Dont Know Much About Anything

Everything You Need to Know but Never Learned About People, Places, Events, and More!

Harper Collins

In his wildly entertaining, winningly irreverent, New York Times bestselling Don't Know Much About® series, author Kenneth C. Davis has amused and edified us with fascinating facts about history, mythology, the Bible, the universe, geography, and the Civil War. Now, the sky's the limit in his latest irresistible installment—a grand tour of knowledge that carries us from the Great Smoky Mountains to the Berlin Wall, from the Salem Witch Trials to Watergate, from Michelangelo to Houdini. Brimming with busted myths, gripping true stories, and peculiar particulars about a plethora of people, places, and events, this captivating compendium is

guaranteed to delight information lovers everywhere as it feeds our insatiable appetite to know everything!

Don't Know Much About Mythology

Everything You Need to Know About the Greatest Stories in Human History but Never Learned

Harper Collins

The latest installment in the New York Times bestselling Don't Know Much About® series -- a magical journey into the timeless world of mythology It has been fifteen years since Kenneth C. Davis first dazzled audiences with his instant classic Don't Know Much About® History, vividly bringing the past to life and proving that Americans don't hate history, they just hate

the dull, textbook version they were fed in school. With humor, wit, and a knack for storytelling, Davis has been bringing readers of all ages up to speed on history, geography, and science ever since. Now, in the classic traditions of Edith Hamilton and Joseph Campbell, he turns his talents to the world of myth. Where do we come from? Why do stars shine and the seasons change? What is evil? Since the beginning of time, people have answered such questions by crafting imaginative stories that have served as religion, science, philosophy, and popular literature. In his irreverent and popular question-and-answer style, Davis introduces and explains the great

myths of the world, as well as the works of literature that have made them famous. In a single volume, he tackles Mesopotamia's Gilgamesh, the first hero in world mythology; Achilles and the Trojan War; Stonehenge and the Druids; Thor, the Nordic god of thunder; Chinese oracle bones; the use of peyote in ancient Native American rites; and the dramatic life and times of the man who would be Buddha. Ever familiar and instructive, Davis shows why the ancient tales of gods and heroes -- from Mount Olympus to Machu Picchu, from ancient Rome to the icy land of the Norse -- continue to speak to us today, in our movies, art, language, and music.

For mythology novices and buffs alike, and for anyone who loves a good story, *Don't Know Much About® Mythology* is a lively and insightful look into the greatest stories ever told.

Don't Know Much About the Civil War

Everything You Need to Know About America's Greatest Conflict but Never Learned *Harper Perennial*

Why did Abraham Lincoln sneak into Washington for his inauguration? Was the Gettysburg Address written on the back of an envelope? Where did the Underground Railroad run? Can you answer these questions? If not, you're not alone! New York Times-best-selling

author Kenneth C. Davis comes to the rescue, deftly sorting out the players, the politics, the key events -- Emancipation and Reconstruction, Shiloh and Gettysburg, Generals Grant and Lee, Harriet Beecher Stowe -- and providing little-known facts that will enthrall even learned Civil War buffs. Vivid, informative, and hugely entertaining, *Don't Know Much About® the Civil War* is the only book you'll ever need on "the war that never ended."

Don't Know Much About American History *Harper Collins*
Presents, in question and answer format, a history of the United States from the exploration of Christopher Columbus to the terrorist attacks

of September 11, 2001. Simultaneous.

Don't Know Much About the Universe

Everything You Need to Know About Outer Space but Never Learned *Harper Collins*

Who dug those canals on Mars? What was the biblical Star of Bethlehem? Were the pyramids built by extraterrestrials? From the ancients who charted the heavens to Star Trek, The X-Files, and Apollo 13, outer space has intrigued people through the ages. Yet most of us look up at the night sky and feel totally in the dark when it comes to the basic facts about the universe. Kenneth C. Davis steps into that void with a lively and readable guide to the

discoveries, theories, and real people who have shed light on the mysteries and wonders of the cosmos. Discover why Einstein was such a genius, the truth behind a blue moon or two, the amazing secrets of Stonehenge, and even how one great astronomer lost his nose. With the fun question-and-answer format that has appealed to the millions of readers of his bestselling Don't Much About® series, you'll be taking off on an exciting armchair exploration of the solar system, the Milky Way, and beyond.

