The state must control itself. This collection explores how new democracies can achieve that goal.

Focusing on electoral administration, judicial systems, corruption control, and central banks, the authors consider such issues as how governments can establish effective agencies of restraint, why they should accept them, and what those agencies can do to achieve credibility.

The self-restraining state: power and accountability in new democracies. Schedler, Andreas, 1964-; Plattner, Marc F., 1945-; Diamond, Larry, 1951-This text states that democratic governments must be accountable to the electorate; but they must also be subject to restraint and oversight by other public agencies. The state must control itself.

The self-restraining state: power

and accountability in ...

Self-restraint is itself a power because of the fact that all the avenues of depletion of energy get transmuted into the very existence of the saint or the seeker or the sage, and the channels through which energy moves out in the direction of things and objects in the world get melted down, as it were, in the menstruum of self-control.
