Quantum Psychics – 2nd Ed. \$ 9.99. Quantum Psychics: Scientifically Understand, Control and Enhance Your Psychic Ability: 2nd Edition is a groundbreaking book that utilizes an extensive list of new scientific research studies to reveal how the laws of physics do not have to be rewritten to explain how psychic abilities work. These research studies consist of initiatives in parapsychology, psychology, neuroscience, quantum physics, and related single and interdisciplinary fields.

Quantum Psychics - 2nd Ed. - Parapsychology

The quantum physical problem arises from how elementary

particles at the microscopic level (quantum physics) are measured from the macroscopic instruments (classical physics). In the quantum world, an elementary particle or a collection of such particles can exist in a superposition of two or more possible states of physical being.

The current boost of investment in the development of quantum software and hardware is often referred to as the second quantum revolution where we can achieve the control of quantum systems that allows for many new technological applications. Our computing and communication solutions will involve more and more quantum devices. These systems are not going to fully dominate in the near future, but there will be an extended period where hybrid systems of classical and quantum devices will coexist.