Don't Know Much About the Solar System *Harper Collins*

Nine planets -- More than seventy moons -- And hundreds of stellar

facts about the Solar System! True or False: 1. Venus is the coolest planet in our solar system. 2. Halley's comet returns every seventy-six years. 3. The universe is 15 to 20 billion years old. Blast Off and discover the secrets of outer space! Have you ever wondered why our galaxy is called "the Milky Way," or if you could really catch a shooting star? Here's your chance to find out without ever leaving Earth. Best-selling author Kenneth C. Davis packs fascinating facts and riddles into his signature question-and-answer format. He makes exploring the solar system an out-of-this-world experience!

Don't Know Much About® the American Presidents

Hachette Books

Which president broke the law to prevent enslaved people from being freed? Who said, "When the president does it, that means it's not illegal"? Why does America have a president? From the heated debates among the framers of the Constitution in 1787 over an "elected king," to the creation of the presidency, and on through rich profiles of each man who has held the office, New York Times bestselling author Kenneth C. Davis takes readers on a guided tour of American history. Examining each chief executive, from the low lights to the bright lights, the memorable to the forgettable and the forgotten, Davis tells all the stories, offering rich anecdotes

about real people. He also charts the history of the presidency itself, debunking myths and grading the presidents from A+ to F. For history buffs and history-phobes alike, this entertaining book may change your understanding of the highest office in the land throughout more than two hundred years of history.

Don't Know Much About the Bible**Everything You Need to Know About the Good Book but Never Learned**
Harper Collins

With wit, wisdom, and an extraordinary talent for turning dry, difficult reading into colorful and realistic accounts, the creator of the bestselling Don't Know Much About®, series

now brings the world of the Old and New testaments to life as no one else can in the bestseller *Don't Know Much About® The Bible*. Relying on new research and improved translations, Davis uncovers some amazing questions and contradictions about what the Bible really says. Jericho's walls may have tumbled down because the city lies on a fault line. Moses never parted the Red Sea. There was a Jesus, but he wasn't born on Christmas and he probably wasn't an only child. Davis brings readers up-to-date on findings gleaned from the Dead Sea Scrolls and Gnostic Gospels that prompt serious scholars to ask such serious questions as: Who wrote the Bible? Did Jesus say

everything we were taught he did? Did he say more? By examining the Bible historically, Davis entertains and amazes, provides a much better understanding of the subject, and offers much more fun learning about it.

Don't Know Much About Geography

Everything You Need to Know About the World but Never Learned *Harper Collins*

Who Killed The Dead Sea? Where was the Garden of Eden? What's So Bad About the Badlands? Get on board as Kenneth C. Davis, author of the acclaimed national bestseller *Don't Know Much About® History*, takes us on a fascinating,

breathtaking, and hilarious grand tour of the planet Earth -- opening our eyes and imaginations to a wide, wild, and wonderful world we never knew.

Don't Know Much About Space *Harper Collins*

If Earth is round, why don't people on the other side of the world fall off? (see page 26) Is Mars red because it's embarrassed? (see page 49) If black holes are invisible, how do we know they're there? (see page 86) /h3 Using the popular style that has won millions of readers, best-selling author Kenneth C. Davis blasts off for the stars! With an entertaining question-and-answer format, amusing anecdotes, and fact-filled sidebars, he sets his sights on

the mysteries of space. Humorous illustrations, along with NASA photographs, add fun and excitement to this fascinating and comprehensive book. Davis takes you back to the time when the Babylonians first charted the stars -- over three thousand years ago! You'll uncover amazing facts about the planets and stars, read how people were once convinced that Earth was the center of the universe, and discover how the experience of moonwalking astronauts may someday lead us to become pioneers on other planets. This book is the perfect companion to Don't Know Much About® The Universe -- and all the other books in the New York Times best-

selling Don't Know Much About® series.

Don't Know Much About Martin Luther King Jr. *Harper Collins*

Learn about the life of the great civil rights leader.

