Conspirators' Hierarchy

The Story of the Committee of 300 *Amer West Pub & Dist*

Can you imagine an all powerful group, that knows no national boundaries, above the laws of all countries, one that controls every aspect of politics, religion, commerce and industry, banking, insurance, mining, the drug trade, the petroleum industry, a group answerable to no one but its members? To the vast majority of us, such a group would appear to be beyond the realms of possibilities and capabilities of any given organization. If that is what you believe, then you are in the majority. The conception of a secret, elite group exercising control of every aspect of our lives is beyond our comprehension. Americans are prone to say, "It can't happen here, our Constitution forbids it." That there is such a body, called "The committee of 300," is graphically told in this book. When most people attempt to address our problems, they speak or write about "they"; this book tells precisely who "they" are, and what "TheY" have planned for our future, how "they" have been at war with the American nation for 50 years, a war which we are on the brink of losing, what methods "They" use and exactly how "they" have brainwashed us. If you are Puzzled and perplexed as to why things are occurring that we as a nation don't like yet seem powerless to prevent, why it is that the United States always seems to back the wrong horse, Why the united states is in a depression from which it will not emerge, why our former social and moral values have been turned aside and seemingly buried; if you are confused by the many conspiracy theories, the conSPirators' hierarchy: the committee of 300 will clearly establish that these conditions have been deliberately created to bring us to our knees. Once you have read the applying truths contained in this book, understanding past and present political, economic, social and religious events will no longer be a problem. This powerful account of the forces ranged against the United States, and indeed the entire free world, cannot be ignored.

Social Engineering the Masses *TrineDay*

The real story behind the Tavistock Institute and its network, from a popular conspiracy expert The Tavistock Institute, in Sussex, England, describes itself as a nonprofit charity that applies social science to contemporary issues and problems. But this book posits that it is the world's center for mass brainwashing and social engineering activities. It grew from a somewhat crude beginning at Wellington House into a sophisticated organization that was to shape the destiny of the entire planet, and in the process, change the paradigm of modern society. In this eye-opening work, both the Tavistock network and the methods of brainwashing and psychological warfare are uncovered. With connections to U.S. research institutes, think tanks, and the drug industry, the Tavistock has a large reach, and Tavistock Institute attempts to show that the conspiracy is real, who is behind it, what its final long term objectives are, and how we the people can stop them.

The Impact of Science on Society *Routledge*

Many of the revolutionary effects of science and technology are obvious enough. Bertrand Russell saw in the 1950s that there are also many negative aspects of scientific innovation. Insightful and controversial in equal measure, Russell argues that science offers the world greater well-being than it has ever known, on the condition that prosperity is dispersed; power is diffused by means of a single, world government; birth rates do not become too high; and war is abolished. Russell acknowledges that is a tall order, but remains essentially optimistic. He imagines mankind in a 'race between human skill as to means and human folly as to ends', but believes human society will

ultimately choose the path of reason. This Routledge Classics edition includes a new Preface by Tim Sluckin.

The Impact of Science On Society *Lulu Press, Inc*

Bertrand Arthur William Russell, 18 May 1872–2 February 1970) was a British philosopher, logician, mathematician, historian, writer, social critic and political activist. At various points in his life he considered himself a liberal, a socialist, and a pacifist. In the early 20th century, Russell led the British "revolt against idealism". He is considered one of the founders of analytic philosophy along with his predecessor Gottlob Frege, colleague G. E. Moore, and his protégé Ludwig Wittgenstein. He is widely held to be one of the 20th century's premier logicians. With A. N. Whitehead he wrote *Principia Mathematica*, an attempt to create a logical basis for mathematics. His work has had a considerable influence on logic, mathematics, set theory, linguistics, artificial intelligence, cognitive science, and philosophy, especially the philosophy of language, epistemology, and metaphysics.

