John Adams *Simon and Schuster*

Chronicles the life of America's second president, including his youth, his career as a Massachusetts farmer and lawyer, his marriage to Abigail, his rivalry with Thomas Jefferson, and his influence on the birth of the United States.

John Adams *Simon & Schuster Audio*

Presents a biography portraying John Adams as a brilliant, fiercely independent Yankee patriot who spared nothing in his zeal for the American Revolution and then rose to become the second president of the United States.#x1E.

David McCullough: The Presidential Biographies

John Adams, Mornings on Horseback, and Truman *Simon &*

Schuster

From “one of our most gifted living writers” (The Washington Post), this collection includes David McCullough’s masterful biographies of three great presidents: John Adams, Harry S. Truman, and Theodore Roosevelt. Both John Adams and Truman won the Pulitzer Prize for biography. This boxed set will include the following three volumes: John Adams The Pulitzer Prize-winning, bestselling biography of America’s founding father and second president that was the basis for the acclaimed HBO series, John Adams reads like an epic historical novel, breathing fresh life into the history of the American Revolution and the birth of the young republic. Truman The Pulitzer Prize-winning biography of Harry S. Truman, whose presidency included momentous events from the atomic bombing of Japan to the outbreak of the Cold War and the Korean War. Mornings on Horseback The National Book Award-winning biography that tells the story of how young Teddy Roosevelt transformed himself from a sickly boy into the vigorous man who would become a war hero and ultimately president of the United States.

The American Spirit

Who We Are and What We Stand For *Simon and Schuster*

Over the course of his career, David McCullough has spoken before Congress, colleges and universities, historical societies, and other esteemed institutions. Now, at a time of self-reflection in America following a bitter election campaign that has left the country divided, McCullough has collected some of his most pertinent speeches in a brief volume designed to identify important principles and characteristics that are particularly American.

David McCullough's John Adams *Spark Publishing Group*

In 2001, David McCullough's Pulitzer prizewinning and bestselling biography John Adams rediscovered our second president and revealed fascinating aspects of his life that few had known before. Here is additional background and historical context that can help you better understand McCullough's brilliantly written and illuminating portrait: Why do some consider Adams to be the first "real" U.S. president? How might Adams fare if he were a candidate today? What are Adams's greatest political legacies?

David McCullough Library E-book Box Set

1776, Brave Companions, The Great Bridge, John Adams, The Johnstown Flood, Mornings on Horseback, Path Between the Seas, Truman, The Course of Human Events *Simon and Schuster*

Perfect for David McCullough fans and history lovers alike, this eBook boxed set features all of his bestselling titles, from 1776 to Mornings on Horseback. This e-book box set includes all of David McCullough’s bestselling backlist titles: · 1776: The riveting story of George Washington, the men who marched with him, and their British foes in the momentous year of American independence. · Brave Companions: Profiles of exceptional men and women who shaped history, among them Alexander von Humboldt, Harriet Beecher Stowe, and Charles and Anne Lindbergh. · The Great Bridge: The remarkable, enthralling story of the planning and construction of the Brooklyn Bridge, which linked two great cities and epitomized American optimism, skill, and determination. · John Adams: The magisterial, Pulitzer Prize-winning biography of the independent, irascible Yankee patriot, one of our nation’s founders and most important figures, who became our second president. · The Johnstown Flood: The classic history of an American tragedy that became a scandal in the age of the

Robber Barons, the preventable flood that destroyed a town and killed 2,000 people. · Mornings on Horseback: The brilliant National Book Award-winning biography of young Theodore Roosevelt’s metamorphosis from sickly child to a vigorous, intense man poised to become a national hero and then president. · Path Between the Seas: The epic National Book Award-winning history of the heroic successes, tragic failures, and astonishing engineering and medical feats that made the Panama Canal possible. · Truman: The Pulitzer Prize-winning biography of Harry Truman, the complex and courageous man who rose from modest origins to make momentous decisions as president, from dropping the atomic bomb to going to war in Korea. · Special Bonus: The Course of Human Events: In this Jefferson Lecture in the Humanities, David McCullough draws on his personal experience as a historian to acknowledge the crucial importance of writing in history’s enduring impact and influence, and he affirms the significance of history in teaching us about human nature through the ages.

David McCullough American History E-book Box Set

John Adams, 1776, Truman, The Course of Human Events *Simon and Schuster*

This e-book box set includes the following American History-themed books by David McCullough: · John Adams: The magisterial, Pulitzer Prize-winning biography of the independent, irascible Yankee patriot, one of our nation’s founders and most important figures, who became our second president. · 1776: The riveting story of George Washington, the men who marched with him, and their British foes in the momentous year of American independence. · Truman: The Pulitzer Prize-winning biography of Harry Truman, the complex and courageous man who rose from modest origins to make momentous decisions as president, from dropping the atomic bomb to going to war in Korea. · Special Bonus: The Course of Human Events: In this Jefferson Lecture in the Humanities, David McCullough draws on his personal experience as a historian to acknowledge the crucial importance of writing in history’s enduring impact and influence, and he affirms the significance of history in teaching us about human nature through the ages.