The Book of General Ignorance *Crown Archetype*

NEW YORK TIMES BESTSELLER •

Misconceptions, misunderstandings, and flawed facts finally get the heave-ho in this humorous, downright humiliating book of reeducation based on the phenomenal British bestseller. Challenging what most of us assume to be verifiable truths in areas like history, literature, science, nature, and more, The Book of General Ignorance is a

witty “gotcha” compendium of how little we actually know about anything. It’ll have you scratching your head wondering why we even bother to go to school. Think Magellan was the first man to circumnavigate the globe, baseball was invented in America, Henry VIII had six wives, Mount Everest is the tallest mountain? Wrong, wrong, wrong, and wrong again. You’ll be surprised at how much you don’t know! Check out The Book of General Ignorance for more fun entries and complete answers to the following: How long can a chicken live without its head? About two years. What do chameleons do? They don’t change color to match the background. Never have; never will.

Complete myth. Utter fabrication. Total Lie. They change color as a result of different emotional states. How many legs does a centipede have? Not a hundred. How many toes has a two-toed sloth? It's either six or eight. Who was the first American president? Peyton Randolph. What were George Washington's false teeth made from? Mostly hippopotamus. What was James Bond's favorite drink? Not the vodka martini.

You Don't Know Everything, Jilly P!
Scholastic Inc.

Alex Gino, the Lambda Literary Award-winning author of *George*, is back with another sensitive tale based on increasingly relevant social justice issues. Jilly thinks she's figured

out how life works. But when her sister, Emma, is born deaf, she realizes how much she still has to learn. The world is going to treat Jilly, who is white and hearing, differently from Emma, just as it will treat them both differently from their Black cousins. A big fantasy reader, Jilly makes a connection online with another fantasy fan, Derek, who is a Deaf, Black ASL user. She goes to Derek for help with Emma but doesn't always know the best way or time to ask for it. As she and Derek meet in person, have some really fun conversations, and become friends, Jilly makes some mistakes . . . but comes to understand that it's up to her, not Derek to figure out how to do

better next time--especially when she wants to be there for Derek the most. Within a world where kids like Derek and Emma aren't assured the same freedom or safety as kids like Jilly, Jilly is starting to learn all the things she doesn't know--and by doing that, she's also working to discover how to support her family and her friends. With *You Don't Know Everything*, Jilly P!, award-winning author Alex Gino uses their trademark humor, heart, and humanity to show readers how being open to difference can make you a better person, and how being open to change can make you change in the best possible ways.

Don't Know Much

About the Civil War

Everything You Need to Know About America's Greatest Conflict but Never Learned *Harper Collins*

"Highly informative and entertaining...propels the reader light years beyond dull textbooks and *Gone with the Wind*." —San Francisco Chronicle It has been 150 years since the opening salvo of America's War Between the States. New York Times bestselling author Ken Davis tells us everything we never knew about our nation's bloodiest conflict in *Don't Know Much About® the Civil War*—another fascinating and fun installment in his acclaimed series.

**We Don't Know
Ourselves: A
Personal History of
Modern Ireland**

Liveright Publishing

Winner • 2021 An Post Irish Book Award — Nonfiction Book of the Year • from the judges: “The most remarkable Irish nonfiction book I’ve read in the last 10 years”; “[A] book for the ages.” “We Don’t Know Ourselves is a feast: a deeply absorbing chronicle of the ‘known and unknowable,’ and of the profound transformation of a place.” —Patrick Radden Keefe, New York Times best-selling author of *Say Nothing: A True Story of Murder and Memory in Northern Ireland* A celebrated Irish writer’s magisterial, brilliantly insightful chronicle of the

wrenching transformations that dragged his homeland into the modern world. Fintan O’Toole was born in the year the revolution began. It was 1958, and the Irish government—in despair, because all the young people were leaving—opened the country to foreign investment and popular culture. So began a decades-long, ongoing experiment with Irish national identity. In *We Don’t Know Ourselves*, O’Toole, one of the Anglophone world’s most consummate stylists, weaves his own experiences into Irish social, cultural, and economic change, showing how Ireland, in just one lifetime, has gone from a reactionary “backwater” to an

