The Diary of a Young Girl *Anchor*

Discovered in the attic in which she spent the last years of her life, Anne Frank's remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. "The single most compelling personal account of the Holocaust ... remains astonishing and excruciating."—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the "Secret Annex" of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

The Betrayal of Anne Frank**A Cold Case Investigation** *HarperCollins*

Using new technology, recently discovered documents and sophisticated investigative techniques, an international team-led by an obsessed retired FBI agent-has finally solved the mystery that has haunted generations since World War II: Who betrayed Anne Frank and her family? And why? Over thirty million people have read The Diary of a Young Girl, the journal teen-aged Anne Frank kept while living in an attic with her family and four other people in Amsterdam during World War II, until the Nazis arrested them and sent them to a concentration camp. But despite the many works-journalism, books, plays and novels-devoted to Anne's story, none has ever conclusively explained how these eight people managed to live in hiding undetected for over two years-and who or what finally brought the Nazis to their door. With painstaking care, retired FBI agent Vincent Pankoke and a team of indefatigable investigators pored over tens of thousands of pages of documents-some never before seen-and interviewed scores of descendants of people familiar with the Franks. Utilizing methods developed by the FBI, the Cold Case Team painstakingly pieced together the months leading to the infamous arrest-and came to a shocking conclusion. The Betrayal of Anne Frank: A Cold Case Investigation is the riveting story of their mission. Rosemary Sullivan introduces us to the investigators, explains the behavior of both the captives and their captors and profiles a group of suspects. All the while, she vividly brings to life wartime Amsterdam: a place where no matter how wealthy, educated, or careful you were, you never knew whom you could trust.

Anne Frank**The Book, The Life, The Afterlife** *Harper Collins*

In June 1942, Anne Frank received a red-and-white-checked diary for her thirteenth birthday, just weeks before she and her family went into hiding in an Amsterdam attic to escape the Nazis. For two years, with ever-increasing maturity, Anne crafted a memoir that has become one of the most compelling documents of modern history. But Anne Frank's diary, argues Francine Prose, is as much a work of art as it is a historical record. Through close reading, she marvels at the teenage Frank's skillfully natural narrative voice, at her finely tuned dialogue and ability to turn living people into characters. Anne Frank: The Book, The Life, The Afterlife tells the extraordinary story of the book that became a force in the world. Along the way, Prose definitively establishes that Anne Frank was not an accidental author or a casual teenage chronicler but a writer of prodigious talent and

ambition.

Extra Life

A Short History of Living Longer *Penguin*

“Offers a useful reminder of the role of modern science in fundamentally transforming all of our lives.” —President Barack Obama (on Twitter) “An important book.” —Steven Pinker, *The New York Times Book Review* Now also a PBS documentary series: the surprising story of how humans gained what amounts to an extra life, from the bestselling author of *How We Got to Now* and *Where Good Ideas Come From* As a species we have doubled our life expectancy in just one hundred years. All the advances of modern life—the medical breakthroughs, the public health institutions, the rising standards of living—have given us each about twenty thousand extra days on average. There are few measures of human progress more astonishing than our increased longevity. This book is Steven Johnson’s attempt to understand where that progress came from. How many of those extra twenty thousand days came from vaccines, or the decrease in famines, or seatbelts? What are the forces that now keep us alive longer? Behind each breakthrough lies an inspiring story of cooperative innovation, of brilliant thinkers bolstered by strong systems of public support and collaborative networks. But it is not enough simply to remind ourselves that progress is possible. How do we avoid decreases in life expectancy as our public health systems face unprecedented challenges? What current technologies or interventions that could reduce the impact of future crises are we somehow ignoring? A study in how meaningful change happens in society, *Extra Life* is an ode to the enduring power of common goals and public resources. The most fundamental progress we have experienced over the past few centuries has not come from big corporations or start-ups. It has come, instead, from activists struggling for reform; from university-based and publicly funded scientists sharing their findings open-source-style; and from nonprofit agencies spreading new innovations around the world.

The Freedom Writers Diary (20th Anniversary Edition)

How a Teacher and 150 Teens Used Writing to Change Themselves and the World Around Them *Crown*

#1 NEW YORK TIMES BESTSELLER • The twentieth anniversary edition of the classic story of an incredible group of students and the teacher who inspired them, featuring updates on the students’ lives, new journal entries, and an introduction by Erin Gruwell Now a public television documentary, *Freedom Writers: Stories from the Heart* In 1994, an idealistic first-year teacher in Long Beach, California, named Erin Gruwell confronted a room of “unteachable, at-risk” students. She had intercepted a note with an ugly racial caricature and angrily declared that this was precisely the sort of thing that led to the Holocaust. She was met by uncomprehending looks—none of her students had heard of one of the defining moments of the twentieth century. So she rebooted her entire curriculum, using treasured books such as Anne Frank’s diary as her guide to combat intolerance and misunderstanding. Her students began recording their thoughts and feelings in their own diaries, eventually dubbing themselves the “Freedom Writers.” Consisting of powerful entries from the students’ diaries and narrative text by Erin Gruwell, *The Freedom Writers Diary* is an unforgettable story of how hard work, courage, and determination changed the lives of a teacher and her students. In the two decades since its original publication, the book has sold more than one million copies and inspired a major motion picture *Freedom Writers*. And now, with this twentieth-anniversary edition, readers are brought up to date on the lives of the Freedom Writers, as they blend indispensable takes on social issues with uplifting stories of attending college—and watch their own children follow in their footsteps. *The Freedom Writers Diary* remains a vital read for anyone who believes in second chances.

The Journal of Helene Berr *Emblem Editions*

Not since *The Diary of Anne Frank* has there been such a book as this: The joyful but ultimately heartbreaking journal of a young Jewish woman in occupied Paris, now being published for the first time, 63 years after her death in a Nazi concentration camp. On April 7, 1942, Hélène Berr, a 21-

year-old Jewish student of English literature at the Sorbonne, took up her pen and started to keep a journal, writing with verve and style about her everyday life in Paris — about her studies, her friends, her growing affection for the “boy with the grey eyes,” about the sun in the dewdrops, and about the effect of the growing restrictions imposed by France’s Nazi occupiers. Berr brought a keen literary sensibility to her writing, a talent that renders the story it relates all the more rich, all the more heartbreaking. The first day Berr has to wear the yellow star on her coat, she writes, “I held my head high and looked people so straight in the eye they turned away. But it’s hard.” More, many more, humiliations were to follow, which she records, now with a view to posterity. She wants the journal to go to her fiancé, who has enrolled with the Free French Forces, as she knows she may not live much longer. She was right. The final entry is dated February 15, 1944, and ends with the chilling words: “Horror! Horror! Horror!” Berr and her family were arrested three weeks later. She went — as was discovered later — on the death march from Auschwitz to Bergen-Belsen, where she died of typhus in April 1945, within a month of Anne Frank and just days before the liberation of the camp.

The journal did eventually reach her fiancé, and for over fifty years it was kept private. In 2002, it was donated to the Memorial of the Shoah in Paris. Before it was first published in France in January 2008, translation rights had already been sold for twelve languages.

The Life and Diaries of Anne Frank *Oxford*

From 1942 until 1944, Anne Frank and her family lived secretly in a few small rooms at the back of her father's office in Amsterdam, never leaving the building. Like many other Jewish families at that time, they were hiding from Hitler's Nazis. While she was in hiding, Anne wrote diaries which described her secret life, and the loves, hopes, fears and dreams of a teenage girl in extraordinary times. After the war, the diaries became famous around the world. This is the story of the diaries, of Anne Frank's early years, and of her life during and after the time in hiding.