Diplomacy by Deception

An Account of the Treasonous Conduct by the Governments of Britain and the United States *Joseph Holding Corporation*

This is a true and accurate account of treasonous conduct by the British and American governments: An account of how their citizens are deceived by policies provoking actions that are totally detrimental to the well-being of their citizens. Thoroughly researched, the book provides a great deal of hitherto unpublished information and throws new light on such diverse operations as the Gulf War and the Bolshevik Revolution. The chapter on covert actions throws new light on the murder of Martin Luther King, Pope John Paul 1, and other notables marked for elimination. The bloodshed that resulted from the creation of an artificial "Saudi Arabia;" the foreign policy making role of the petroleum industry; the rape of Mexico by British and American oil barons; the revolutions they ignited which cost thousands upon thousands of lives; British conquest of India, the pernicious Indian "apartheid" caste system. These are some of the subjects dealt with in this historic expose of how our governments deceive us under the color of diplomacy. "Diplomacy By Deception" tells us that the United Nations is a war-making body, not a peace-keeping organization, and how the Rockefellers and Alger Hiss, aided by the top Illuminati Dulles family, got the United States involved with the United Nations. There is a masterly analysis of constitutional roadblocks barring U.S. membership of the United Nations that will come as a surprise and leave no doubt that we are not now, nor can we ever be, a member of the United Nations. "Diplomacy By Deception" will forever alter your perception of the two leading governments in Western civilization. This is an excellent companion book to the "Committee of 300" by the same author.

Conspirators Hierarchy

The Story of the Committee Of 300

In my career as a professional intelligence officer, I had many occasions to access highly classified documents, but during service as a political science officer in the field in Angola, West Africa, I had the opportunity to view a series of top secret classified documents which were unusually explicit. What I saw filled me with anger and resentment and launched me on a course from which I have not deviated, namely to uncover what power it is that controls and manages the British and United States governments. I was thoroughly familiar with all of the well known secret societies such as the Royal Institute for International Affairs (RIIA), the Council on Foreign Relations (CFR), the Bilderbergers, Trilaterals, the Zionists, Freemasonry, Bolshevism-Rosicrucianism and all of the spinoffs of these secret societies. As an intelligence officer, and even before that as a young student in the course of my studies at the British Museum in London, I had cut my eye teeth on all of them, plus a good number of others with whom I imagined Americans were familiar. But when I came to the United States in 1969, I found that names like the Order of St. John of Jerusalem, Club of Rome the German Marshall Fund, the Cini Foundation, the Round Table, the Fabianists, the Venetian Black Nobility, the Mont Pelerin Society, Hellfire Clubs, and many others were at best totally unknown here, or else their true functions were at best but poorly understood, if at all. In 1969-1970 I set about remedying the situation in a series of monographs and cassette tapes. Much to my surprise I soon found plenty of people willing to quote these names as if they had known of them all of their writing careers, but who were not in the least bit knowledgeable about the subjects, yet quite unwilling to state the source of their lately acquired information. I consoled myself with the thought that imitation is the sincerest form of flattery. I pursued my investigations, pressing on in the face of severe risks, attacks on myself and my wife, financial losses, continual harassment, threats and calumny, all part of a carefully-crafted and orchestrated program to discredit me, run by government agents and informers, embedded in the so-called Christianrightwing, the "Identity Movement" and rightwing "patriotic" groups. These agents operated, and still operate, under cover of strong and fearless outspoken opposition to Judaism, their main enemy, they would have us believe. These agent-informers are led and controlled by a group of homosexuals who are well-liked and well-respected by political and religious conservatives all across the United States.

Deciding for Ourselves

The Promise of Direct Democracy AK Press

In a time of social and ecological crises, people everywhere are looking for solutions. States and capitalism, rather than providing them, only make matters worse. There's a growing sense that we'll have to fix this mess on our own. But how? Deciding for Ourselves, in the spirit of the Zapatistas, demonstrates that "the impossible is possible." A better world through self-determination and self-governance is not only achievable. It is already happening in urban and rural communities around the world—from Mexico to Rojava, Denmark to Greece—as an implicit or explicit replacement for nations, police, and other forms of hierarchical social control. This anthology explores this "sense of freedom in the air," as one piece puts it, by looking at contemporary examples of autonomous, directly democratic spaces and the real-world dilemmas they experience, all the while underscoring the egalitarian ways of life that are collectively generated in them.