John Adams

The Pulitzer Prize-Winning Biography *Simon and Schuster*

The Pulitzer Prize-winning biography of an American Founding Father. A huge bestseller in America, David McCullough's JOHN ADAMS tells the extraordinary story of the brilliant, fiercely independent, often irascible, always honest Yankee patriot -- 'the colossus of independence', as Thomas Jefferson called him -- who spared nothing in his zeal for the American Revolution and who rose to become the second President of the United States. Both a riveting portrait of an abundantly human man and a vivid evocation of his time, JOHN ADAMS has the sweep and vitality of a great novel, taking us from the Boston Massacre to Philadelphia in 1776 to the Versailles of Louis XVI, from Spain to Amsterdam to London, where Adams was the first American to stand before King George III as a representative of the new nation. This is history on a grand scale -- a book about politics and war, but also about human nature, love, faith, virtue, ambition, friendship and betrayal, and the far-reaching consequences of noble ideas. Above all, it is an enthralling, often surprising story of one of the most important and fascinating Americans who ever lived.

John Adams

The American Presidents Series: The 2nd President, 1797-1801 *Macmillan*

A revealing look at the true beginning of American politics. Until recently rescued by David McCullough, John Adams has always been overshadowed by Washington and Jefferson. Volatile, impulsive, irritable, and self-pitying, Adams seemed temperamentally unsuited for the presidency. Yet in many ways he was the perfect successor to Washington in terms of ability, experience, and popularity. Possessed of a far-ranging intelligence, Adams took office amid the birth of the government and multiple crises. As well as maintaining neutrality and regaining peace, his administration created the Department of the Navy, put the army on a surer footing, and left a solvent treasury. One of his shrewdest acts was surely the appointment of moderate Federalist John Marshall as Chief Justice of the Supreme Court. Though he was a Federalist, Adams sought to work outside the still-forming party system. In the end, this would be his greatest failing and most useful lesson to later leaders. "Diggins's slim volume offers a reconsideration of Adams, a thoughtful study of American politics of the period and Adams's legacy for today." - Publishers Weekly

The Revolutionary John Adams *National Geographic Books*

A biography of John Adams with emphasis on his role in the American Revolution.

Summary of John Adams by David McCullough

John Adams by David McCullough - Book Summary - Readtrepreneur (Disclaimer: This is NOT the original book, but an unofficial summary.) David McCullough American Presidents E-Book Box Set

John Adams, Mornings on Horseback, Truman, The Course of Human Events *Simon and Schuster*

From "America's most beloved biographer, David McCullough" (Time)—a collection of his bestselling biographies of American Presidents. This e-book box set features David McCullough's award-winning biographies of American Presidents, including: · John Adams: The magisterial, Pulitzer Prize-winning biography of the independent, irascible Yankee patriot, one of our nation's founders and most important figures, who became our second president. · Mornings on Horseback: The brilliant National Book Award-winning biography of young Theodore Roosevelt's metamorphosis from sickly child to a vigorous, intense man poised to become a national hero and then president. · Truman: The Pulitzer Prize-winning biography of Harry Truman, the complex and courageous man who rose from modest origins to make momentous decisions as president, from dropping the atomic bomb to going to war in Korea. · Special Bonus: The Course of Human Events: In this Jefferson Lecture in the Humanities, David McCullough draws on his personal experience as a historian to acknowledge the crucial importance of writing in history's enduring impact and influence, and he affirms the significance of history in teaching us about human nature through the ages.

The Course of Human Events

The 2003 Jefferson Lecture in the Humanities *Simon and Schuster*

In this short speech, the master historian tracks the founding fathers' and his own fascination with all things historical.

Truman *Simon and Schuster*

The Pulitzer Prize-winning biography of Harry S. Truman, whose presidency included momentous events from the atomic bombing of Japan to the outbreak of the Cold War and the Korean War, told by America's beloved and distinguished historian. The life of Harry S. Truman is one of the greatest of American stories, filled with vivid characters—Roosevelt, Churchill, Stalin, Eleanor Roosevelt, Bess Wallace Truman, George Marshall, Joe McCarthy, and Dean Acheson—and dramatic events. In this riveting biography, acclaimed historian David McCullough not only captures the man—a more complex, informed, and determined man than ever before imagined—but also the turbulent times in which he rose, boldly, to meet unprecedented challenges. The last president to serve as a living link between the nineteenth and the twentieth centuries, Truman's story spans the raw world of the Missouri frontier, World War I, the powerful Pendergast machine of Kansas City, the legendary Whistle-Stop Campaign of 1948, and the decisions to drop the atomic bomb, confront Stalin at Potsdam, send troops to Korea, and fire General MacArthur. Drawing on newly discovered archival material and extensive interviews with Truman's own family, friends, and Washington colleagues, McCullough tells the deeply moving story of the seemingly ordinary "man from Missouri" who was perhaps the most courageous president in our history.