almost totally open society—perhaps the most astonishing national transformation in modern history. Born to a working-class family in the Dublin suburbs, O'Toole served as an altar boy and attended a Christian Brothers school, much as his forebears did. He was enthralled by American Westerns suddenly appearing on Irish television, which were not that far from his own experience, given that Ireland's main export was beef and it was still not unknown for herds of cattle to clatter down Dublin's streets. Yet the Westerns were a sign of what was to come. O'Toole narrates the once unthinkable collapse of the all-powerful Catholic Church, brought down by scandal and by the activism of ordinary Irish, women in particular. He relates the horrific violence of the Troubles in Northern Ireland, which led most Irish to reject violent nationalism. In O'Toole's telling, America became a lodestar, from John F. Kennedy's 1963 visit, when the soon-to-be martyred American president was welcomed as a native son, to the emergence of the Irish technology sector in the late 1990s, driven by American corporations, which set Ireland on the path toward particular disaster during the 2008 financial crisis. A remarkably compassionate yet exacting observer, O'Toole in coruscating prose captures the

peculiar Irish habit of “deliberate unknowing,” which allowed myths of national greatness to persist even as the foundations were crumbling. Forty years in the making, *We Don't Know Ourselves* is a landmark work, a memoir and a national history that ultimately reveals how the two modes are entwined for all of us.

Don't Know Much About World Myths

Harper Collins

Offers a question-and-answer format to introduce young readers to myths and legends from around the world, including stories from the Mediterranean world, the Far East, Africa, Europe, and the Americas.

Don't Know Much About the Presidents

Harper Collins

Which president was also a movie star? What happened five days after the Union won the Civil War? What food did Americans think was poisonous until Thomas Jefferson ate some? Hail to the chief! Here's your chance to learn all about the presidents' important political achievements, their nicknames, hobbies -- even what kind of foods they ate. Best-selling author Kenneth C. Davis packs fun facts and cool quotes into his signature question-and-answer format. Who knows? After you learn so much about the presidents, maybe you will want to run for office someday, too!

Don't Know Much About the 50 States

Harper Collins

Thirteen stripes- Fifty stars- And hundreds of AMAZING facts about the U.S.A.! Can you guess the names of the ten states below? 1. I have the highest waterfalls in North America. 2. Don't Know Much About the Civil War

Everything You Need to Know About America's Greatest Conflict But Never Learned

Turtleback
Explains the causes, politics, and key events of the War between the States, from the introduction of slavery, through Gettysburg, to Reconstruction

More Deadly Than War

The Hidden History

of the Spanish Flu and the First World War *Henry Holt Books For Young Readers*

"A nonfiction account of one of the most deadly outbreaks of disease in human history--the Spanish Flu"--

Think Again

The Power of Knowing What You Don't Know *Penguin*

#1 New York Times Bestseller "THIS. This is the right book for right now. Yes, learning requires focus. But, unlearning and relearning requires much more—it requires choosing courage over comfort. In *Think Again*, Adam Grant weaves together research and storytelling to help us build the intellectual and emotional muscle

we need to stay curious enough about the world to actually change it. I've never felt so hopeful about what I don't know."

—Brené Brown, Ph.D., #1 New York Times bestselling author of *Dare to Lead* The bestselling author of *Give and Take* and *Origami* examines the critical art of rethinking: learning to question your opinions and open other people's minds, which can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, there's another set of cognitive skills that might matter more: the ability to rethink and unlearn. In our daily lives, too many of us favor the

comfort of conviction over the discomfort of doubt. We listen to opinions that make us feel good, instead of ideas that make us think hard. We see disagreement as a threat to our egos, rather than an opportunity to learn. We surround ourselves with people who agree with our conclusions, when we should be gravitating toward those who challenge our thought process. The result is that our beliefs get brittle long before our bones. We think too much like preachers defending our sacred beliefs, prosecutors proving the other side wrong, and politicians campaigning for approval--and too little like scientists searching for truth. Intelligence is no cure,

and it can even be a curse: being good at thinking can make us worse at rethinking. The brighter we are, the blinder to our own limitations we can become.

Organizational psychologist Adam Grant is an expert on opening other people's minds--and our own. As Wharton's top-rated professor and the bestselling author of *Originals* and *Give and Take*, he makes it one of his guiding principles to argue like he's right but listen like he's wrong. With bold ideas and rigorous evidence, he investigates how we can embrace the joy of being wrong, bring nuance to charged conversations, and build schools, workplaces, and communities of lifelong

learners. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, a vaccine whisperer convinces concerned parents to immunize their children, and Adam has coaxed Yankees fans to root for the Red Sox. Think Again reveals that we don't have to believe everything we think or internalize everything we feel. It's an invitation to let go of views that are no longer serving us well and prize mental flexibility over foolish consistency. If knowledge is power, knowing what we don't know is wisdom.

