The Mackie ProFX22 —
 a 4-bus analog live
 mixer with lots of
 features — is one of
 those products that
 musicians congratulate
 you on after the gig ...
 and especially after
 they hear what it costs
 (\$650 street). During
 my time with it, the
 most descriptive quote
 I've heard from a band
 member surely must
 be “man — that is all
 you need!”

**Review: Mackie
 ProFX Series
 ProFX22 Analog
 Mixer with USB**

The ProFX22 has
 everything needed to
 make your gig sound
 great and all the

necessary channels to rock a large band. There is a 3-band EQ 80Hz, 2. Just stream the output of your performance software into the ProFX Simple, rich choruses and an array of practical delays enable you to create professional mixes without requiring a two-hour sound check.