Friends Divided

John Adams and Thomas Jefferson *Penguin*

A New York Times Book Review Notable Book of 2017 A Wall Street Journal Best Book of 2017 From the great historian of the American Revolution, New York Times-bestselling and Pulitzer-winning Gordon Wood, comes a majestic dual biography of two of America's most enduringly fascinating figures, whose partnership helped birth a nation, and whose subsequent falling out did much to fix its course. Thomas Jefferson and John Adams could scarcely have come from more different worlds, or been more different in

temperament. Jefferson, the optimist with enough faith in the innate goodness of his fellow man to be democracy's champion, was an aristocratic Southern slaveowner, while Adams, the overachiever from New England's rising middling classes, painfully aware he was no aristocrat, was a skeptic about popular rule and a defender of a more elitist view of government. They worked closely in the crucible of revolution, crafting the Declaration of Independence and leading, with Franklin, the diplomatic effort that brought France into the fight. But ultimately, their profound differences would lead to a fundamental crisis, in their friendship and in the nation writ large, as they became the figureheads of two entirely new forces, the first American political parties. It was a bitter breach, lasting through the presidential administrations of both men, and beyond. But late in life, something remarkable happened: these two men were nudged into reconciliation. What started as a grudging trickle of correspondence became a great flood, and a friendship was rekindled, over the course of hundreds of letters. In their final years they were the last surviving founding fathers and cherished their role in this mighty young republic as it approached the half century mark in 1826. At last, on the afternoon of July 4th, 50 years to the day after the signing of the Declaration, Adams let out a sigh and said, At least Jefferson still lives. He died soon thereafter. In fact, a few hours earlier on that same day, far to the south in his home in Monticello, Jefferson died as well. Arguably no relationship in this country's history carries as much freight as that of John Adams of Massachusetts and Thomas Jefferson of Virginia. Gordon Wood has more than done justice to these entwined lives and their meaning; he has written a magnificent new addition to America's collective story.

John Adams

by David McCullough | Summary & Analysis *Instaread*

John Adams by David McCullough | Summary & Analysis Preview: David McCullough's John Adams is a biography designed to establish Adams's place beside, or even above, better known figures such as Alexander Hamilton, Thomas Jefferson, and George Washington in the pantheon of national founders. It was published in 2001 and won the 2002 Pulitzer Prize for Biography or Autobiography. It was adapted into an HBO miniseries in 2008. Adams was the son of a farmer in the small town of Braintree, Massachusetts. His family recognized his intelligence and talent and invested in his education; his father sold land so that John could receive a BA from Harvard. He continued at Harvard to receive his law degree in 1758, then was mentored by John Putnam and admitted to the bar in 1759. He married Abigail Smith in 1764 and soon afterwards he began his career in public life with opposition to the British Stamp Act of 1765. Despite his ardent support of the colonies... We read every chapter, identify the key takeaways and analyze them for your convenience.

Mornings on Horseback

The Story of an Extraordinary Family, a Vanished Way of Life and the Unique Child Who Became Theodore Roosevelt *Simon and Schuster*

The National Book Award-winning biography that tells the story of how young Teddy Roosevelt transformed himself from a sickly

boy into the vigorous man who would become a war hero and ultimately president of the United States, told by master historian David McCullough. *Mornings on Horseback* is the brilliant biography of the young Theodore Roosevelt. Hailed as "a masterpiece" (John A. Gable, *Newsday*), it is the winner of the Los Angeles Times 1981 Book Prize for Biography and the National Book Award for Biography. Written by David McCullough, the author of *Truman*, this is the story of a remarkable little boy, seriously handicapped by recurrent and almost fatal asthma attacks, and his struggle to manhood: an amazing metamorphosis seen in the context of the very uncommon household in which he was raised. The father is the first Theodore Roosevelt, a figure of unbounded energy, enormously attractive and selfless, a god in the eyes of his small, frail namesake. The mother, Mittie Bulloch Roosevelt, is a Southerner and a celebrated beauty, but also considerably more, which the book makes clear as never before. There are sisters Anna and Corinne, brother Elliott (who becomes the father of Eleanor Roosevelt), and the lovely, tragic Alice Lee, TR's first love. All are brought to life to make "a beautifully told story, filled with fresh detail" (*The New York Times Book Review*). A book to be read on many levels, it is at once an enthralling story, a brilliant social history and a work of important scholarship which does away with several old myths and breaks entirely new ground. It is a book about life intensely lived, about family love and loyalty, about grief and courage, about "blessed" mornings on horseback beneath the wide blue skies of the Badlands.

