The End Of Alchemy Money

The End of Alchemy gives an insider's view on the role and evolution of central banking in the last 20 years. The author outlines in plain language how central banks operate, the economic theories that frame those operations and how those theories and the practice of monetary policy have changed as the conditions have changed.

Something is wrong with our banking system. We all sense that, but Mervyn King knows it firsthand; his ten years at the helm of the Bank of England, including at the height of the financial crisis, revealed profound truths about the mechanisms of our capitalist society. In The End of Alchemy he offers us an essential work about the history and future of money and banking, the keys to modern finance.
