Oracle Application Express (APEX) is a low-code development platform that enables you to build scalable, secure enterprise apps, with world-class features, that can be deployed anywhere. Using APEX, developers

can quickly develop and deploy compelling apps that solve real problems and provide immediate value. You won't need to be an expert in a vast array of technologies to deliver sophisticated solutions.

Oracle Application Express

Functions as a comprehensive, task-based reference on using the Oracle Application Express development environment. Oracle Application Express is a rapid Web application development tool for the Oracle database. Using only a Web browser and limited programming experience, you can develop professional, fast, and secure applications. Deployed applications require

only a browser and access to an Oracle database running Application Express.