John Adams

A Life *Oxford University Press*

John Ferling has nearly forty years of experience as a historian of early America. The author of acclaimed histories such as *A Leap into the Dark* and *Almost a Miracle*, he has appeared on many TV and film documentaries on this pivotal period of our history. In *John Adams: A Life*, Ferling offers a compelling portrait of one of the giants of the Revolutionary era. Drawing on extensive research, Ferling depicts a reluctant revolutionary, a leader who was deeply troubled by the warfare that he helped to make, and a fiercely independent statesman. The book brings to life an exciting time, an age in which Adams played an important political and intellectual role. Indeed, few were more instrumental in making American independence a reality. He performed yeoman's service in the Continental Congress during the revolution and was a key figure in negotiating the treaty that brought peace following the long War of Independence. He held the highest office in the land and as president he courageously chose to pursue a course that he thought best for the nation, though it was fraught with personal political dangers. Adams emerges here a man full of contradictions. He could be petty and jealous, but also meditative, insightful, and provocative. In private and with friends he could be engagingly witty. He was terribly self-centered, but in his relationship with his wife and children his shortcomings were tempered by a deep, abiding love. John Ferling's masterful *John Adams: A Life* is a singular biography of the man who succeeded George Washington in the presidency and shepherded the fragile new nation through the most dangerous of times.

The Greater Journey

Americans in Paris *Simon and Schuster*

The #1 bestseller that tells the remarkable story of the generations of American artists, writers, and doctors who traveled to Paris, the intellectual, scientific, and artistic capital of

the western world, fell in love with the city and its people, and changed America through what they learned, told by America's master historian, David McCullough. Not all pioneers went west. In *The Greater Journey*, David McCullough tells the enthralling, inspiring—and until now, untold—story of the adventurous American artists, writers, doctors, politicians, and others who set off for Paris in the years between 1830 and 1900, hungry to learn and to excel in their work. What they achieved would profoundly alter American history. Elizabeth Blackwell, the first female doctor in America, was one of this intrepid band. Another was Charles Sumner, whose encounters with black students at the Sorbonne inspired him to become the most powerful voice for abolition in the US Senate. Friends James Fenimore Cooper and Samuel F. B. Morse worked unrelentingly every day in Paris, Morse not only painting what would be his masterpiece, but also bringing home his momentous idea for the telegraph. Harriet Beecher Stowe traveled to Paris to escape the controversy generated by her book, *Uncle Tom's Cabin*. Three of the greatest American artists ever—sculptor Augustus Saint-Gaudens, painters Mary Cassatt and John Singer Sargent—flourished in Paris, inspired by French masters. Almost forgotten today, the heroic American ambassador Elihu Washburne bravely remained at his post through the Franco-Prussian War, the long Siege of Paris, and the nightmare of the Commune. His vivid diary account of the starvation and suffering endured by the people of Paris is published here for the first time. Telling their stories with power and intimacy, McCullough brings us into the lives of remarkable men and women who, in Saint-Gaudens' phrase, longed "to soar into the blue."

The Pioneers

The Heroic Story of the Settlers Who Brought the American Ideal West *Simon & Schuster*

#1 NEW YORK TIMES BESTSELLER Pulitzer Prize-winning historian David McCullough rediscovers an important and dramatic chapter in the American story—the settling of the Northwest Territory by dauntless pioneers who overcame incredible hardships to build a community based on ideals that would come to define our country. As part of the Treaty of Paris, in which Great Britain recognized the new United States of America, Britain ceded the land that comprised the immense Northwest Territory, a wilderness empire northwest of the Ohio River containing the future states of Ohio, Indiana, Illinois, Michigan, and Wisconsin. A Massachusetts minister named Manasseh Cutler was instrumental in opening this vast territory to veterans of the Revolutionary War and their families for settlement. Included in the Northwest Ordinance were three remarkable conditions: freedom of religion, free universal education, and most importantly, the prohibition of slavery. In 1788 the first band of pioneers set out from New England for the Northwest Territory under the leadership of Revolutionary War veteran General Rufus Putnam. They settled in what is now Marietta on the banks of the Ohio River. McCullough tells the story through five major characters: Cutler and Putnam; Cutler's son Ephraim; and two other men, one a carpenter turned architect, and the other a physician who became a prominent pioneer in American science. They and their families created a town in a primeval wilderness, while coping with such frontier realities as floods, fires, wolves and bears, no roads or bridges, no guarantees of any sort, all the while negotiating a contentious and sometimes hostile relationship with the native people. Like so many of McCullough's subjects, they let no obstacle deter or defeat them. Drawn in great part from a rare and all-but-unknown collection of diaries and letters by the key figures, *The Pioneers* is a uniquely

American story of people whose ambition and courage led them to remarkable accomplishments. This is a revelatory and quintessentially American story, written with David McCullough's signature narrative energy.

