemplating bariatric surgery, Gunter offers guidance, words of wisdom, and personal examples from beginning to end. For those seeking inspiration, she offers her personal story of spiritual faith, family, and friendships that served

as a guiding force in her ongoing recovery and personal growth. For those seeking motivation, she offers the triumphant story of a desperate, but determined woman who takes matters into her own hands and reclaims the life she deserves. "When the world says, 'Give up, ' hope whispers, 'Try it one more time.'"

No Time Like the Future

An Optimist Considers Mortality

Flatiron Books

INSTANT NEW YORK TIMES BESTSELLER

A moving account of resilience, hope, fear and mortality, and how these things resonate in our lives, by actor and advocate Michael J. Fox. The entire world knows Michael J. Fox as Marty McFly, the teenage sidekick of Doc Brown in *Back to the Future*; as Alex P. Keaton in *Family Ties*; as Mike Flaherty in *Spin City*; and through numerous other movie roles and guest appearances on shows such as *The Good Wife* and *Curb Your Enthusiasm*. Diagnosed at age 29, Michael is equally engaged in Parkinson's advocacy work, raising global awareness of the disease and

helping find a cure through The Michael J. Fox Foundation for Parkinson's Research, the world's leading non-profit funder of PD science. His two previous bestselling memoirs, *Lucky Man* and *Always Looking Up*, dealt with how he came to terms with the illness, all the while exhibiting his iconic optimism. His new memoir reassesses this outlook, as events in the past decade presented additional challenges. In *No Time Like the Future: An Optimist Considers Mortality*, Michael shares personal stories and observations about illness and health, aging, the strength of family and friends, and how our perceptions about time affect the way we approach mortality. Thoughtful and moving, but with Fox's trademark sense of humor, his book provides a vehicle for reflection

about our lives, our loves, and our losses. Running through the narrative is the drama of the medical madness Fox recently experienced, that included his daily negotiations with the Parkinson's disease he's had since 1991, and a spinal cord issue that necessitated immediate surgery. His challenge to learn how to walk again, only to suffer a devastating fall, nearly caused him to ditch his trademark optimism and "get out of the lemonade business altogether." Does he make it all of the way back? Read the book.

Life Reclaimed

Rural Transylvania, Nazi Camps, and the American Dream *iUniverse*

In April of 1944, during the last year of World War II and two months before the D-day landings at Normandy, Paul N. Frenkel was a fourteen-year-old living happily with his family in the rural Transylvanian town of Hadad, Hungary. Suddenly, without explanation or justification, the family was rounded up with other Hungarian Jews, confined in a

factory yard, and then herded into cattle cars and shipped off to Auschwitz. In *Life Reclaimed*, Frenkel narrates the story of his life—his prewar idyllic childhood in the foothills of the Carpathian Mountains, his survival in four Nazi camps as a young teenager, the loss of his parents and most of his relatives in Nazi hell, his daring escape from the death march out of Berga-Elster Camp, and his ultimate success as an entrepreneurial business executive and devoted family man in America. A story

of endurance, courage, and hope, *Life Reclaimed* represents Frenkel's determined ongoing efforts to come to grips with his World War II experience—why his family and the other Hungarian Jews failed to realize their dire peril from the Nazis; why their Transylvanian neighbors and friends actively collaborated with the Nazis or passively abandoned their Jewish colleagues to arrest, enslavement, and death; and why this dark past continues to haunt his life and burden his thoughts.
