and Evil... or is it? The second title in the NYT bestselling fantasy adventure series – perfect for girls who prefer their fairy tales with a twist.

Mesmerized

How Ben Franklin Solved a Mystery that Baffled All of France *Candlewick Press*

“Together, Rockliff and Bruno make the scientific method seem exciting, and kids interested in science and history will likely be, well, mesmerized.”

— Booklist (starred review)

When American inventor Benjamin Franklin arrives in Paris, he is upstaged by a compelling and enigmatic figure: Dr. Mesmer. In elaborately staged shows, Mesmer

has Parisians believing he can control a magic force that changes the taste of water, cures illness, and controls thoughts! Can Ben Franklin’s approach of observing, hypothesizing, and testing get to the bottom of Mesmer’s tricks? A rip-roaring, lavishly illustrated peek into a fascinating moment in history shows the development of the scientific method — and reveals the amazing power of the human mind.

Winners Take All

The Elite Charade of Changing the World *Vintage*

The New York Times bestselling, groundbreaking investigation of how the global elite's efforts

to "change the world" preserve the status quo and obscure their role in causing the problems they later seek to solve. An essential read for understanding some of the egregious abuses of power that dominate today's news. Former New York Times columnist Anand Giridharadas takes us into the inner sanctums of a new gilded age, where the rich and powerful fight for equality and justice any way they can--except ways that threaten the social order and their position atop it. We see how they rebrand themselves as saviors of the poor; how they lavishly reward "thought leaders" who redefine "change" in winner-friendly ways; and how they constantly seek to do more good, but never less harm. We hear the limousine confessions of a celebrated foundation boss; witness an American president hem and haw about his plutocratic benefactors; and attend a cruise-ship conference where entrepreneurs celebrate their own self-interested magnanimity. Giridharadas asks hard questions: Why, for example, should our gravest problems be solved by the unelected upper crust instead of the public institutions it erodes by lobbying and dodging taxes? He also points toward an answer: Rather than rely on scraps from the winners, we must take on the grueling democratic work of

building more robust, egalitarian institutions and truly changing the world. A call to action for elites and everyday citizens alike.

Under the Banner of Heaven

A Story of Violent Faith *Anchor*

NATIONAL BESTSELLER

• From the author of *Into the Wild* and *Into Thin Air*, this extraordinary work of investigative journalism takes readers inside America's isolated Mormon Fundamentalist communities. Defying both civil authorities and the Mormon establishment in Salt Lake City, the renegade leaders of these Taliban-like theocracies are zealots who answer only to

God; some 40,000 people still practice polygamy in these communities. At the core of Krakauer's book are brothers Ron and Dan Lafferty, who insist they received a commandment from God to kill a blameless woman and her baby girl. Beginning with a meticulously researched account of this appalling double murder, Krakauer constructs a multi-layered, bone-chilling narrative of messianic delusion, polygamy, savage violence, and unyielding faith. Along the way he uncovers a shadowy offshoot of America's fastest growing religion, and raises provocative questions about the nature of religious belief.

Mean Margaret

Simon and Schuster

Unconditional kindness is the key in this National Book Award Finalist from the author of *The Wainscott Weasel* about nontraditional families, adoption, love—and a little peace and quiet. Margaret is a mean, cranky human toddler from a family of nine. She is such a pain that her beleaguered parents chuck her out, and she's on her own, grouching and grumping until two caring woodchucks, Phoebe and Fred, take Margaret in as their own. But despite their love, Margaret continues to wreak havoc with her loud, destructive ways, ruining the burrow and shrieking nonstop. Soon the woodchucks are as beleaguered as Margaret's human

parents were, but because love is more powerful than temper tantrums, they are determined to make it work. So they enlist a little unconventional help, and with the guidance of a snake, bats, and a skunk, their feral little human just might realize there's more to life than being mean.

