Do I Make Myself Clear?

Why Writing Well Matters *Little, Brown*

*New York Times Bestseller * One of NPR's Best Books of 2017 A wise and entertaining guide to writing English the proper way by one of the greatest newspaper editors of our time. Harry Evans has edited everything from the urgent files of battlefield reporters to the complex thought processes of Henry Kissinger. He's even been knighted for his services to journalism. In DO I MAKE MYSELF CLEAR?, he brings his indispensable insight to us all in his definite guide to writing well. The right words are oxygen to our ideas, but the digital era, with all of its TTYL, LMK, and WTF, has been cutting off that oxygen flow. The compulsion to be precise has vanished from our culture, and in writing of every kind we see a trend towards more--more speed and more information but far less clarity. Evans provides practical examples of how editing and rewriting can make for better communication, even in the digital age. DO I MAKE MYSELF CLEAR? is an essential text, and

one that will provide every writer an editor at his shoulder.

Clothes Really Do Make the Man

My Life as a Fashion Victim *iUniverse*

Written for people who are trying to be what they're wearing but don't have the same taste in clothes that other people would like, Clothes Really Do Make the Man contains more than 2,500 jokes and one-liners that offers readers ways they can fashion their own lives into a stylish ensemble that will make them model citizens to everyone they want to meet or didn't want to, anyway. Willidau has patterned a writing style that sews together all the

designs he's modeled for his life. Ken Willidau's philosophy is that looking it is as good as being it if people don't look past that to see the truth that lies within. Willidau fashions himself in a manner that will leave even the most formally dressed person as a casual giggling mess. And you'll be put in stitches, too. Chapters attempt to design a whole person from the clothes he has chosen to show off as his interpretation of himself for others to determine what it is for them to be seeing. Among them, "Mittens on Strings", "Hand-Me-Down Jeans", "Tie-Dyed T-shirt", "Flood Pants", "Balaclava" and "Thinking Cap" are just part of the complete outfit that make the whole man. The walk down the runway is spent with a patchwork of jokes using wit, dark humour, jokes that will knock your socks off, tongue-in-cheek, jokes needling you gentle reader, plays on words and double entendre humour. Spending your day with Ken will make you look at yourself differently no matter what you think others are seeing for themselves. *Clothes Really Do Make the Man* provides the perfect cover for those days you want to look like someone who, obviously, reads books and not whatever that is you're wrapped up in now that you've made yourself a slave to fashion to just be read like that yourself. Let's wear a book out.

What Is a Disciple and How Do You Make One?

A Manual for Christian Pastors and Leaders *Charisma Media*

In many ways the church has become more adept at adding members than preparing true Christian disciples. Author and evangelist Mark Swiger believes that bringing souls to Christ and then nurturing them to Christ-like maturity requires an approach that is different from the methods often employed today. Many congregations do not have a clear plan in place for seeing every believer grow to fruitfulness and spiritual maturity. Adding to this problem, sometimes pastors struggle with knowing how to equip others for the work of the ministry. Swiger has developed a Spirit-led manual for disciples and those who lead them. Part I of his book is for everyone, since every believer is first and foremost a disciple of Jesus. Part II speaks to the particular needs of pastors and leaders who are charged with discipling others. This interactive, biblically based handbook is designed to help the church rediscover the eternal, disciple-making truths and examples found in the Scriptures. God's Word still has the power

to transform ordinary believers into disciples who can "turn the world upside down."

Mindfulness in the Modern World

How Do I Make Meditation Part of Everyday Life? *Macmillan*

When the mind disappears and thoughts disappear, you become mindful. What is mindfulness? It is awareness. It is perfect awareness. In Mindfulness in the Modern World, Osho helps us explore both the inner and the outer obstacles that prevent us from bringing more awareness to all our daily activities. He emphasizes that while techniques can be useful in pointing the way, in themselves they are not meditation. Rather, meditation - or mindfulness - is ultimately a state of being in which we are capable of both action and stillness, work and play, and able to be fully present to each moment of life as it comes. Osho's insights into the nature of the modern mind, with its tendency to judge and compare, provides a helpful entry point for longtime meditators as well as beginners. Mindfulness in the Modern World

covers a wide range of topics, including five experiential techniques that will help you bring awareness to your everyday life. The Osho Life Essentials series focuses on the most important questions in the life of the individual. Each volume contains timeless and always-contemporary investigations into and discussions of questions vital to our personal search for meaning and purpose, focusing on questions specific to our inner life and quality of existence.

Why Do Onions Make Me Cry?

Answers to Everyday Science Questions You've Always Wanted to Ask *Simon & Schuster*

Discovery Channel host and acclaimed writer Jay Ingram helps you find the answers to questions you've never really settled, like

“What is déjà vu?” “Why do we blink?”, “Why are yawns contagious?” and the perennial “Do we really use only 10% of our brains?” Note that this book is a combined and abridged edition of *The Science of Why* and *The Science of Why2*. Have you ever wondered if people really do weird things during the full moon? How about whether fingernails grow faster than toenails? And do we really dream in color? Jay Ingram is here to put these and many other long-lived scientific uncertainties to rest in this whimsically illustrated guide to the science of everyday life. Combining the wit of *What If?* by Randall Munroe and the accessible science smarts of *ASAP Science*, this new collection features answers to common queries with part sections that address the supernatural, the human body, the animal kingdom, the natural world, and more. It includes fun facts, myth busters and line drawings, all with the end goal of delighting and surprising your inner science geek. Whether these questions have been on your mind constantly, or occasionally resurface like the myth of Loch Ness (Is it real?), whether they're silly (Why does my pee smell like asparagus?) or serious (Why does time speed up as I age?) or just plain frustrating (Why do mosquitoes love me?), Ingram will settle them once and for all.
