Death by Video Game

Danger, Pleasure, and Obsession on the Virtual Frontline *Melville House*

"The finest book on video games yet. Simon Parkin thinks like a critic, conjures like a novelist, and writes like an artist at the height of his powers—which, in fact, he is." —Tom Bissell, author of *Extra Lives: Why Video Games Matter* On January 31, 2012, a twenty-three-year-old student was found dead at his keyboard in an internet café while the

video game he had been playing for three days straight continued to flash on the screen in front of him. Trying to reconstruct what had happened that night, investigative journalist Simon Parkin would discover that there have been numerous other incidents of "death by video game." And so begins a journey that takes Parkin around the world in search of answers: What is it about video games that inspires such tremendous acts of endurance and obsession? Why do we so thoroughly lose our sense of time and reality within this medium? How in the world can people play them . . . to death? In *Death by Video Game*, Parkin examines the medical evidence and talks to the experts to determine what may be happening, and introduces us to the players and game developers

at the frontline of virtual extremism: the New York surgeon attempting to break the Donkey Kong world record . . . the Minecraft player three years into an epic journey toward the edge of the game's vast virtual world . . . the German hacker who risked prison to discover the secrets behind *Half-Life 2* . . . Riveting and wildly entertaining, *Death by Video Game* will change the way we think about our virtual playgrounds as it investigates what it is about them that often proves compelling, comforting, and irresistible to the human mind—except for when it's not.

The perpetrator is none other than Captain Ahmed Salehi, an Iranian mastermind whose last terrorism plot was foiled at the last minute by Op-Center. Back in Washington, the White House orders Op-

Center disbanded—or so it seems. Unbeknownst to America's enemies, director Chase Williams has been put in charge of a brand-new, top-secret covert attack team known only as BLACK WASP. Its members, each chosen for their unique set of specialized black-ops skills—martial arts expert Lieutenant Grace Lee, sharpshooter Lance Corporal Jaz Rivette, and JAG attorney and criminologist Major Hamilton Breen—have been assigned to seek out Salehi and finally bring him to justice. But Salehi is part of an even more frightening conspiracy, led by a renegade Iranian tycoon determined to establish a new Islamic State that will dwarf the horrors of ISIS. From the heart of Manhattan, to the swamps of Trinidad, to the sunbaked mud villages of Yemen,

this new Op-Center is America's only line of defense against a bloody Middle Eastern tyrant.