Connected Strategy

Building Continuous Customer Relationships for Competitive Advantage

Harvard Business Press

Business Models for Transforming Customer Relationships What if there were a way to turn occasional, sporadic transactions with customers into long-term, continuous relationships--while

simultaneously driving dramatic improvements in operational efficiency? What if you could break your existing trade-offs between superior customer experience and low cost? This is the promise of a connected strategy. New forms of connectivity--involving frequent, low-friction, customized interactions--mean that companies can now anticipate customer needs as they arise, or even before. Simultaneously, enabled by these technologies, companies can create new business models that deliver more value to customers. Connected strategies are win-win: Customers get a dramatically improved experience, while companies boost operational efficiency. In this book, strategy and operations experts Nicolaj Siggelkow and Christian Terwiesch reveal the emergence of connected strategies as a new source of competitive advantage. With in-depth examples from companies operating in industries such as healthcare, financial services, mobility, retail, entertainment, nonprofit, and education, *Connected Strategy* identifies the four pathways--respond-to-desire, curated offering, coach behavior, and automatic execution--for turning episodic interactions into continuous relationships. The authors show how each pathway creates a competitive advantage, then guide

you through the critical decisions for creating and implementing your own connected strategies. Whether you're trying to revitalize strategy in an established company or disrupt an industry as a startup, this book will help you: Reshape your connections with your customers Find new ways to connect with existing suppliers while also activating new sources of capacity Create the right revenue model Make the best technology choices to support your strategy Integrating rich examples, how-to advice, and practical tools in the form of "workshop chapters" throughout, this book is the ultimate resource for creating competitive advantage through connected

relationships with your customers and redefined connections in your industry.

Grow the Pie

How Great Companies Deliver Both Purpose and Profit - Updated and Revised *Cambridge University Press*

A Financial Times Book of the Year 2020! Should companies be run for profit or purpose? In this ground-breaking book, acclaimed finance professor and TED speaker Alex Edmans shows it's not an either-or choice. Drawing from real-life examples spanning industries and countries, Edmans demonstrates that purpose-driven businesses are consistently more

successful in the long-term. But a purposeful company must navigate difficult trade-offs and take tough decisions. Edmans provides a roadmap for company leaders to put purpose into practice, and overcome the hurdles that hold many back. He explains how investors can discern which companies are truly purposeful and how to engage with them to unleash value for both shareholders and society. And he highlights the role that citizens can play in reshaping business to improve our world. This edition has been thoroughly updated to include the pandemic, the latest research, and new insights on how to make purpose a reality.

Anything But Ordinary Addie

The True Story of Adelaide Herrmann, Queen of Magic *Candlewick Press*

Traces the story of dancer-turned-magician's assistant Adelaide Herrmann, placing her achievements against a backdrop of period conventions about women in the arts and her determination to continue her work after the death of her husband.

Love Marriage

A Novel *Random House*

In this globe-scattered Sri Lankan family, we speak of only two kinds of marriage. The first is the Arranged Marriage. The second is the Love Marriage. In reality,

there is a whole spectrum in between, but most of us spend years running away from the first toward the second. [p. 3] The daughter of Sri Lankan immigrants who left their collapsing country and married in America, Yalini finds herself caught between the traditions of her ancestors and the lure of her own modern world. But when she is summoned to Toronto to help care for her dying uncle, Kumaran, a former member of the militant Tamil Tigers, Yalini is forced to see that violence is not a relic of the Sri Lankan past, but very much a part of her Western present. While Kumaran's loved ones gather around him to say goodbye, Yalini traces her family's roots-and the conflicts facing them as ethnic Tamils-through a series of marriages. Now, as Kumaran's death and his daughter's politically motivated nuptials edge closer, Yalini must decide where she stands. Lyrical and innovative, V. V. Ganeshanathan's novel brilliantly unfolds how generations of struggle both form and fractures families. Praise for *Love Marriage* "A beautiful first novel. This intricately woven tale, with its universal themes of love and estrangement, presents an exciting new voice in American literature." -Yiyun Li, author of *A Thousand Years of Good Prayers* "Complex and moving . . . an impressive debut." -Daniel Alarcón, author of *Lost*

City Radio "V. V. Ganeshanathan has given us a riveting picture of the intersections of love and war that shape us all. A debut of incredible passion and wisdom." --Rebecca Johns, author of *Icebergs* "At its best and simplest, Ganeshanathan can be profoundly moving. She captures the pain of exile poignantly." --The San Francisco Chronicle "Ganeshanathan has created a slow-burning and beautifully written debut in *Love Marriage*. It is an evocative examination of Sri Lankan cultural mores, and the way one family is affected by love and war" — The Financial Times "Poignant and authentic.... Insight gained into Toronto's