The Education of John Adams *Oxford University Press, USA*

"Let us dare to read, think, speak and write...." In 1765, John Adams, a twenty-nine-year-old Massachusetts lawyer, pondered the crisis engulfing Great Britain and its North American colonies. In his view, the dispute's focus was how the British Empire was to be governed under the unwritten English constitution. To address that problem, Adams drafted a pamphlet, "A Dissertation on the Canon and Feudal Law." He likened Britain's abuse of its authority over the colonists to the enslavement of medieval Europe by kings and lords allied with the Roman Catholic Church. Juxtaposing dangers past and present, he warned that a new tyranny was on the horizon, but, he added, the colonists had means to resist it. Knowledge of American rights under the English constitution, he maintained, would bolster American resistance: "This spirit [of liberty], however, without knowledge, would be little better than a brutal rage. Let us tenderly and kindly cherish, therefore, the means of knowledge. Let us dare to read, think, speak and write." 1 Adams's exhortation to his readers illuminated his life, his part in the American Revolution, and his role in the evolution of American constitutionalism. In the American Revolution, the Founding Fathers fought in different ways and using different means. Adams marshaled words and arguments in the American revolutionary cause. As lawyer, politician, legislator, constitution-maker, diplomat, and executive, he mobilized legal and historical knowledge for the greater good, drawing on the best of the past to save the future: Let every order and degree among the people rouse their attention and animate their resolution. Let them all become attentive to the grounds and principles of government, ecclesiastical and civil. Let us study the law of nature; search into the spirit of the British constitution; read the histories of ancient ages; contemplate the great examples of Greece and Rome; set before us the conduct of our own British ancestors, who have defended for us the inherent rights of mankind against foreign and domestic tyrants and usurpers, against arbitrary kings and cruel priests, in short, against the gates of earth and hell. Adams lived with books at his elbow and a pen in his hand. Insatiably curious about the world around him, he educated himself and sought to teach his contemporaries and posterity what he had learned. These lifelong processes of learning and teaching constitute the education of John Adams. 2 Previous studies of Adams use one of two competing approaches to Adams, neither capturing his life's complexity or significance. Dazzled by his colorful personality, his self-awareness, and his revealing himself on paper, most biographers stress Adams's character, some reducing his constitutional and political advocacy and analysis to mere products of his internal conflicts. 3 The competing biographical school spotlights him as a constitutional and political thinker, rooted in an intellectual tradition extending from Greece and Rome to the Enlightenment - but pushing his nonpolitical life into the background. 4 Deciding between character without ideas (reducing Adams to an idiosyncratic volcano but ignoring his intellectual depth) and ideas without character (seeing Adams as a learned intellectual but shortchanging his humanity) is a false choice. Juxtaposing his ideas with his character, this book sets him within intersecting contexts - personal, regional, lawyerly, political, and intellectual - that shaped his vision of the world and of his place in it. 5 Setting Adams in context deepens our understanding of his life's personal dimension. Adams's resentments, explosions of temper, and paroxysms of vanity

become more comprehensible when we grasp why he felt and expressed himself that way. His outbursts, voicing his sense of his virtues and failings, had roots in and resonated with his intellectual and cultural contexts. Given, for example, that he and his contemporaries saw fame as this world's just reward for service to the public good, and that his sense of fame resonated with the moral heritage of his Calvinist roots, he had reasons to take personally efforts to denigrate his labors. Those seeking to deny him fame, he thought, were trying to take away what he had earned. By denigrating him, they rejected the worth of his labors and his arguments. 6 His battles with Benjamin Franklin, with Alexander Hamilton, and with Thomas Jefferson were clashes of personality and of principled intellectual disputes about political theory and practice."--

A Dissertation on the Canon and Feudal Law *CreateSpace*

John Adams (October 30 1735 - July 4, 1826) was the second president of the United States (1797-1801), having earlier served as the first vice president of the United States (1789-1797). An American Founding Father, Adams was a statesman, diplomat, and a leading advocate of American independence from Great Britain. Well educated, he was an Enlightenment political theorist who promoted republicanism, as well as a strong central government, and wrote prolifically about his often seminal ideas—both in published works and in letters to his wife and key adviser Abigail Adams. Adams was a lifelong opponent of slavery, having never bought a slave. In 1770 he provided a principled, controversial, and successful legal defense to the British soldiers accused in the Boston Massacre, because he believed in the right to counsel and the "protect[ion] of innocence." Adams came to prominence in the early stages of the American Revolution. A lawyer and public figure in Boston, as a delegate from Massachusetts to the Continental Congress, he played a leading role in persuading Congress to declare independence. He assisted Thomas Jefferson in drafting the Declaration of Independence in 1776, and was its primary advocate in the Congress. Later, as a diplomat in Europe, he helped negotiate the eventual peace treaty with Great Britain, and was responsible for obtaining vital governmental loans from Amsterdam bankers. A political theorist and historian, Adams largely wrote the Massachusetts Constitution in 1780, which together with his earlier *Thoughts on Government*, influenced American political thought. One of his greatest roles was as a judge of character: in 1775, he nominated George Washington to be commander-in-chief, and 25 years later nominated John Marshall to be Chief Justice of the United States. Adams' revolutionary credentials secured him two terms as George Washington's vice president and his own election in 1796 as the second president. During his one term as president, he encountered ferocious attacks by the Jeffersonian Republicans, as well as the dominant faction in his own Federalist Party led by his bitter enemy Alexander Hamilton. Adams signed the controversial Alien and Sedition Acts, and built up the army and navy especially in the face of an undeclared naval war (called the "Quasi-War") with France, 1798-1800. The major accomplishment of his presidency was his peaceful resolution of the conflict in the face of Hamilton's opposition. In 1800, Adams was defeated for re-election by Thomas Jefferson and retired to Massachusetts. He later resumed his friendship with Jefferson. He and his wife founded an accomplished family line of politicians, diplomats, and historians now referred to as the Adams political family. Adams was the father of John Quincy Adams, the sixth President of the United States. His achievements have received greater recognition in modern times, though his contributions were not initially as celebrated as those of other Founders. Adams was the first U.S. president to

reside in the executive mansion that eventually became known as the White House.

