Advanced Radar Sensor ARS540. The ARS540 is a high performance premium long-range radar sensor which enables highly automated driving in combination with other technologies. It provides best radar performance in a state-of-the-art sensor size. One of the benefits of the ARS540 lies in its compactness and flexible usage which makes it easier to use across entire vehicle platforms.

Continental Automotive - ARS540

Continental’s ARS540 is a premium, long-range 4D imaging radar with high resolution and 300-meter range. Its wide, ± 60° field-of-view enables multi-hypothesis tracking for precise prediction while driving, which is critical for managing complex driving scenarios, such as the detection of a traffic jam under a bridge.