Tamil community is a welcome bonus in this gem of a book by a young writer who is sure to present more thought-provoking, entertaining prose in the future." --The Toronto Star "The book is at times witty and always beautifully written" — The Irish Times "Innovative....this is an ambitious family drama about an underreported part of the world, filled with well-shaded characters [and] gorgeous flourish...Buy it." --New York Magazine "As if she were stringing a necklace of bright beads, the author relates the stories of Yalini's Sri Lankan forebears in lapidary folkloric narratives...What she does here, she does quite affectingly." --

The Boston Globe "In spare, lyrical prose, V.V. Ganeshanathan's debut novel tells the story of two Sri Lankan Tamil families over four generations who, despite civil war and displacement, are irrevocably joined by marriage and tradition....Powerful." -- Ms. Magazine

Understanding by Design ASCD

Presents a multifaceted model of understanding, which is based on the premise that people can demonstrate understanding in a variety of ways.

Making Money Moral

How a New Wave of Visionaries Is Linking Purpose and Profit University of Pennsylvania Press

"As we look ahead to the recovery from the COVID-19 crisis, Making Money Moral could not come at a better time." —Jamie Dimon, Chairman and Chief Executive Officer, JPMorgan Chase
The math doesn't add up: Global financial markets can no longer ignore the world's most critical problems. The risks are too high and the costs too great. In Making Money Moral: How a New Wave of Visionaries Is Linking Purpose and Profit, authors Judith Rodin and Saadia Madsbjerg explore a burgeoning movement of bold and ambitious innovators. These trailblazers are unlocking private-sector investments in new ways to solve global problems, from environmental challenges to social

issues such as poverty and inequality. They are earning great returns and reimagining capitalism in the process. Pioneers in the field of sustainable and impact investing, Rodin and Madsbjerg offer first-hand stories of how investors of every type and in every asset class are investing in world-changing solutions—with great success. Meet the visionaries who are leading this movement: The investment managers putting trillions of dollars to work, like TPG, Wellington Management, State Street Global Advisors, Nuveen, Amundi, APG and Natixis; The asset owners driving the transition, like GPIF and Pension Danmark; A new generation of entrepreneurs benefiting from the investments, like DreamBox Learning, an innovative educational technology platform, and Goodlife Pharmacies, which is disrupting the traditional notion of a pharmacy; The corporations that are repurposing their business models to meet demand for sustainable products and services, like Ørsted; and The nonprofits that are reimagining how to raise money for their work while creating significant value for investors, like The Nature Conservancy. In their book, Rodin and Madsbjerg offer a deep look at the most powerful tools available today—and how they can be unlocked. They

reveal: Who the investors are and what they want; How innovative products and investment strategies can deliver long-term value for investors while improving lives and protecting ecosystems; How leaders can build strategies and prepare their organizations to enter and expand this dynamic market; and How to measure impact, understand critical regulations, and avoid potential pitfalls. A roadmap to making the financial market a force for good, *Making Money Moral* is a must-read for those seeking private-sector capital to address a big problem, as well as those seeking both to mitigate risk and to invest in big solutions.

"Judith Rodin and Saadia Madsbjerg identify an important new way of looking at money: from the root of all evil to the fount of all solutions. Their timely, important book on impact investing is full of powerful insights and compelling examples they've seen firsthand. Their work will be sure to accelerate momentum toward a more sustainable world." —Rosabeth Moss Kanter, Harvard Business School Professor and Author of *Think Outside the Building: How Advanced Leaders Can Change the World One Smart Innovation at a Time*

The Old Guard: Force Multiplied #2 (of 5) *Image Comics*

Andy wrestles with her

past, and Nile continues to come to grips with her future. Soon to be a major motion picture starring Charlize Theron and KiKi Layne, *THE OLD GUARD* roars back! From the acclaimed New York Times bestselling team of GREG RUCKA and LEANDRO FERNÁNDEZ and the stellar artistic talents of DANIELA MIWA, JODI WYNNE, and ERIC TRAUTMANN.