What They Don't Know *Sourcebooks, Inc.*

Three secrets. One decision. A friendship that will change everything. Mellie has always been the reliable friend, the good student, the doting daughter. But when an unspeakable act leads her to withdraw from everyone she loves, she is faced with a life-altering choice—a choice she must face alone. Lise stands up—and speaks out—for what she believes in. And when she notices Mellie acting strangely, she gets caught up in trying to save her...all while trying to protect her own secret. One that might be the key to helping Mellie. Told through Mellie and Lise's journal entries, this powerful, emotional novel chronicles Mellie's

struggle to decide what is right for her and the unbreakable bond formed by the two girls on their journey.

Super Fly

The Unexpected Lives of the World's Most Successful Insects *Penguin*

Winner of the National Outdoor Book Award for Natural History and a New York Times Editors Choice Pick "After reading Super Fly, you will never take a fly for granted again. Thank you, Jonathan Balcombe, for reminding us of the infinite marvels of everyday creatures." —Sy Montgomery, Author of *How to Be a Good Creature From an expert in animal consciousness, a book that will turn the fly on the wall into the*

elephant in the room. For most of us, the only thing we know about flies is that they're annoying, and our usual reaction is to try to kill them. In *Super Fly*, the myth-busting biologist Jonathan Balcombe shows the order Diptera in all of its diversity, illustrating the essential role that flies play in every ecosystem in the world as pollinators, waste-disposers, predators, and food source; and how flies continue to reshape our understanding of evolution. Along the way, he reintroduces us to familiar foes like the fruit fly and mosquito, and gives us the chance to meet their lesser-known cousins like the Petroleum Fly (the only animal in the world that breeds in crude

oil) and the Chocolate Midge (the sole pollinator of the Cacao tree). No matter your outlook on our tiny buzzing neighbors, Super Fly will change the way you look at flies forever. Jonathan Balcombe is the author of four books on animal sentience, including the New York Times bestselling *What A Fish Knows*, which was nominated for the PEN/E.O. Wilson Award for Science Writing. He has worked for years as a researcher and educator with the Humane society to show us the consciousness of other creatures, and here he takes us to the farthest reaches of the animal kingdom.

In the Shadow of Liberty

The Hidden History of Slavery, Four Presidents, and Five Black Lives *Henry Holt and Company (BYR)*

Did you know that many of America's Founding Fathers—who fought for liberty and justice for all—were slave owners? Through the powerful stories of five enslaved people who were “owned” by four of our greatest presidents, this book helps set the record straight about the role slavery played in the founding of America. From Billy Lee, valet to George Washington, to Alfred Jackson, faithful servant of Andrew Jackson, these dramatic narratives explore our country's great tragedy—that a nation “conceived in liberty” was also born in shackles. These

stories help us know the real people who were essential to the birth of this nation but traditionally have been left out of the history books. Their stories are true—and they should be heard. This thoroughly-researched and documented book can be worked into multiple aspects of the common core curriculum.

Understanding Ignorance

The Surprising Impact of What We Don't Know *MIT Press*

An exploration of what we can know about what we don't know: why ignorance is more than simply a lack of knowledge. Ignorance is trending. Politicians boast, "I'm not a scientist." Angry citizens object to a

proposed state motto because it is in Latin, and "This is America, not Mexico or Latin America." Lack of experience, not expertise, becomes a credential. Fake news and repeated falsehoods are accepted and shape firm belief. Ignorance about American government and history is so alarming that the ideal of an informed citizenry now seems quaint. Conspiracy theories and false knowledge thrive. This may be the Information Age, but we do not seem to be well informed. In this book, philosopher Daniel DeNicola explores ignorance—its abundance, its endurance, and its consequences. DeNicola aims to understand ignorance,

