The Incorrigible Children of Ashton Place: Book III

The Unseen Guest *Balzer + Bray*

Of especially naughty children it is sometimes said, "They must have been raised by wolves." The Incorrigible children actually were. Since returning from London, the three Incorrigible children and their plucky governess, Miss Penelope Lumley, have been exceedingly busy. Despite their wolfish upbringing, the children have taken up bird-watching, with no unfortunate

consequences—yet. And a perplexing gift raises hard questions about how Penelope came to be left at the Swanburne Academy for Poor Bright Females and why her parents never bothered to return for her. But hers is not the only family mystery to solve. When Lord Fredrick's long-absent mother arrives with the noted explorer Admiral Faucet, gruesome secrets tumble out of the Ashton family tree. And when the admiral's prized racing ostrich gets loose in the forest, it will take all the Incurribles' skills to find her. The hunt for the runaway ostrich is on. But Penelope is worried. Once back in the wild, will the children forget about books and poetry and go back to their howling, wolfish ways? What if they never want to come back to Ashton Place at all?

The Incurrible Children of Ashton Place: Book II

The Hidden Gallery *Harper Collins*

Of especially naughty children it is sometimes said, "They must have been raised by wolves." The Incurrible children actually were. Thanks to the efforts of Miss Penelope Lumley, their plucky governess, Alexander, Beowulf, and Cassiopeia are much more like children than wolf pups now. They are accustomed to wearing clothes. They hardly ever howl at the moon. And for the most part, they resist the urge to chase squirrels up trees. Despite Penelope's civilizing influence, the Incurribles still managed to ruin Lady Constance's Christmas ball, nearly destroying the grand house. So while Ashton Place is being restored, Penelope, the Ashtons, and the children take up residence in London. Penelope is thrilled, as London offers so many opportunities to further the education of her unique students. But the city presents challenges, too, in the form of the palace guards' bearskin hats, which drive the children wild—not to mention the abundance of pigeons the Incurribles love to hunt. As they explore London, however, they discover more about themselves as clues about the children's—and Penelope's—mysterious past crop up in the most unexpected ways. . . .

And when Penelope is asked by the Swanburne Academy board of trustees to demonstrate the academic progress of her three wolfish students so they can judge the true worth of a Swanburne education, the future of her alma mater—and of her job as governess to the Incurribles—hangs in the balance.

Her daring scheme to escape sends her on a wildly unexpected journey. But time is running out, and the not-really-dead Edward Ashton is still on the loose. His mad obsession with the wolfish curse on the Ashtons puts Penelope and the Incurribles in dire peril.