The Oxford Handbook of Public Health Ethics *Oxford University Press*

Natural disasters and cholera outbreaks. Ebola, SARS, and

concerns over pandemic flu. HIV and AIDS. E. coli outbreaks from contaminated produce and fast foods. Threats of bioterrorism. Contamination of compounded drugs. Vaccination refusals and outbreaks of preventable diseases. These are just some of the headlines from the last 30-plus years highlighting the essential roles and responsibilities of public health, all of which come with ethical issues and the responsibilities they create. Public health has achieved extraordinary successes. And yet these successes also bring with them ethical tension. Not all public health successes are equally distributed in the population; extraordinary health

disparities between rich and poor still exist. The most successful public health programs sometimes rely on policies that, while improving public health conditions, also limit individual rights. Public health practitioners and policymakers face these and other questions of ethics routinely in their work, and they must navigate their sometimes competing responsibilities to the health of the public with other important societal values such as privacy, autonomy, and prevailing cultural norms. This Oxford Handbook provides a sweeping and comprehensive review of the current state of public health ethics, addressing these and numerous other questions. Taking

account of the wide range of topics under the umbrella of public health and the ethical issues raised by them, this volume is organized into fifteen sections. It begins with two sections that discuss the conceptual foundations, ethical tensions, and ethical frameworks of and for public health and how public health does its work. The thirteen sections that follow examine the application of public health ethics considerations and approaches across a broad range of public health topics. While chapters are organized into topical sections, each chapter is designed to serve as a standalone contribution. The book includes 73 chapters covering many topics

from varying perspectives, a recognition of the diversity of the issues that define public health ethics in the U.S. and globally. This Handbook is an authoritative and indispensable guide to the state of public health ethics today.

The Biggest Bluff

How I Learned to Pay Attention, Master Myself, and Win *Penguin*

The New York Times bestseller! A New York Times Notable Book "The tale of how Konnikova followed a story about poker players and wound up becoming a story herself will have you riveted, first as you learn about her big winnings, and then as she conveys the

lessons she learned both about human nature and herself." —The Washington Post It's true that Maria Konnikova had never actually played poker before and didn't even know the rules when she approached Erik Seidel, Poker Hall of Fame inductee and winner of tens of millions of dollars in earnings, and convinced him to be her mentor. But she knew her man: a famously thoughtful and broad-minded player, he was intrigued by her pitch that she wasn't interested in making money so much as learning about life. She had faced a stretch of personal bad luck, and her reflections on the role of chance had led her to a giant of game theory, who pointed

her to poker as the ultimate master class in learning to distinguish between what can be controlled and what can't. And she certainly brought something to the table, including a Ph.D. in psychology and an acclaimed and growing body of work on human behavior and how to hack it. So Seidel was in, and soon she was down the rabbit hole with him, into the wild, fiercely competitive, overwhelmingly masculine world of high-stakes Texas Hold'em, their initial end point the following year's World Series of Poker. But then something extraordinary happened. Under Seidel's guidance, Konnikova did have many epiphanies about life that derived from

her new pursuit, including how to better read, not just her opponents but far more importantly herself; how to identify what tilted her into an emotional state that got in the way of good decisions; and how to get to a place where she could accept luck for what it was, and what it wasn't. But she also began to win. And win. In a little over a year, she began making earnest money from tournaments, ultimately totaling hundreds of thousands of dollars. She won a major title, got a sponsor, and got used to being on television, and to headlines like "How one writer's book deal turned her into a professional poker player." She even learned to like Las Vegas. But in the end,

Maria Konnikova is a writer and student of human behavior, and ultimately the point was to render her incredible journey into a container for its invaluable lessons. The biggest bluff of all, she learned, is that skill is enough. Bad cards will come our way, but keeping our focus on how we play them and not on the outcome will keep us moving through many a dark patch, until the luck once again breaks our way.

Get It Done

Surprising Lessons from the Science of Motivation

Little, Brown Spark

Discover a "compelling" framework for setting and achieving your goals (Carol Dweck,

author of *Mindset*), from a psychologist on the cutting edge of motivational science. A great deal of ink has been spilled on the subject of motivating and influencing others, but what happens when the person you most want to influence is you? Setting and achieving goals for yourself—at work, at home, and in relationships—is harder than it seems. How do you know where to start? How do you carry on in the face of roadblocks and distractions? How do you decide which tasks and ambitions to prioritize when you're faced with more responsibilities, needs, and desires than you can keep track of? In *Get It Done*, psychologist and behavioral scientist

Ayelet Fishbach presents a new theoretical framework for self-motivated action, explaining how to: Identify the right goals Attack the “middle problem” Battle temptations Use the help of others around you And so much more... With fascinating research from the field of motivation science and compelling stories of people who learned to motivate themselves, *Get It Done* illuminates invaluable strategies for pulling yourself in whatever direction you want to go—so you can achieve your goals while staying healthy, clearheaded, and happy.