which seems at first paradoxical. How can the unknown become known—and still be unknown? But he argues that ignorance is more than a lack or a void, and that it has dynamic and complex interactions with knowledge. Taking a broadly philosophical approach, DeNicola examines many forms of ignorance, using the metaphors of ignorance as place, boundary, limit, and horizon. He treats willful ignorance and describes the culture in which ignorance becomes an ideological stance. He discusses the ethics of ignorance, including the right not to know, considers the supposed virtues of ignorance, and concludes that there are situations in which ignorance is morally

good. Ignorance is neither pure nor simple. It is both an accusation and a defense (“You are ignorant!” “Yes, but I didn’t know!”). Its practical effects range from the inconsequential to the momentous. It is a scourge, but, DeNicola argues daringly, it may also be a refuge, a value, even an accompaniment to virtue.

Don't Know Much About the 50 States

Turtleback Books

Each state boasts a claim to fame. Davis highlights distinctive facts about states through quizzes, fun questions, and riddles. Eye-catching and humorous full-color vignettes illustrate key points about each state.

I Don't Know How the Story Ends

Sourcebooks, Inc.

Our story begins in a dusty little town in California, a bustling place called Hollywood... Isobel Ransom is anxious. Her father is away treating wounded soldiers in France, leaving Izzy to be the responsible one at home. But it's hard to be responsible when your little sister is chasing a fasttalking, movie-obsessed boy all over Hollywood! Ranger is directing his very own moving picture... and wants Izzy and Sylvie to be his stars. Izzy is sure Mother wouldn't approve, but scouting locations, scrounging film, and "borrowing" a camera turn out to be the perfect distractions from Izzy's worries. There's just one

problem: their movie has no ending. And it has to be perfect the kind of ending where the hero saves the day and returns home to his family. Safe and sound. It just has to. The Wild West atmosphere of early Hollywood and the home front of a country at war form a fascinating context to award-winning author J. B. Cheaney's new novel about the power of cinema in helping us make sense of an unexpected world. "I Don't Know How the Story Ends will grab you by your shirt and drop you right into the early days of Hollywood and movie making. Peopled with delightful characters who find that real life is not just like the movies, this is a funny, insightful, and touching

celebration of friendship and family, the imagination, and the power of the movies." Karen Cushman, Newbery Award-winning author of *The Midwife's Apprentice* "This book is a love letter to the art of storytelling, exploring how the creative process becomes something bigger than ourselves. It's a celebration of the way stories help us see our own lives more clearly." — Caroline Starr Rose, author of *Blue Birds* "J. B. Cheaney masterfully combines a family's pathos in wartime, a vivid sense of old Hollywood (including appearances by the era's superstars), PLUS a suspenseful, creative adventure through an entirely new kind of storytelling: MOVING

PICTURES!" Cheryl Harness, acclaimed author of *Mary Walker Wears the Pants* and *The Literary Adventures of Washington Irving*

Fahrenheit 451

A Novel *Simon and Schuster*

A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.

I Don't Know what You Know Me from

My Life as a Co-star *Anchor Books*

The prolific actress best known for her appearances in such productions as the Oscar-winning *The Descendants* presents a collection of comedic essays on topics

ranging from stepmotherhood to midnight shopping trips at the pharmacy. 100,000 first printing.

You Don't Know JS: Scope & Closures
"O'Reilly Media, Inc."

No matter how much experience you have with JavaScript, odds are you don't fully understand the language. This concise yet in-depth guide takes you inside scope and closures, two core concepts you need to know to become a more efficient and effective JavaScript programmer. You'll learn how and why they work, and how an understanding of closures can be a powerful part of your development skillset. Like other books in the "You Don't Know JS" series, Scope and

Closures dives into trickier parts of the language that many JavaScript programmers simply avoid. Armed with this knowledge, you can achieve true JavaScript mastery. Learn about scope, a set of rules to help JavaScript engines locate variables in your code Go deeper into nested scope, a series of containers for variables and functions Explore function- and block-based scope, "hoisting", and the patterns and benefits of scope-based hiding Discover how to use closures for synchronous and asynchronous tasks, including the creation of JavaScript libraries

Talking to Strangers

What We Should Know about the

People We Don't Know *Little, Brown*

Malcolm Gladwell, host of the podcast Revisionist History and author of the #1 New York Times bestseller *Outliers*, offers a powerful examination of our interactions with strangers and why they often go wrong—now with a new afterword by the author. A Best Book of the Year: The Financial Times, Bloomberg, Chicago Tribune, and Detroit Free Press How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true? Talking to Strangers is

a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in

ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller *David and Goliath*, Malcolm Gladwell has written a gripping guidebook for troubled times.