Passionate Sage: The Character and Legacy of John Adams *W. W. Norton & Company*

"Impassioned and erudite....A captivating portrait of this Massachusetts native as a wonderfully contrary genius possessed of an uncommon moral intelligence and farsighted political wisdom." —Michiko Kakutani, *New York Times* A fresh look at this astute, likably quirky statesman, by the author of the Pulitzer Award-winning *Founding Brothers* and the National Book Award winning *American Sphinx*. "The most lovable and most laughable, the warmest and possibly the wisest of the founding fathers, John Adams knew himself as few men do and preserved his knowledge in a voluminous correspondence that still vibrates. Ellis has used it with great skill and perception not only to bring us the man, warts and all, but more importantly to reveal his extraordinary insights into the problems confronting the founders that resonate today in the republic they created." —Edmund S. Morgan, Sterling Professor of History Emeritus, Yale University

The Wisdom of John Adams *Citadel Press*

John Adams was America's first vice president, second president and a leading revolutionary, yet his remarkable accomplishments have sometimes been over-shadowed by his peers Washington and Jefferson.

Brave Companions *Simon and Schuster*

From Alexander von Humboldt to Charles and Anne Lindbergh, these are stories of people of great vision and daring whose achievements continue to inspire us today, brilliantly told by master historian David McCullough. The bestselling author of *Truman* and *John Adams*, David McCullough has written profiles of exceptional men and women past and present who have not only shaped the course of history or changed how we see the world but whose stories express much that is timeless about the human condition. Here are Alexander von Humboldt, whose epic explorations of South America surpassed the Lewis and Clark expedition; Harriet Beecher Stowe, "the little woman who made the big war"; Frederic Remington; the extraordinary Louis Agassiz of Harvard; Charles and Anne Lindbergh, and their fellow long-distance pilots Antoine de Saint-Exupéry and Beryl Markham; Harry Caudill, the Kentucky lawyer who awakened the nation to the tragedy of Appalachia; and David Plowden, a present-day photographer of vanishing America. Different as they are from each other, McCullough's subjects have in common a rare vitality and sense of purpose. These are brave companions: to each other, to David McCullough, and to the reader, for with rare storytelling ability McCullough brings us into the times they knew and their very uncommon lives.

My Dearest Friend

Letters of Abigail and John Adams *Harvard University Press*

Spanning nearly forty years, the letters collected in this volume form the most significant correspondence—and reveal one of the most intriguing and inspiring partnerships—in American history.

The Wright Brothers *Simon and Schuster*

The #1 *New York Times* bestseller from David McCullough, two-time winner of the Pulitzer Prize—the dramatic story-behind-the-story about the courageous brothers who taught the world how to fly—Wilbur and Orville Wright. On a winter day in 1903, in the Outer Banks of North Carolina, two brothers—bicycle mechanics from Dayton, Ohio—changed history. But it would take the world

some time to believe that the age of flight had begun, with the first powered machine carrying a pilot. Orville and Wilbur Wright were men of exceptional courage and determination, and of far-ranging intellectual interests and ceaseless curiosity. When they worked together, no problem seemed to be insurmountable. Wilbur was unquestionably a genius. Orville had such mechanical ingenuity as few had ever seen. That they had no more than a public high school education and little money never stopped them in their mission to take to the air. Nothing did, not even the self-evident reality that every time they took off, they risked being killed. In this “enjoyable, fast-paced tale” (*The Economist*), master historian David McCullough “shows as never before how two Ohio boys from a remarkable family taught the world to fly” (*The Washington Post*) and “captures the marvel of what the Wrights accomplished” (*The Wall Street Journal*). He draws on the extensive Wright family papers to profile not only the brothers but their sister, Katharine, without whom things might well have gone differently for them. Essential reading, this is “a story of timeless importance, told with uncommon empathy and fluency...about what might be the most astonishing feat mankind has ever accomplished...The Wright Brothers soars” (*The New York Times Book Review*).

Seventeen Seventy-six *Simon and Schuster*

Draws on personal correspondence and period diaries to present a history of the American Revolution that includes the siege of Boston, the American defeat at Brooklyn, the retreat across New Jersey, and the American victory at Trenton.