The Last of the Really Great Whangdoodles

Harper Collins

The Whangdoodle was once the wisest, the kindest, and the most extraordinary creature in the world. Then he

disappeared and created a wonderful land for himself and all the other remarkable animals -- the ten-legged Sidewinders, the little furry Flukes, the friendly Whiffle Bird, and the treacherous, "oily" Prock. It was an almost perfect place where the last of the really great Whangdoodles could rule his kingdom with "peace, love and a sense of fun"-- apart from and forgotten by people. But not completely forgotten. Professor Savant believed in the Whangdoodle. And when he told the three Potter children of his search for the spectacular creature, Lindy, Tom, and Ben were eager to reach Whangdoodleland. With the Professor's help, they discovered

the secret way. But waiting for them was the scheming Prock, who would use almost any means to keep them away from his beloved king. Only by skill and determination were the four travelers able to discover the last of the really great Whangdoodles and grant him his heart's desire. Julie Andrews Edwards, star of stage and screen, has written a unique and beloved story that has become a modern classic. The Last of the Really Great Whangdoodles is sure to continue to delight readers everywhere. This edition includes a new foreword by the author.

Give and Take

Why Helping Others Drives Our Success

Penguin

A groundbreaking look at why our interactions with others hold the key to success, from the bestselling author of *Think Again* and *Originals* For generations, we have focused on the individual drivers of success: passion, hard work, talent, and luck. But in today's dramatically reconfigured world, success is increasingly dependent on how we interact with others. In *Give and Take*, Adam Grant, an award-winning researcher and Wharton's highest-rated professor, examines the surprising forces that shape why some people rise to the top of the success ladder while others sink to the bottom. Praised by social scientists, business theorists, and

corporate leaders, *Give and Take* opens up an approach to work, interactions, and productivity that is nothing short of revolutionary.

Misfits *Sourcebooks, Inc.*

A brand new series from Jen Calonita, author of the award-winning *Fairy Tale Reform School* series! "Funny, charming, and rebellious." —James Riley, *New York Times* bestselling author of *The Story Thieves* series and the *Revenge of Magic* series In *Enchantasia*, becoming a legendary prince or princess doesn't happen overnight. Enter *Royal Academy*, the training ground for the fairy tale leaders of tomorrow! But Devin has major reservations about her new school

and her royal future. How can she be a princess and the best creature caretaker Enchantasia has ever seen? It doesn't help that there's something seriously weird about RA's headmistress. Olivina seems obsessed with preparing students for possible attacks from villains ("A royal can't rule when they're stuck in a tower!") Devin gets that being Snow White and Rapunzel's fairy godmother has probably made Olivina pretty paranoid, but anytime someone steps a toe out of line, Olivina becomes more of a fairy nightmare than a fairy godmother. Something isn't right with this lady, and Devin is determined to find out what. But what Devin discovers could change

the fairy tale world forever... Don't miss The Fairy Tale Reform School series: Flunked Charmed Tricked Switched

The School for Good Mothers

A Novel *Simon and Schuster*

An Instant New York Times Bestseller A Read with Jenna Today Show Book Club Pick In this taut and explosive debut novel, one lapse in judgement lands a young mother in a government reform program where custody of her child hangs in the balance. Frida Liu is struggling. She doesn't have a career worthy of her Chinese immigrant parents' sacrifices. She can't persuade her husband, Gust, to give up his wellness-

obsessed younger mistress. Only with Harriet, their cherubic daughter, does Frida finally attain the perfection expected of her. Harriet may be all she has, but she is just enough. Until Frida has a very bad day. The state has its eyes on mothers like Frida. The ones who check their phones, letting their children get injured on the playground; who let their children walk home alone. Because of one moment of poor judgment, a host of government officials will now determine if Frida is a candidate for a Big Brother-like institution that measures the success or failure of a mother's devotion. Faced with the possibility of losing Harriet, Frida must prove that a bad mother can be

redeemed. That she can learn to be good. A searing page-turner that is also a transgressive novel of ideas about the perils of "perfect" upper-middle class parenting; the violence enacted upon women by both the state and, at times, one another; the systems that separate families; and the boundlessness of love, *The School for Good Mothers* introduces, in Frida, an everywoman for the ages. Using dark wit to explore the pains and joys of the deepest ties that bind us, Chan has written a modern literary classic.