The Phoenix Program

America's Use of Terror in Vietnam Open Road Media

"This shocking expose of the CIA operation aimed at destroying the Vietcong infrastructure thoroughly conveys the hideousness of the Vietnam War" (Publishers Weekly). In the darkest days of the Vietnam War, America's Central Intelligence Agency secretly initiated a sweeping program of

kidnap, torture, and assassination devised to destabilize the infrastructure of the National Liberation Front (NLF) of South Vietnam, commonly known as the "Viet Cong." The victims of the Phoenix Program were Vietnamese civilians, male and female, suspected of harboring information about the enemy—though many on the blacklist were targeted by corrupt South Vietnamese security personnel looking to extort money or remove a rival. Between 1965 and 1972, more than eighty thousand noncombatants were "neutralized," as men and women alike were subjected to extended imprisonment without trial, horrific torture, brutal rape, and in many cases execution, all under the watchful eyes of US government agencies. Based on extensive research and in-depth interviews with former participants and observers, Douglas Valentine's startling exposé blows the lid off of what was possibly the bloodiest and most inhumane covert operation in the CIA's history. The ebook edition includes "The Phoenix Has Landed," a new introduction that addresses the "Phoenix-style network" that constitutes America's internal security apparatus today. Residents on American soil are routinely targeted under the guise of protecting us from terrorism—which is why, more than ever, people need to understand what Phoenix is all about.

Conspirators

A Novel Farrar, Straus and Giroux

Galicia, Austria-Hungary, 1913. In the castle of a frontier town, on the border between Europe and the East, the worldly, corrupt Count-Governor Wiladowski watches helplessly while a wave of assassinations sweeps the empire, and his province. When a member of his own family is murdered, the count gives broad police powers to his spymaster, Jakob Tausk: a brilliant young Jew whose ruthless war on terror extends into every corner of the province and beyond, enlisting union organizers, financiers, aristocrats and their servants, and a young novelist and playwright, newly arrived in the Vienna of Franz Josef and Freud, hungry for literary success. In the wake of new terrorist attacks, a mysterious preacher appears in the provincial capital—one of the so-called "wonder rabbis" from the shtetls of the East—trailing a band of fanatical disciples who proclaim him the messiah. Word of the charismatic leader spreads quickly from the Jewish quarter to the castle itself, and soon Tausk finds himself serving two masters: the count and the richest man in the province, Moritz Rotenburg, who has a private interest in the wonder rabbi and whose only son has returned from university, burning for revolution, to gather disciples of his own. Moving from underground meetings and makeshift synagogues to the bedrooms of country estates and the secret high councils of the ailing thousand-year-old Habsburg Empire, Michael André Bernstein's compelling first novel evokes a densely believable world on the edge of collapse, full of the haunting suggestiveness of a fable or nightmare, and the erotic, mystical, and apocalyptic passions of an age.

Illuminati *A Distant Mirror*

"If there was only one book to get on the subject, this would be it. Great history – should be required reading." – reader review "Useful to tie my knowledge segments together. This book explains why we should stay aware of new happenings to see if they tie in to the end of our sovereignty." – reader review In 1967, Myron Fagan released a three-LP set titled Illuminati. This recording has been transcribed (you can hear the original audio here) and the text has been used to create this edition, published in 2017 by A Distant Mirror in paperback, Kindle and epub formats. Myron Fagan reveals the plot for global enslavement launched two centuries ago by Adam Weishaupt, an apostate Catholic priest who, financed by the House of Rothschild, created the organisation which he named the 'Illuminati'. Fagan describes how this group has been used by the House of Rothschild to work towards a world government, and how every war during the past two centuries has been instigated by them. He describes how Jacob Schiff was sent to the United States by the Rothschilds to further the Illuminati plot, and how he was able to gain control of both the Democratic and Republican parties. He shows how Schiff seduced the American Congress and Presidents so as to achieve control of our financial system, and create the cancer of income tax. He also reveals how Schiff and his co-conspirators created the Council on Foreign Relations, in order to control our elected officials and gradually lead the U.S. into becoming part of a luciferian world government. In short, this is the fascinating, horrifying – and factual – story of the most sensational plot in the history of the world. Fagan lays out the history of the Illuminati, exposing the plot for a single world government. The author gives names, dates, organizations, modes of operations – all exposing the Satanic octopus that to this day seeks to strangle the world in its grip. This book exposes the entire history of the plot – the Rothschilds, Zionism, the Luciferian ideology, the destruction of national sovereignty and religions, the role of Freemasonry, the Illuminist banksters and media, and the plans for three World Wars.