The Way of Integrity

Finding the Path to Your True Self *Penguin*

OPRAH'S BOOK CLUB
PICK A NEW YORK
TIMES BESTSELLER "A roadmap on the journey to truth and authenticity... [The Way of Integrity] is filled with aha moments and practical exercises that can guide us as we seek enlightenment."

—Oprah Winfrey
Bestselling author, life coach, and sociologist Martha Beck explains why

"integrity"—needed now more than ever in these tumultuous times—is the key to a meaningful and joyful life. As Martha Beck says in her book, "Integrity is the cure for psychological suffering. Period." In *The Way of Integrity*, Beck presents a four-stage process that anyone can use to find integrity, and with it, a sense of purpose, emotional healing, and a life free of mental suffering. Much of what plagues us—people pleasing, staying in stale relationships, negative habits—all point to what happens when we are out of touch with what truly makes us feel whole. Inspired by *The Divine Comedy*, Beck uses Dante's classic hero's journey as a framework to break down the

process of attaining personal integrity into small, manageable steps. She shows how to read our internal signals that lead us towards our true path, and to recognize what we actually yearn for versus what our culture sells us. With techniques tested on hundreds of her clients, Beck brings her expertise as a social scientist, life coach and human being to help readers to uncover what integrity looks like in their own lives. She takes us on a spiritual adventure that not only will change the direction of our lives, but also bring us to a place of genuine happiness.

Don't Know Much About Literature

What You Need to

Know but Never Learned About Great Books and Authors

Harper Collins

From Homer to Harry Potter, from Chaucer to Charlotte's Web, a compelling book of quizzes on history's most influential literary works and writers Did a whale named "Mocha Dick" inspire Melville's masterpiece? Who was the first poet to speak at a presidential inauguration? Which French-speaking high school football star shook up the literary world? Do you freeze when someone mentions Faulkner? When the conversation turns to the Odyssey, do you want to take a hike? Have no fear. For years, Kenneth C. Davis's New York Times bestselling Don't Know Much About® books have

enlightened and enthralled us with a winning blend of fascinating facts and wonderfully irreverent fun. Now he sets his sights on our literary IQ in *Don't Know Much About® Literature*. With this rich treasure trove of knowledge and intriguing information about the world's great books and authors, Kenneth Davis and his daughter, Jenny, demystify *Dracula*, capture Kafka, and help you brush up on your Brontë in the inimitable and endlessly entertaining *Don't Know Much About®* style.

What I Don't Know about Death

Reflections on Buddhism and Mortality *Simon and Schuster*

A Buddhist scholar reflects on life, death, and the ways we blind ourselves to the inevitable as he confronts his own mortality. In the winter of 2020 a renowned scholar of Asian religions, lifelong meditator, and novelist accustomed to vigorous health received a terminal diagnosis. By summer his cancer had run its course. In the short time in between, C. W. "Sandy" Huntington faced his own impending death, leading him to reconsider the teachings and practices, as well as philosophy and literature, he had spent a lifetime pursuing. In this, his last book, you'll join Sandy as he traverses the gap between knowledge

and true wisdom. "Sandy Huntington urges his readers to face up to life's fragility as well as its many gifts. Written with elegance and verve, *What I Don't Know about Death* is a deep meditation on what it means both to wake up to and to let go of life. Drawing on his lifelong engagement with Buddhism, Huntington remains a consummate teacher who demands intellectual honesty, humility, and compassion from his readers no less than from himself. This book is an intellectual and spiritual offering to Huntington's students, past and future."—Leora Batnitzky, Ronald O. Perelman Professor of Jewish Studies and professor of religion, Princeton University

"*What I Don't Know about Death* is a deeply personal, intellectually rigorous, and philosophically profound exploration of death, and in particular of Sandy's own death, which he faced with exemplary grace, honesty, and clarity as he wrote this book. This is a gift of remarkable beauty that can open our hearts and minds to this most difficult topic. Read it and weep, with tears of grief, gratitude, and illumination."—Jay L. Garfield, Smith College and the Harvard Divinity School

