Types of Cross-Cultural Research ● First stage involved initial tests of cultural differences and discovery of fascinating cultural differences. Second stage involved search for meaningful dimensions of cultural variability that can possibly explain those differences. Third stage involved conceptual

Chapter 2 Cross-Cultural Research Methods Notes and ...

Cross-cultural studies are necessary for the complete development of theories in environmental research since no one culture contains all environmental conditions that can affect human behavior. Likewise, no one country contains all possible types of man-made changes of the physical environment, nor all of the man-made adaptations to natural conditions such as climate, noise, air quality, and ...
