Korean Language in Culture and Society *University of Hawaii Press*

The first volume of its kind to treat specifically the critical role of language in Korean culture and society. An introductory chapter provides the framework of the volume, defining language, culture, and society and their interrelatedness and presenting an overview of the Korean language vis-à-vis

its culture and society from evolutionary and dynamic perspectives.

Integrated Korean

Accelerated 2 *University of Hawaii Press*

Korean is the seventh most commonly spoken language in the United States, and Korean heritage students—those with some proficiency in or a cultural connection to the language through family or community—make up a substantial portion of Korean learners at the college level. Many schools offer a separate heritage track for learning Korean, but until now there has been no textbook designed specifically for heritage learners as well as the increasing number of students from diverse backgrounds who are interested in pursuing intensive learning to build on their prior experience with Korean. Integrated Korean: Accelerated 1 and 2 directly address the linguistic needs and abilities of heritage and accelerated learners in a single academic year. Volume 1 presents lessons on thematically organized subjects, starting with familiar topics such as family, friends, daily routines, schoolwork, campus activities, dining out, and shopping. Volume 2 advances to more formal subjects beyond family and friends, such as travel, transportation, housing, holidays, lifestyles, careers, and Korean history and culture. Students approach the lessons with multilevel communicative classroom activities and reading materials with standards-based exercises and projects that not only focus on the particular language requirements of heritage learners, but also encourage them to participate more fully in their own family and community life. Each volume's textbook and workbook offer authentic conversations and texts in both informal and formal contexts, structured tasks, and a wealth of interesting and relevant cultural content. Integrated Korean is a project of the Korean Language Education and Research Center (KLEAR) with the support of the Korea Foundation. In addition to the five-level Integrated Korean textbooks and workbooks, volumes include Korean Composition, Korean Language in Culture and Society, Korean Reader for Chinese Characters, Readings in Modern Korean Literature, A Resource for Korean Grammar Instruction, and Selected Readings in Korean. A Resource for Korean Grammar Instruction *University of Hawaii Press*

This book accompanies KLEAR's Integrated Korean text series. It contains nearly 1,000 activities on 160 of the most commonly used grammar patterns for beginning and intermediate levels, all sorted by alphabetical order, as well as topics for comprehensive grammar instruction using an interactive approach. Nearly 40 practical activities and lesson ideas for advanced levels are also included. These activities are sorted by skill orientation (e.g., speaking-oriented, reading-oriented, etc.), which will allow them to be used with any Korean-language textbook published in the U.S., Korea, or elsewhere. Instructors who teach Korean as a foreign language in colleges, secondary schools, and community schools and even as private tutors will welcome the easy-to-use grammar activities, which provide practical guidelines for both new and experienced teachers. These lessons reflect the current trend among Korean-language learners in U.S. universities, where, traditionally, primary learners were students of Korean heritage. In recent years, the number of non-heritage learners has

increased and thus, to meet their needs, activities with different degrees of difficulty are provided for each grammar pattern and topic enabling instructors to select those most suitable to their students' needs. A Resource for Korean Grammar Instruction is divided into two main parts: 1) activities by forms for beginning and intermediate levels; and 2) activities by skill for more advanced levels. The first part includes greetings and Hangul, sentence endings, clausal endings, other suffixes, particles, and more. The second covers vocabulary-oriented activities, speaking/listening activities, reading-oriented activities, and writing-oriented activities. Supplementary instructional materials such as Power Point presentations, video clips, photos and images, and sample quizzes are available free for download at www.kleartextbook.com under the Instructor section after a simple login.

Selected Readings in Korean *University of Hawaii Press*

The first advanced Korean reading text for non-native speakers, *Selected Readings in Korean* consists of eighteen lessons on diverse, stimulating topics such as Korean traditions, culture, and society. It is designed for use by students who have completed the fourth-year level in Korean (approximately five hundred class hours) or the equivalent. Each lesson consists of six sections: prereading group activities, which not only serve as a schema for efficient comprehension of the reading text to follow, but also help students broaden their relevant knowledge; an authentic main reading text on an informative and interesting topic; explanations in Korean and English of words that may be unfamiliar to students, including words indicating abstract or culture-specific concepts; explanations of idiomatic expressions; extensive exercises intended to help students master the contents of the text, new vocabulary, and grammar while improving their composition and oral presentation skills; and post-reading activities designed to further thinking and group discussion on subjects related to the main topic of the lesson. Appended are translations of the main reading texts of all eighteen lessons and a Korean-English glossary. Overall, special effort has been made to render the volume learner-centered and learner-friendly.
