Clinical Social Work Practice A

Clinical social work is a specialty practice area of social work which focuses on the assessment, diagnosis, treatment, and prevention of mental illness, emotional, and other behavioral disturbances. Individual, group and family therapy are common treatment modalities. Social workers who provide these services are required to be licensed or certified at the clinical level in their state of practice.

Clinical Social Work

“Clinical social work is a mental-health profession whose practitioners, educated in social-work graduate schools and trained under supervision, master a distinctive body of knowledge and skill in order to assess, diagnose, and ameliorate problems, disorders, and conditions that interfere with healthy bio-psychosocial functioning of people—individuals, couples, families, groups—of all ages and backgrounds.”
