Social ethics are the philosophical or moral principles that, in one way or another, represent the

collective experience of people and cultures. This sort of ethics often acts as a sort of “code of conduct” that governs what is and is not acceptable, as well as providing a framework for ensuring that all members of the community are cared for. Standard ethics are typically driven by individual morals that determine right or wrong.

Social ethics are not supposed to be a detailed list of rules to be applied in any given situation. They are meant to act as a guide by setting the ground rules for what society deems acceptable. The welfare of society as a whole is put ahead of the interests of any individual, and this helps to ensure that everyone is kept accountable by each other.
