Overview []. The bike was designed to  
be a bullet proofed "sports tourer" - in  
the thinking of the last 1970s - and  
Suzuki pooled the best of all the  
features, taking the engine from the  
Suzuki GS750, boring it to 850 providing  
more torque, the shaft drive from the  
1100 and various other workings. The  
result was a solid, smooth and effortless  
tourer.