Illuminati 2

Deceit and Seduction *Silas Green*

A depraved satanic cult called the Illuminati is waging a covert war against humanity. This is the key to mankind's tragic history and current predicament. For more than a thousand years, Cabalist money lenders have conspired to usurp power from church and aristocracy, according to a plan detailed in "The Protocols of the Elders of Zion." This plan does not represent Jews, but only a small cabal of bankers who organized in Masonic secret societies. They intermarried with prominent Gentiles and formed a vast occult and criminal underground. They are stealthily constructing a totalitarian world government. They involve nations in needless wars and enthrall the masses with

porn, violence, trivia and toys. They attack our sources of identity and love -- God; family; country and race -- in order to stymie and dehumanize us. Sounds incredible, but after reading some of these 70 short essays, you'll nod in agreement. Their goal is to control your mind. If you know the truth, they can't.

The World's Most Dangerous Secret Societies the Illuminati, Freemasons, Bilderberg Group, Knights Templar, the Jesuits, Skull and Bones and Others *Createspace Independent Pub*

To some the name “secret society” conjures up an image of a shadowy and elite cabal meeting behind smoke-filled rooms, discussing tactics of world domination and manipulation straight out of the most far-fetched espionage thriller. To others, the image of secluded men (and occasionally women!) banding together in exotic garb to perform colorful ceremonies and impart hidden knowledge and fancy but incomprehensible titles upon one another springs to mind. But just how far-fetched and fanciful is the prospect of a secret society? Could it be that there walks among us, in any given echelon of the population, groups given to exercise inordinate amounts of power and influence over the rest of us? Could these exotic members-only clubs really pose such an immediate threat to our well-being that our very way of life is endangered? Well, quite frankly the disturbing answer to those particular questions are yes and yes. Right in our midst there absolutely exists clandestine organizations consisting of both men and women who wield a dangerous amount of influence and power over the entire world populace. In his book entitled “The World's Most Dangerous Secret Societies” author James Jackson explores these dangerous secret organizations and its members; their beliefs, hidden agenda and their ultimate goal of a New World Order and world domination. Here are a few of some of the dangerous secret societies that will be thoroughly examined. • The Freemasons • The Illuminati • Skull And Bones • The Bilderberg Group • Council on Foreign Relations • The Trilateral Commission • The Society of Jesuits • The Committee of 300 • The Knights Templar And Much Much More.....

The World Order - Our Secret Rulers

Orwell laid down the dictum that slogans must be in Newspeak, “War is Peace, Freedom is Slavery, Ignorance is Strength”. This is the program of the hegemony of parasitism through the World Order. The program of the World Order remains the same; Divide and Conquer. Orwell concludes “1984” with a denial that the victims of the World Order have any hope. He claims the World Order will always triumph, which is a great propaganda achievement for the hegemony of parasitism. He writes, “If you want a picture of the future, imagine a boot stamping on a human face - forever.” He disposes of his “hero”, a citizen who had vainly tried to oppose the Party, by ending the book with the “hero” whimpering that “He loved Big Brother”. The peoples of the world not only will never love Big Brother, but they will soon dispose of him forever.

The true battle is class warfare between the owners of society and everyone else, as the elites of all societies across the world conspire against the masses by directing the systems and institutions they own and control to create an imbalanced playing field that benefits themselves at the expense of all others.