Baby Bust

New Choices for Men and Women in Work and Family *University of Pennsylvania Press*
In *Baby Bust*, Stew

Friedman, founding director of The Wharton School's Work/Life Integration Project, draws on unique research to explain why so many young people are not planning to become parents. He offers ideas for what we can do as a society, in our organizations, and for ourselves to make it easier for men and women to choose the lives they want.

How to Decide

Simple Tools for Making Better Choices *Penguin*

Through a blend of compelling exercises, illustrations, and stories, the bestselling author of *Thinking in Bets* will train you to combat your own biases, address your weaknesses, and help

you become a better and more confident decision-maker. What do you do when you're faced with a big decision? If you're like most people, you probably make a pro and con list, spend a lot of time obsessing about decisions that didn't work out, get caught in analysis paralysis, endlessly seek other people's opinions to find just that little bit of extra information that might make you sure, and finally go with your gut. What if there was a better way to make quality decisions so you can think clearly, feel more confident, second-guess yourself less, and ultimately be more decisive and be more productive? Making good decisions doesn't have to be a series of endless

guesswork. Rather, it's a teachable skill that anyone can sharpen. In *How to Decide*, bestselling author Annie Duke and former professional poker player lays out a series of tools anyone can use to make better decisions. You'll learn:

- To identify and dismantle hidden biases.
- To extract the highest quality feedback from those whose advice you seek.
- To more accurately identify the influence of luck in the outcome of your decisions.
- When to decide fast, when to decide slow, and when to decide in advance.
- To make decisions that more effectively help you to realize your goals and live your values.

Through interactive exercises and engaging thought

experiments, this book helps you analyze key decisions you've made in the past and troubleshoot those you're making in the future. Whether you're picking investments, evaluating a job offer, or trying to figure out your romantic life, *How to Decide* is the key to happier outcomes and fewer regrets.

Beasts and Beauty

Dangerous Tales

HarperCollins

You think you know these stories, don't you? You are wrong. You don't know them at all. Twelve tales, twelve dangerous tales of mystery, magic, and rebellious hearts. Each twists like a spindle to reveal truths full of warning and triumph, truths that free hearts long kept tame, truths

that explore life . . . and death. A prince has a surprising awakening . . . A beauty fights like a beast . . . A boy refuses to become prey . . . A path to happiness is lost. . . . then found again. New York Times bestselling author Soman Chainani respins old stories into fresh fairy tales for a new era and creates a world like no other. These stories know you. They understand you. They reflect you. They are tales for our times. So read on, if you dare.

Beating Burnout at Work

Why Teams Hold the Secret to Well-Being and Resilience

University of Pennsylvania Press

A first-of-its-kind,

science-backed toolkit takes a holistic approach to burnout prevention by helping individuals, teams, and leaders build resilience and thrive at work. In *Beating Burnout at Work*, Paula Davis, founder of the Stress & Resilience Institute, provides a new framework to help organizations prevent employee burnout.

The Book of Job *Princeton University Press*

The life and times of this iconic and enduring biblical book. The book of Job raises stark questions about the meaning of innocent suffering and the relationship of the human to the divine, yet it is also one of the Bible's most obscure and paradoxical books. Mark Larrimore

provides a panoramic history of this remarkable book, traversing centuries and traditions to examine how Job's trials and his challenge to God have been used and understood in diverse contexts, from commentary and liturgy to philosophy and art. Larrimore traces Job's reception by figures such as Gregory the Great, William Blake, and Elie Wiesel, and reveals how Job has come to be viewed as the Bible's answer to the problem of evil and the perennial question of why a God who supposedly loves justice permits bad things to happen to good people.