Summary David McCullough's John Adams *Createspace Independent Publishing Platform*

This is a Summary of David McCullough's John Adams The Pulitzer Prize-winning, bestselling biography of America's founding father and second president that was the basis for the acclaimed HBO series, brilliantly told by master historian David McCullough.

John Adams: 1784-1826 *Greenwood*

John Quincy Adams

A Public Life, A Private Life *Knopf*

February 21, 1848, the House of Representatives, Washington D.C.: Congressman John Quincy Adams, rising to speak, suddenly collapses at his desk; two days later, he dies in the Speaker's chamber. The public mourning that followed, writes Paul C. Nagel, “exceeded anything previously seen in America. Forgotten was his failed presidency and his often cold demeanor. It was the memory of an extraordinary human being—one who in his last years had fought heroically for the right of petition and against a war to expand slavery—that drew a grateful people to salute his coffin in the Capitol and to stand by the railroad tracks as his bier was transported from Washington to Boston.” Nagel probes deeply into the psyche of this cantankerous, misanthropic, erudite, hardworking son of a former president whose remarkable career spanned many offices: minister to Holland, Russia, and England, U.S. senator, secretary of state, president of the United States (1825-1829), and, finally, U.S. representative (the only ex-president to serve in the House). On the basis of a thorough study of Adams' seventy-year diary, among a host of other documents, the author gives us a richer account than we have yet had of JQA's life—his passionate marriage to Louisa Johnson, his personal tragedies (two sons lost to alcoholism), his brilliant diplomacy, his recurring depression, his exasperating behavior—and shows us why, in the end, only Abraham Lincoln's death evoked a great out-pouring of national sorrow in

nineteenth-century America. We come to see how much Adams disliked politics and hoped for more from life than high office; how he sought distinction in literacy and scientific endeavors, and drew his greatest pleasure from being a poet, critic, translator, essayist, botanist, and professor of oratory at Harvard; how tension between the public and private Adams vexed his life; and how his frustration kept his masked and aloof (and unpopular). Nagel's great achievement, in this first biography of America's sixth president in a quarter century, is finally to portray Adams in all his talent and complexity.

Abigail Adams *Simon and Schuster*

Winner of the Bancroft Prize *The New York Times Book Review*, Editor's Choice American Heritage, Best of 2009 In this vivid new biography of Abigail Adams, the most illustrious woman of the founding era, Bancroft Award-winning historian Woody Holton offers a sweeping reinterpretation of Adams's life story and of women's roles in the creation of the republic. Using previously overlooked documents from numerous archives, Abigail Adams shows that the wife of the second president of the United States was far more charismatic and influential than historians have realized. One of the finest writers of her age, Adams passionately campaigned for women's education, denounced sex discrimination, and matched wits not only with her brilliant husband, John, but with Thomas Jefferson and George Washington. When male Patriots ignored her famous appeal to “Remember the Ladies,” she accomplished her own personal declaration of independence: Defying centuries of legislation that assigned married women's property to their husbands, she amassed a fortune in her own name. Adams's life story encapsulates the history of the founding era, for she defined herself in relation to the people she loved or hated (she was never neutral), a cast of characters that included her mother and sisters; Benjamin Franklin and James Lovell, her husband's bawdy congressional colleagues; Phoebe Abdee, her father's former slave; her financially naïve husband; and her son John Quincy. At once epic and intimate, Abigail Adams, sheds light on a complicated, fascinating woman, one of the most beloved figures of American history.

America's First Dynasty

The Adamses, 1735-1918 *Simon and Schuster*

Richard Brookhiser has won a wide and loyal following for his stylish, pointed, and elegant biographies of George Washington and Alexander Hamilton. In *America's First Dynasty*, Brookhiser tells the story of America's longest and still greatest dynasty -- the Adamses, the only family in our history to play a leading role in American affairs for nearly two centuries. From John, the self-made, tough-minded lawyer who rose to the highest office in the government he helped create; to John Quincy, the child prodigy who grew up amid foreign royalty, followed his father to the White House, and later reinvented himself as a champion of liberty in Congress; to politician and writer Charles Francis, the only well-balanced Adams; to Henry, brilliant scholar and journalist -- the Adamses achieved longer-lasting greatness than any other American family. Brookhiser's canvass starts in colonial America, when John Adams had to teach himself the law and ride on horseback for miles to find clients. It does not end until after the Titanic sinks -- Henry had booked a room but changed his plans -- and World War I begins, with Henry near the action in France. The story of this single family offers a short course in the nation's history, because for nearly two hundred years Adams history was American history. The Adamses were accompanied by an impressive cast of characters, from George Washington

and Thomas Jefferson, to Andrew Jackson and Ulysses Grant, to Teddy Roosevelt. America's First Dynasty offers telling portraits of the great men of our past, and many of the women around them. John and Abigail's great love affair was destined to be repeated by their offspring and offspring's offspring. As with any family, there was a darker side to the Adams story: many of its members were abject failures. Alcoholism was a familiar specter, and suicide was not unknown. Only one of the four great Adamses was a kind man and father; the others set standards so impossibly high that few of their children could meet them. Yet despite more than a century of difference from John to Henry, certain Adams traits remained the same. In the story of our first and still-greatest family, we can all see something of our own struggles with family, fate, and history.

