Distribution Channels Management And Sales

Distribution channels are responsible to create a two-sided connection from the manufacturer to the customer. We usually focus on one direction of that relationship – getting the product from the factory to the customer basket. However, the distribution channel returns profits, products for repair and customer feedback back to the manufacturer.

4 Types of Distribution Channels in Marketing | Cleverism

Distribution channels are the paths that products and services take on their way from the manufacturer or service provider to the end consumer. For instance, a manufacturer of light bulbs may produce the light bulbs, but the distribution channel that takes them from factory to customer is likely to include wholesalers and retailers.
