A Wrinkle in Time *GENERAL PRESS*

A Wrinkle in Time is the winner of the 1963 Newbery Medal. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my

way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). The Interestings

A Novel *Penguin*

Named a best book of the year by Entertainment Weekly, Time, and The Chicago Tribune, and named a notable book by The New York Times Book Review and The Washington Post “Remarkable . . . With this book [Wolitzer] has surpassed herself.”—The New York Times Book Review "A victory . . . The Interestings secures Wolitzer's place among the best novelists of her generation. . . . She's every bit as literary as Franzen or Eugenides. But the very human moments in her work hit you harder than the big ideas. This isn't women's fiction. It's everyone's."—Entertainment Weekly (A) From Meg Wolitzer, the New York Times–bestselling author of The Female Persuasion, a novel that has been called "genius" (The Chicago Tribune), “wonderful” (Vanity Fair), "ambitious" (San Francisco Chronicle), and a “page-turner” (Cosmopolitan). The summer that Nixon resigns, six teenagers at a summer camp for the arts become inseparable. Decades later the bond remains powerful, but so much else has changed. In The Interestings, Wolitzer follows these characters from the height of youth through middle age, as their talents, fortunes, and degrees of satisfaction diverge. The kind of creativity

that is rewarded at age fifteen is not always enough to propel someone through life at age thirty; not everyone can sustain, in adulthood, what seemed so special in adolescence. Jules Jacobson, an aspiring comic actress, eventually resigns herself to a more practical occupation and lifestyle. Her friend Jonah, a gifted musician, stops playing the guitar and becomes an engineer. But Ethan and Ash, Jules’s now-married best friends, become shockingly successful—true to their initial artistic dreams, with the wealth and access that allow those dreams to keep expanding. The friendships endure and even prosper, but also underscore the differences in their fates, in what their talents have become and the shapes their lives have taken. Wide in scope, ambitious, and populated by complex characters who come together and apart in a changing New York City, *The Interestings* explores the meaning of talent; the nature of envy; the roles of class, art, money, and power; and how all of it can shift and tilt precipitously over the course of a friendship and a life.

Grim Reaper: End of Days *St. Martin's Press*

Inspired by Dante's "Divine Comedy," Alten, the "New York Times"-bestselling author of "MEG," returns with an engaging thriller that draws parallels between the corruption in Europe preceding the Black Death and today's situation. Available in a tall Premium Edition.

Picture Me Gone *Penguin*

She collects information about Matthew from his belongings, from his wife and baby, from the dog he left behind and from the ghosts of his past—slowly piecing together the story everyone else has missed. But just when she’s closest to solving the mystery, a shocking betrayal calls into question her trust in the one person she thought she could read best.

But she must leave, now that her husband Patrick—the kind who cooks, throws her birthday parties, who loves her and has only ever wanted her to be happy—has just moved out. Because there’s something wrong with Martha, and has been for a long time. When she was seventeen, a little bomb went off in her brain and she was never the same. But countless doctors, endless therapy, every kind of drug later, she still doesn’t know what’s wrong, why she spends days unable to get out of bed or alienates both strangers and her loved ones with casually cruel remarks. And she has nowhere to go except her childhood home: a bohemian (dilapidated) townhouse in a romantic (rundown) part of London—to live with her mother, a minorly important sculptor (and major drinker) and her father, a famous poet (though unpublished) and try to survive without the devoted, potty-mouthed sister who made all the chaos bearable back then, and is now too busy or too fed up to deal with her. But maybe, by starting over, Martha will get to write a better ending for herself—and she’ll find out that she’s not quite finished after all.
