The Wisdom of Menopause: The Complete Guide to Women's ...

The menopause is a natural part of ageing that usually occurs between 45 and 55 years of age, as a woman's oestrogen levels decline. In the UK, the average age for a woman to reach the menopause is 51. But around 1 in 100 women experience the menopause before 40 years of age. This is known as premature menopause or premature ovarian insufficiency.

Menopause - NHS

The first sign of the menopause is usually a change in the normal pattern of your periods. You may start having either unusually light or heavy periods. The frequency of your periods may also be affected. You may have them every 2 or 3 weeks, or you may not have them for months at a time.