Familiar Letters of John Adams and His Wife Abigail Adams, During the Revolution

With a Memoir of Mrs. Adams *Mundus Publishing*

John Adams: Party of One *Macmillan*

A comprehensive rendering of the life of the revolutionary, founding father, and second U.S. president explores his origins as a son of Massachusetts who crafted himself into an uncompromisingly ethical politician and social reformer.

The Great Bridge

The Epic Story of the Building of the Brooklyn Bridge *Simon and Schuster*

A detailed account of the construction of the Brooklyn Bridge providing background on its engineering history as well as the political and social climate of the late-nineteenth century. Reissue. 10,000 first printing.

James Monroe

A Life *Penguin*

The extraordinary life of James Monroe: soldier, senator, diplomat, and the last Founding Father to hold the presidency, a man who helped transform thirteen colonies into a vibrant and mighty republic. "A first-rate account of a remarkable life." —Jon Meacham, Pulitzer Prize-winning author of *The Soul of America* Monroe lived a life defined by revolutions. From the battlefields of the War for Independence, to his ambassadorship in Paris in the days of the guillotine, to his own role in the creation of Congress's partisan divide, he was a man who embodied the restless spirit of the age. He was never one to back down from a fight, whether it be with Alexander Hamilton, with whom he nearly engaged in a duel (prevented, ironically, by Aaron Burr), or George Washington, his hero turned political opponent. This magnificent new biography vividly recreates the epic sweep of Monroe's life: his near-death wounding at Trenton and a brutal winter at Valley Forge; his pivotal negotiations with France over the Louisiana Purchase; his deep, complex friendships with Thomas Jefferson and James Madison; his valiant leadership when the British ransacked the nation's capital and burned down the Executive Mansion; and Monroe's lifelong struggle to reckon with his own complicity in slavery. Elected the fifth president of the United States in 1816, this fiercest of partisans sought to bridge divisions and sow unity, calming turbulent political seas and inheriting Washington's mantle of placing country above party. Over his two terms, Monroe transformed the nation, strengthening American power both at home and abroad. Critically acclaimed author Tim McGrath has consulted an

extensive array of primary sources, many rarely seen since Monroe's own time, to conjure up this fascinating portrait of an essential American statesman and president.

First Family

Abigail and John Adams *Vintage*

The Pulitzer Prize-winning, best-selling author of *Founding Brothers* and *His Excellency* brings America's preeminent first couple to life in a moving and illuminating narrative that sweeps through the American Revolution and the republic's tenuous early years. John and Abigail Adams left an indelible and remarkably preserved portrait of their lives together in their personal correspondence: both Adamses were prolific letter writers (although John conceded that Abigail was clearly the more gifted of the two), and over the years they exchanged more than twelve hundred letters. Joseph J. Ellis distills this unprecedented and unsurpassed record to give us an account both intimate and panoramic; part biography, part political history, and part love story. Ellis describes the first meeting between the two as inauspicious—John was twenty-four, Abigail just fifteen, and each was entirely unimpressed with the other. But they soon began a passionate correspondence that resulted in their marriage five years later. Over the next decades, the couple were separated nearly as much as they were together. John's political career took him first to Philadelphia, where he became the boldest advocate for the measures that would lead to the Declaration of Independence. Yet in order to attend the Second Continental Congress, he left his wife and children in the middle of the war zone that had by then engulfed Massachusetts. Later he was sent to Paris, where he served as a minister to the court of France alongside Benjamin Franklin. These years apart stressed the Adamses' union almost beyond what it could bear: Abigail grew lonely, while the Adams children suffered from their father's absence. John was elected the nation's first vice president, but by the time of his reelection, Abigail's health prevented her from joining him in Philadelphia, the interim capital. She no doubt had further reservations about moving to the swamp on the Potomac when John became president, although this time he persuaded her. President Adams inherited a weak and bitterly divided country from George Washington. The political situation was perilous at best, and he needed his closest advisor by his side: "I can do nothing," John told Abigail after his election, "without you." In Ellis's rich and striking new history, John and Abigail's relationship unfolds in the context of America's birth as a nation.

John Adams and the Spirit of Liberty

In the first major work on Adams's political thought in over thirty years, C. Bradley Thompson takes issue with the notion that Adams's thought is irrelevant to the development of American ideas. Focusing on Adams's major writings, Thompson elucidates and reevaluates his political and constitutional thought by interpreting it within the tradition of political philosophy stretching from Plato to Montesquieu. Skillfully blending history and political science, Thompson's work shows how the spirit of liberty animated Adams's life and reestablishes this forgotten Revolutionary as an independent and important thinker.

The Secret Knowledge

On the Dismantling of American Culture

Addresses key political issues from religion and political correctness to taxes and global warming while denouncing current administrative agendas and explaining why he has abandoned his liberal views.