Ask a Manager

How to Navigate Clueless Colleagues, Lunch-Stealing Bosses, and the Rest of Your Life at Work

Ballantine Books

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when

- coworkers push their work on you—then

- take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party

Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist

(starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole*

Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

You Don’t Know Us Negroes and Other Essays *HarperCollins UK*

‘One of the greatest writers of our time.’ Toni Morrison ‘You Don’t Know Us Negroes adds immeasurably to our understanding of Hurston ... her words make it impossible for readers to consider her anything but one of the intellectual giants of the 20th century.’ *The New York Times Book Review*

Too Much Information

Understanding What You Don't Want to Know *MIT Press*

The bestselling author and recipient of the 2018 Holberg Prize, Cass R. Sunstein, explores how more information can make us happy or miserable, and why we sometimes avoid it--but sometimes seek it out. How much information is too much? Do we need to know how many calories are in the giant vat of popcorn that we bought on our way into the movie theater? Do we want to know if we are genetically predisposed to a certain disease? Can we do anything useful with next week's weather forecast for Paris if we are not in

Paris? In *Too Much Information*, Cass Sunstein examines the effects of information on our lives. Policymakers emphasize "the right to know," but Sunstein takes a different perspective, arguing that the focus should be on human well-being and what information contributes to it. Government should require companies, employers, hospitals, and others to disclose information not because of a general "right to know" but when the information in question would significantly improve people's lives. Sunstein argues that the information on warnings and mandatory labels is often confusing or irrelevant, yielding no benefit. He finds that

people avoid information if they think it will make them sad (and seek information they think will make them happy). Our information avoidance and information seeking is notably heterogeneous—some of us do want to know the popcorn calorie count, others do not. Of course, says Sunstein, we are better off with stop signs, warnings on prescription drugs, and reminders about payment due dates. But sometimes less is more. What we need is more clarity about what information is actually doing or achieving.

I don't know

**In Praise of
Admitting Ignorance**

**(Except When You
Shouldn't)** *Penguin*

A short, concise book in favor of honoring doubt and admitting when the answer is: I don't know. From the acclaimed author of *No Book but the World* and 2019's searing new novel *Strangers and Cousins*. In a tight, enlightening narrative, Leah Hager Cohen explores why, so often, we attempt to hide our ignorance, and why, in so many different areas, we would be better off coming clean. Weaving entertaining, anecdotal reporting with eye-opening research, she considers both the ramifications of and alternatives to this ubiquitous habit in arenas as varied as education, finance, medicine, politics, warfare, trial courts,

and climate change. But it's more than just encouraging readers to confess their ignorance—Cohen proposes that we have much to gain by embracing uncertainty. Three little words can in fact liberate and empower, and increase the possibilities for true communication. So much becomes possible when we honor doubt.

Stuff You Should Know

An Incomplete Compendium of Mostly Interesting Things *Flatiron Books*

From the duo behind the massively successful and award-winning podcast *Stuff You Should Know* comes an unexpected look at things you thought you knew. Josh

Clark and Chuck Bryant started the podcast *Stuff You Should Know* back in 2008 because they were curious—curious about the world around them, curious about what they might have missed in their formal educations, and curious to dig deeper on stuff they thought they understood. As it turns out, they aren't the only curious ones. They've since amassed a rabid fan base, making *Stuff You Should Know* one of the most popular podcasts in the world. Armed with their inquisitive natures and a passion for sharing, they uncover the weird, fascinating, delightful, or unexpected elements of a wide variety of topics. The pair have now taken their near-boundless

"whys" and "hows" from your earbuds to the pages of a book for the first time—featuring a completely new array of subjects that they've long wondered about and wanted to explore. Each chapter is further embellished with snappy visual material to allow for rabbit-hole tangents and digressions—including charts, illustrations, sidebars, and footnotes. Follow along as the two dig into the underlying stories of everything from the origin of Murphy beds, to the history of facial hair, to the psychology of being lost. Have you ever wondered about the world around you, and wished to see the magic in everyday things? Come get curious with *Stuff You Should Know*. With Josh and Chuck as your guide, there's something interesting about everything (...except maybe jackhammers).
