Air Transport Policy and Regulation

The objectives of the air transport policy and regulation program are to: reduce State’s costs in performing its economic regulatory functions . increase consumer's benefits and choices; improve air connectivity; and. create more competitive business opportunities in the marketplace;

Air Transport Policy and Regulation

In the September 2001 White Paper entitled ‘European Transport Policy for 2010: Time to decide’ (COM(2001)0370), the Commission analysed the problems and challenges facing European transport policy – in particular with regard to the then forthcoming eastern enlargement of the EU. It predicted a massive rise in the volume of traffic, which would go hand in hand with traffic jams, congestion (particularly in the case of road and air transport) and increasing health and environmental costs.
